**Five Kids and One Gun** Bryan Stevenson, 2012-07-25 In this book I have taken true life events that have actually occurred in my lifetime. My inspiration was about a real life game of Russian roulette. The last soul survivor of five young teenage boys was the one who told me his story. They did not all die from the actual playing of the game, but it did cause the boys a deep depression that took their lives, one by one. However, they did not all die the way my book describes. In fact, one of the boys deaths was context I used from a real incident that took place when I was growing up. He was my friend. This boy was being bullied by six other teenage boys. After beating him up and ramming his head through a plate glass window of the local paramount theater, he decided to end it all and jump in front of a train. Bullying is a serious matter that can effect young minds in ways that are so horrible, you might not find out what is really going on with them, until it is too late. May Tommy rest in peace. But I could not end this book here. I believe that when something bad happens, there are always good things to fall in its place. So I threw a few twists into my writings. There is a forest on the outskirts of my home town that was declared the historical cottonwoods, in which I use as the setting for this book. Wandering through the forest one day, I discovered a rather large naturally hollowed out cottonwood tree. This is where one lucky boys adventures begin. The boys built a real working elevator inside the tree that would lead to the bottom of a two story tree house they also constructed. But it does not end there. A magical book of secrets reveals itself. In this book it tells the story about an underground city as it really happens. Inside the hollow of the tree and approximately ten feet below the surface, an underground elevator is activated, once the owner of the book comes forward. This will lead to a hallway full of doors, each leading to mystical places beyond your wildest dreams. At the end of the first hallway is a rather large room where all hallways begin. A hidden ceiling door slides open with a thunderous ear deafening screech. It is the glass bottom of the Fraser river, in which you are able to view underwater creatures in their natural habitat. Down one of the hallways there is a door to an ancient library that tells the history of the underground. It is referred to as the spell room. There is also another door that leads to the four seasons. A big wooden door separates the hallways full of doors from an underground city called the Packs. Inside this city is a rather unique arena where there is a hockey game like you have never seen before.

I Hope They Serve Beer In Hell Tucker Max, 2012-03-01 The "highly entertaining and thoroughly reprehensible" #1 New York Times bestseller—now with sixteen pages of photos and a new introduction (The New York Times). My name is Tucker Max, and I am an asshole. I get excessively drunk at inappropriate times, disregard social norms, indulge every whim, ignore the consequences of my actions, mock idiots and posers, sleep with more women than is safe or reasonable, and just generally act like a raging dickhead. But, I do contribute to humanity in one very important way: I share my adventures with the world. --from the Introduction Actual reader feedback: I find it truly appalling that there are people in the world like you. You are a disgusting, vile, repulsive, repugnant, foul creature. Because of you, I don't believe in God anymore. No just God would allow someone like you

to exist. I'll stay with God as my lord, but you are my savior. I just finished reading your brilliant stories, and I laughed so hard I almost vomited. I want to bring that kind of joy to people. You're an artist of the highest order and a true humanitarian to boot. I'm in both shock and awe at how much I want to be you.

**Ballad of the Whiskey Robber** Julian Rubinstein,2013-02-28 What do you get when you add together a bottle of whiskey, a bad gambler, a flea-market wig, a plastic gun and a Hungarian bank? \$5,900. And what do you get twenty-nine of these robberies later? The legend of the Whiskey Robber. When the Eastern bloc thawed, some extraordinary stories were revealed. But none is as entertaining as this. Attila Ambrus escaped late-eighties Romania for Hungary - but soon found that living on his wits wasn't getting him very far. Becoming goalie for a third-division ice hockey team brought no fortune and little glory, and his procession of moneymaking ruses fared little better - until he discovered robbery. With a supporting cast of car-wash owners, exotic dancers, drunk army generals and cocaine-snorting Hungarian rappers, Julian Rubinstein's tale is a spectacular debut, immortalizing the most charming outlaw since the Sundance Kid.

**Before the Stars** Roger A. Godin,2005 A history of hockey's early roots in Minnesota and of the state's greatest team in the first half of the twentieth century--the St. Paul Athletic Club hockey team.
