The Common Bean Genome Marcelino Pérez de la Vega,Marta Santalla,Frédéric Marsolais,2017-12-20 This book provides insights into the genetics and the latest advances in genomics research on the common bean, offering a timely overview of topics that are pertinent for future developments in legume genomics. The common bean (*Phaseolus vulgaris* L.) is the most important grain legume crop for food consumption worldwide, as well as a model for legume research, and the availability of the genome sequence has completely changed the paradigm of the ongoing research on the species. Key topics covered include the numerous genetic and genomic resources, available tools, the identified genes and quantitative trait locus (QTL) identified, and there is a particular emphasis on domestication. It is a valuable resource for students and researchers interested in the genetics and genomics of the common bean and legumes in general.

Warhol-isms Andy Warhol,2022-05-10 A unique collection of brilliant quotations from the legendary Pop artist One of the most influential artists of his time and ours, Andy Warhol is nearly as renowned for what he said as for what he did. Indeed, he is so quotable that things he never said are endlessly and plausibly attributed to him, including, fittingly, the most celebrated fake Warhol saying—"In the future, everyone will be world-famous for 15 minutes." Warhol-isms separates legend from fact to present a unique and comprehensive collection of authentic quotations from the Pop artist. Gathered from interviews and other primary sources, these deadpan, droll, ironic, and sincere gems—in which a superficial embrace of superficiality often disguises provocative, unconventional ideas—provide compelling insights into the life and work of an artist who has left an indelible mark on art and popular culture. Select quotations from the book: I think an artist is anybody who does something well.I went to [a psychiatrist] once, and he never called me back.They always say that time changes things, but you actually have to change them yourself.I've never met a person I couldn't call a beauty.New things are always better than old things.I'm still a commercial artist. I was always a commercial artist.

Pornograph Jonathon Chad Wilcke,2003 Body? Or not body? Mine? Or yours? Touch? Or sensual departure? Pornograph is a collection of poetry and prose poems that grabs at the physical alienation that occurs between the act of naming and the physical body. It poetically investigates the technologizing of the North American body, of the body at rest, of the body in palpable motion. This book rubs up against the categories, shuffles the cue cards, slides the body between nouns and adjectives, between verbs and exclamation marks. What defines, surrounds and controls the body? Fashion, medical language, advertising lingo, the language of sexuality? Perhaps. Or perhaps the body breaks loose from the sentence and from the page—from the text itself—inviting the reader to come play, to misbehave, to forget the self, to transform the language itself.

The Masters Curt Sampson,2010-11-10 The Masters golf tournament weaves a hypnotic spell. It is the toughest ticket in sports, with black-market tickets selling for \$10,000 and more. Success at Augusta National breeds legends, while failure can overshadow even the most brilliant of careers. But as Curt Sampson, author of the bestselling *Hogan*, reveals in *The Masters*, a cold heart beats behind the warm antebellum façade of this famous Augusta course. And that heart belongs to the man who killed himself on the grounds two decades ago. Club and tournament founder Clifford Roberts, a New York stockbroker, still seems to run the place from his grave. An elusive and reclusive figure, Roberts pulled the strings that made the Masters the greatest golf tournament in the world. His story—including his relationship with presidents, power brokers, and every golf champion from Bobby Jones to Arnold Palmer to Jack Nicklaus—has never been told. Until now. *The Masters* is an amazing slice of history, taking us inside the presidency of Dwight D. Eisenhower, Augusta's most famous member. It is a look at how the new South coexists with the old South: the relationships between blacks and whites, between Southerners and Northerners, between rich and poor—with such characters as James Brown, the Godfather of Soul; the great boxer Beau Jack; and Frank Stranahan, the playboy golfer and the only white pro ever banned from the tournament. *The Masters* is a spellbinding portrait of a tournament unlike any other.
