Duane Thomas

*The Truth About Gun Control* David Kopel,2013-04-16 Who is sovereign in the United States? Is it the people themselves, or is it an elite determined to rule citizens who are seen as incapable of making choices about their own lives? This is the central question in the American gun-control debate. In this Broadside, David Kopel explains why the right to keep and bear arms has always been central to the American identity ? and why Americans have always resisted gun control. The American Revolution was sparked by British attempts to confiscate guns. After the Civil War, the U.S. changed the Constitution to defeat the nation's first gun-control organization, the Ku Klux Klan. When Hitler and Stalin demonstrated how gun registration paves the way for gun confiscation, which paves the way for genocide, Americans resolved to make sure it never happens here. Gun control is not an issue of left vs. right or urban vs. rural. The right to bear arms is crucial to prevent large-scale tyranny by criminal governments and small-scale tyranny by ordinary criminals ? and to protect our Constitution.

**Gun Truth** Ed Gorman,Edward Gorman,2004 The small western town of Claybank erupts with murders, arsons, and kidnappings in the space of days. Deputy Tom Prine must find out why before he becomes the next victim. Original.

**Shooting Straight** Wayne Lapierre,James Jay Baker,2002-07-25 If the Second Amendment--your right to own a gun--collapses, so does the entire Bill of Rights. And there are powerful, organized political forces that want to take away your gun rights and shove the Second Amendment into the ashcan of history. This is the message of LaPierre and Baker, both officers of the National Rifle Association. Here, the authors break down the agenda of the antigun lobby point by point and provide a strategy for defeating the enemies of your gun rights. Freedom and security are not an either-or proposition--they go together. In America, they always have, with citizens taking responsibility for themselves. That's the spirit that has made the NRA the number one champion of freedom for gun owners and all Americans.--From publisher description.

**The Truth About Firearms and Concealed Carry** Daniel R. Engel DE,2014-04-29 Due to so much misinformation throughout America regarding firearms, I got tired of seeing innocent people die each and every day at the hands of criminals. Ive come to take this poor information and loss of innocent lives in this great country very personally, and I decided to put together a book that very thoroughly explains the way firearms and ammunition work and why they do what they do. With extensive information, I hope to further your knowledge and teach you many things to help save your life one day. This book is intended for those with absolutely no experience in firearms and also for those professionals who carry a gun every day for a living. It covers certain specific information to help every household in America to become familiar with firearms, including the most commonly owned firearms, so that nobody will be left owning a gun they cannot or should not use, and prevent as many injuries as possible. Also, it assures that you will learn considerable information and be much more prepared to maintain your life in addition to maintaining FREE America.

The Truth About Guns GLENN. ROGERS,2020-10-12 Guns. Should the people of a civilized society have guns? Why, exactly, do Americans need guns? Should they have some kinds of guns but not other kinds? What is a semiautomatic pistol or rifle? How do they work? What is the difference between a gun that is semiautomatic and one that isn't? Are semiautomatic guns weapons of war? What does the second amendment say? What does it mean? Should it be repealed? What is the truth about gun violence in America? Is the media being honest with us about gun violence? Do we have gun control? Do we need more? Is the ultimate aim of gun control the elimination of all guns from society? Historically, what has happened in other societies when they allowed their guns to be registered and then confiscated? Should people be allowed to carry guns? Do we currently have adequate background checks? Are universal background checks a good idea? What are red flags laws? Can they be abused? Are they constitutional? Dr. Glenn Rogers answers all these questions and more in this easy-to-read, brief, but thorough study of guns, the second amendment, gun violence, and gun control.

Gun Truth(LP). Edward Gorman,2004

Control Kevin Balfe,Hannah Beck,2013-04-30 A controversial TV and radio host presents a passionate case for guns, arguing that gun control isn't really about controlling guns at all; it's about controlling the people. Original.

The Seven Myths of Gun Control Richard Poe,2001 According to a recent report by the Media Research Center, television news stories calling for stricter gun laws outnumbered newscasts opposing such laws by a ratio of 10 to 1. In other words, we are hearing only one side of the story. No wonder so few people are equipped to debate the issue of guns intelligently.The 7 Myths of Gun Control is a readable, easy-to-use guide for people confused and frustrated by the blizzard of anti-gun propaganda. It details the seven most common arguments used by gun prohibitionists, debunking each one with a wealth of statistical and legal data gleaned from top experts in the field of guns and gun rights. Award-winning journalist and bestselling author Richard Poe distills the pro-gun arguments into readable, bite-sized chunks designed to appeal to a mass audience. The seven myths that Poe exposes are (1) guns increase violent crime, (2) pulling a gun on a criminal endangers you more than the criminal, (3) guns pose a special threat to children, (4) the Second Amendment applies only to militiamen, (5) the Second Amendment is an obsolete relic of the frontier era, (6) we should treat guns the same w

Gun Facts Guy Smith,2015-10-02 Gun Facts debunks common myths about gun control. It is intended as a reference guide for journalists, activists, politicians, and other people interested in restoring honesty to the debate about guns, crime, and the 2nd Amendment. Divided into chapters based on gun control topics (assault weapons, ballistic finger printing, firearm availability, etc.), finding information is quick and easy. Each chapter lists common gun control myths, then lists a number of documented and cited facts (with nearly 500 detailed footnotes). Thus when a neighbor, editor or politician repeats some sound bite about firearm control policy, you can quickly find that myth then rebuke with real information.

