**Something in the Air** Marc Fisher,2009-04-02 A sweeping, anecdotal account of the great sounds and voices of radio--and how it became a bonding agent for a generation of American youth When television became the next big thing in broadcast entertainment, everyone figured video would kill the radio star--and radio, period. But radio came roaring back with a whole new concept. The war was over, the baby boom was on, the country was in clover, and a bold new beat was giving the syrupy songs of yesteryear a run for their money. Add transistors, 45 rpm records, and a young man named Elvis to the mix, and the result was the perfect storm that rocked, rolled, and reinvented radio. Visionary entrepreneurs like Todd Storz pioneered the Top 40 concept, which united a generation. But it took trendsetting "disc jockeys" like Alan Freed, Murray the K, Wolfman Jack, Cousin Brucie, and their fast-talking, too-cool-for-school counterparts across the land to turn time, temperature, and the same irresistible hit tunes played again and again into the ubiquitous sound track of the fifties and sixties. The Top 40 sound broke through racial barriers, galvanized coming-of-age kids (and scandalized their perplexed parents), and provided the insistent, inescapable backbeat for times that were a-changin'. Along with rock-

and-roll music came the attitude that would literally change the “voice” of radio forever, via the likes of raconteur Jean Shepherd, who captivated his loyal following of “Night People”; the inimitable Bob Fass, whose groundbreaking Radio Unnameable inaugurated the anything-goes free-form style that would come to define the alternative frontier of FM; and a small-time Top 40 deejay who would ultimately find national fame as a political talk-show host named Rush Limbaugh. From Hunter Hancock, who pushed beyond the limits of 1950s racial segregation with rhythm and blues and hepcat patter, to Howard Stern, who blew through all the limits with a blue streak of outrageous on-air antics; from the heyday of summer songs that united carefree listeners to the latter days of political talk that divides contentious callers; from the haze of classic rock to the latest craze in hip-hop, *Something in the Air* chronicles the extraordinary evolution of the unique and timeless medium that captured our hearts and minds, shook up our souls, tuned in—and turned on—our consciousness, and went from being written off to rewriting the rules of pop culture.

**Fantasy Femmes of Sixties Cinema** Tom Lisanti, 2015-05-20 Elvis Presley musicals, beach romps, biker flicks, and alienated youth movies were some of the most popular types of drive-in films during the sixties. The actresses interviewed for this book (including Celeste Yarnall, Lana Wood, Linda Harrison, Pamela Tiffin, Deanna Lund, Diane McBain, Judy Pace, and Chris Noel) all made their mark in these genres. These fantastic femmes could be found either twisting on the shores of Malibu, careening down the highway on a chopper, being serenaded by Elvis, or taking on the establishment as hip coeds. As cult figures, they contributed greatly to that period of filmmaking aimed at the teenage audience who frequented the drive-ins of America. They frolicked, screamed, and danced their way into B-movie history in such diverse films as *Eve*, *Teenage Millionaire*, *The Girls on the Beach*, *Dr. Goldfoot and the Bikini Machine*, *Three in the Attic*, *Wild in the Streets*, and *Paradise, Hawaiian Style*. This book is a celebration of the actresses' careers. They have for the most part been overlooked in other publications documenting the history of film. *Fantasy Femmes* addresses their film and television careers, focusing on their view of the above genres, their candid comments and anecdotes about their films, the people they worked with, and their feelings in general regarding their lives and the choices they made. The book is well illuminated and contains a complete list of film and television credits.

Anything But Groovy Amanda Lauer, 2021-02-26 Morgan is looking forward to junior high school and all the adventures it holds in store for her. But after a collision on the volleyball court, she wakes up on the first day of school trapped inside her mom's teenage body circa 1974. It doesn't take long for Morgan to discover that living life as a seventh-grader in the '70s and dealing with everything going on in her mom's life back then - from uncool parents, to annoying older brothers, balancing friendships, and ultimately doing what she can to survive bullying at the hands of the school's biggest jock - is anything but groovy.

**My Favorite Records** Daniel Braun, 2019-04-11 There are hundreds of records that I have loved over the course of my life. Some of these records have faded into the depths of my subconscious. Fortunately, most of them have stayed with me year after year remaining fresh in my memory, alive in my heart. I compiled my first "Favorites List" in 1983, and it contained about 600 recordings. Most of the records on the original list are still there today. My current list consists of about 900 recordings. And the list is still growing as I continue to be introduced to more music. You may be familiar with Rolling Stone's 2004 cover story, "The 500 Greatest Songs of All-Time." This is certainly a comprehensive compendium on the subject, so why should I bother writing this book? Because I'm taking a different approach, a personal approach. There's a difference between the "greatest songs" as determined by professional music critics, and someone's "favorite records." I'm not a music critic or a musicologist. I'm just a guy who loves good

music. Nonetheless, I believe my opinions have value because of the strong connection I have with each record. The primary purpose of this book is to draw us together using our favorite music as the catalyst. In the process of getting to know someone, a commonly asked question is: "What kind of music do you like?" His or her answer usually reveals something about their personality. Not only will you learn what my favorite records are, you will learn about me, why I like these songs and how I came to discover them. I'm hoping to create conversations, not only between you and I, but between all American music lovers. Thousands upon thousands of songs have been recorded over the past 60 years. I've been an avid listener for most of my life, but there are still a lot of "hidden treasures" out there I'd love to find. I'm hoping you, by sharing your favorites with me, will help me to find them. I'm also hoping that I will inspire you to listen to some of my favorites. There is a treasure trove of great music out waiting to be enjoyed!

John Barry: A Sixties Theme Eddi Fiegel, 2012-11-29 Arguably the most important popular British composer of the 20th century, John Barry (1933-2011) enjoyed a career that spanned over fifty years, in which time he won five Academy Awards for pictures including *Born Free*, *Out of Africa* and *Dances with Wolves*. His reputation was further gilded by his soundtracks for a dozen James Bond films between 1962 and 1987. Barry's career reflects the evolution of post-war British music from big band to rock and roll and the birth of pop. In the cultural foment of 'Swinging Sixties' London he became an iconic figure and an inspiration to countless musicians. Written with Barry's cooperation and including insights from close friends, Eddi Fiegel's *John Barry: A Sixties Theme* celebrates a life of stunning creativity, recreates an unforgettable era in British culture, and reveals how John Barry came to write his music and why.
