Steve Mastroianni

**Practice Less, Play More** Steve Mastroianni, 2019-02 \*\*\* SPECIAL LAUNCH PRICE GOES AWAY MARCH 1ST \*\*\* If you're a Self-Taught Guitarist wanting to play songs without spending all your time practicing, this may be the most important book you ever read... But first a warning: this book is NOT for everyone... This isn't one of those practice until your fingers bleed or cram confusing theory into your mind type of guitar instruction books. There are plenty of those available (i.e. practice scales & exercises for hours per day and feel guilty if you don't). When I first decided to learn to play guitar, I read all the guitar books for beginners and focused on developing a lot of areas like scales, theory, and exercises that promised me one day I'd be able to play the songs I loved. The problem is, when you approach practice like that, you have a lot of stuff to practice, but you usually have no REAL MUSIC to show for it, ending up with what I call Mountain Climber Syndrome. You feel like eventually, your hard work is going to pay off, everything will come together, and you'll finally be able to play songs. Why not play songs right away instead? The simple, three-step system in this book requires a slight shift in the way you think about practicing, but leaves you with lots of songs, confidence, and a lifelong skill you can use any time you want to learn the songs you love ON DEMAND. With that said, let's jump right in... Practice Less, Play More! is about getting immediate results from your guitar. This means ONLY focusing on the things that help you play songs (both

BEFORE practice & AFTER practice). The idea is to divide your guitar practice into 3 phases: The first phase focuses on priming your mind so you have the right mindsets & techniques to learn songs quickly and all of the right materials to get the most out of your practice sessions. The second phase focuses on practice technique, showing you exactly how to break a song down and quickly program each part into your fingers. Far too few guitar practice books explain this clearly! The final phase focuses on the best mindsets & techniques to use when you switch out of Practice Mode and are actually playing songs, so you can play them as effortlessly as possible and have a blast doing it. It is called Practice Less, Play More!, because you are constantly building momentum (and your song Playlist) without having to endure hours of mind-numbing practice. It is actually an easier, less-stressful approach to playing guitar. Not only that, this book shows you: How to get songs to performance-quality within days... You should practice guitar parts over & over until you master them, right? WRONG! (find out why in Chp 7) How to create a practice routine you enjoy and can actually stick to (even if you have a super busy schedule) When is the best time to practice for long-lasting results 5 ways to cut your practice time in half and virtually guarantee you make progress each time you pick up your guitar What to think about while you're playing songs (the answer may surprise you) How to reduce the amount of mistakes you make and exactly what to do when you make one (most Beginners are doing the opposite!) One practice method you should NEVER

use if you want rapid results on guitar Say goodbye to guessing what to practice next and finally build a Playlist of songs you're proud to play on guitar! The book is an easy read and will feel like we're just chatting, as I tell you my best stories from on & off tour and show you my best strategies for learning songs. Order Now Before The Price Increases \*\*\*All proceeds from this book are being used to create new programs for cancer patients and their caregivers. Thank you for your support!

**Guitar Practice Made Easy** Robert Joseph Stofle, 2008 Once upon a life is a book of life experiences. The book dates back to early memories of the author's family, and events that happen during different periods of time. Some of these events are brought back to life when the author, Gary Prestipino, travels back in time and experiences them firsthand. In some of these journeys, he actually interacts with his family members; for instance, when he meets his parents and grandparents when they were younger. You will learn a lot about the author's life growing up in Brooklyn, New York and about his family, especially his father and grandfather. The stories are lighthearted and filled with love, joy, and respect. The book was inspired by the death of the author's father, a great man respected and loved among family and friends, and the significant role he played in his life.

*Your First 10 Acoustic Guitar Lessons* Chrsitian J. Triola, Become the guitar player you've dreamed of with *Your First 10 Acoustic Guitar Lessons*! This revolutionary method brings you the equivalent of 10 weeks of private lessons in one convenient book. Whether you're a total beginner or have tried other methods and feel like you are getting nowhere, this book is the guide you need to go from dreaming about playing guitar to actually playing it! Created by a seasoned guitar teacher to address the needs real students have when learning guitar, *Your First 10 Acoustic Guitar Lessons* is designed for your success. Each week you'll be introduced to the same material you would cover in professional private guitar lessons. You'll learn step-by-step, gaining essential knowledge and skills so you can start playing tunes right

away. But the real secret is the piece we've included that you won't even get in most private lessons: a daily practice guide. With it, we'll coach you each day on how to warm-up, how to review what you've learned, and we'll give you new material to play. Each day you will see and hear yourself making real progress. You'll be proud of the change you'll see in as little as just 10 weeks! With this book, you'll be: - Strumming the most common chords in various strum patterns - Playing melodies and songs - Reading tablature, notes, and chord diagrams - Practicing proper technique and developing lifelong practice habits It's the perfect beginner method book for adult beginners and students aged 12 and up who want to learn at their own pace or alongside an instructor. So what are you waiting for? Get your copy now and let's start playing!

*Guitar for Beginners* Guitar Head, 2019-07-16 It Took Me 3 Months to Play My First Song - But You'll Be Doing That in Less Than A Week. It wasn't because I was slow or bad at guitar. Neither was it because I practiced less. I was simply misguided - like every other person to ever pick up the guitar! I took the traditional method of learning where you learn all the chords and all the theory behind it before you get to the fun part. This also involves months of practice and learning boring theory. This book is here to end that - to simplify things - to make things so simple that you'll be playing your first melody on day 1 and your first song within 7 days. How can this book do that? You would have heard people say - You need to learn theory to be a real

guitarist Well..... Wrong! Not everyone needs to know theory - why do you need to learn all the boring theory if it's of no use to you? Why is this forced upon all guitarists? This book cuts out all the cr\*p and gives you a streamlined process of mastering guitar. Even if you failed every exam at school and you have never picked up a single instrument in your life, you will be able to become a proficient guitar player without years and years of expensive guitar lessons. With the right strategy, you will get addicted to your guitar and the songs you are able to play. How long will I have to practice? Now, I know you have other commitments in life and cannot spend 25 hours a day practicing guitar. No one wants to do that. This book has been designed with exactly that in mind. It will give you goals for each of your 7 days with step by step instructions on what to play each day. You won't have to worry if you're practicing too less or too much - the book will tell you what you need to be accomplishing each day. Commit a few hours a day for 7 days and you'll make your friends and family jealous when you pull your guitar out. It doesn't matter if you just enter primary school or you are about to retire. This calculation applies to all 6.8 billion people between 6 and 80 years of age in this world. In Guitar for Beginners, you'll discover: A practical day-by-day guide to own yourself and your guitar in less than 7 days How you be your guitar teacher and progress into the league of the big players The chords that will allow you to play your favorite songs A beyond beginners' guide to prepare you for your musical journey Free audio tracks to

help you with the charts Real photos to make sure you are not making any mistakes as you go And much more. Many people buy a guitar and just look up their favorite songs on Youtube tutorials. Unfortunately, one of the most frustrating things about learning to play guitar is ironing out old mistakes. Don't skip the basics and pick up bad habits that will become almost impossible to break later. If you want to throw out your air guitar and impress everyone with your guitar skills, then scroll up and click the Add to Cart button right now.