*Guns in America* Donald J. Campbell,2021-08-09 This work provides readers with an authoritative resource for understanding the true extent and nature of gun violence in America, examining the veracity of claims and counterclaims about mass shootings, gun laws, and public attitudes about gun control. This work is part of a series that uses evidence-based documentation to examine the veracity of claims and beliefs about high-profile issues in American culture and politics. Each book in the Contemporary Debates series is intended to puncture rather than perpetuate myths that diminish our understanding of important policies and positions; to provide needed context for misleading statements and claims; and to confirm the factual accuracy of other assertions. This particular volume examines beliefs, claims, and myths about gun violence, gun laws, and gun rights in the United States. Issues covered in the book include trends in firearm violence, mass shootings, the impact of gun ownership on rates and types of crime, regulations and Supreme Court decisions regarding gun control and the Second Amendment, and the activities and influence of organizations ranging from the National Rifle Association to Everytown for Gun Safety. All of these topics are examined in individualized entries, with objective responses grounded in up-to-date evidence.

**Gun Facts and Myths** Second Amendment Foundation,2019-12-16 The debate about gun control is riddled with statistics that are constantly used to push an anti-civil rights agenda. The problem is most of them are just not true.

This book is a guide to help find you the truth about statistics and spread awareness to promote the expansion of gun rights and the culture of firearms ownership--Introduction.

**The Great American Gun Control Debate (Not!)** Michael E. Wuest,2010-03 In 'THE GREAT AMERICAN GUN CONTROL DEBATE (Not!)', Mr. Wuest puts gun control under the microscope. He ferrets out the truth, separating fact from fiction. He presents not a balanced picture, but scientific objectivity. What is important is not popular opinion, or conventional wisdom, but the TRUTH. What works and what doesn't? What have we already done, and what should we do or do not? We have had some gun control for as much as a hundred years. Has it done any good? Has it worked to prevent crime? Has gun control become a free ride? Or does it cost us dearly? An engineer by profession, Mr. Wuest examines this and more using rigorous testing. Frustrated by the lack of honest debate regarding gun control, Mr. Wuest provides both sides of the arguments. The gun control side is well known; no end of print and air time have been devoted to supporting it. What is the other side, the one we never hear? Is there a downside to gun control? Find out the answers to these and other questions in THE GREAT AMERICAN GUN CONTROL DEBATE (Not!): . Mr. Wuest provides a breath of fresh air to a stale debate. We have been stuck in a gun control rut for so long that it is questionable if the truth will prevail? Let us all hope so!

The Truth about Handguns Duane Thomas,1997 Every gun enthusiast will enjoy reading this lively look at the myths about the Colt .45; the hype surrounding handgun stopping power; the truth about Alvin York's incredible World War I firefight; the answers to the questions Are revolvers dead? and How good is the .40 Smith & Wesson cartridge?; and much more.

The Truth Behind Gun Control Ben Baker,2018-04-19 A comprehensive look at the gun control debate with plenty of qualified references. Using logic, rational thought and poorly enforced existing laws, Ben Baker cuts down the gun control argument.

**American Carnage** Thomas Gabor,Fred Guttenberg,2023-05-02 Shooting Down Gun Violence Misinformation Don't tell me there's no such thing as gun violence. It happened in Parkland. —Fred Guttenberg #1 Best Seller in School Safety, Education Policy, and Law Enforcement Politics Fred Guttenberg, who lost his beloved daughter Jaime in the 2018 Parkland school shooting, and International gun policy consultant Thomas Gabor team up in American Carnage to dismantle some of the most common myths about guns and gun violence. A national disgrace. In America, over 40,000 die each year as a result of gun violence. Relative to other advanced countries, the U.S. has a dismal gun violence record. Gun law reforms could reduce the number of gun deaths, but many political challenges stand in the way. A widespread multi-year misinformation assault on truth by the gun lobby and gun-extremists sows doubt about the dangers of pervasive gun ownership, gun carrying, and potential effectiveness of gun laws. Debunking popular gun myths. Countering with strong evidence-based research the many slogans and myths repeated incessantly by spokespersons for the gun lobby and its surrogates is essential if we are to have a society where kids can attend school safely and people can work and enjoy life without fear of being shot. Over the last 30 years, the NRA's campaign to achieve an armed society has succeeded in persuading many Americans that having a gun in the home or carrying a gun makes them safer. The evidence is overwhelming this is not the case. Guns in the home are far more likely to be used against a family member or in a suicide attempt than against an intruder. Tackling this and other myths is critical. Myths and slogans exposed as false in American Carnage include: Gun owners frequently use firearms to fend off attackers An armed society is a safer society Guns don't kill people, people kill people If you have read Trigger Points, The Violence Project, Warning Signs, or Fred Guttenberg's Find the Helpers, American Carnage is a must read.

**A People Armed and Free** Reynolds J. D. Jack,Jack Reynolds,2003 This is the story, as told by a NYC elementary school teacher, of the thirty years he taught in public schools. It tells of the joy, heartache and frustration that teachers deal with on a day-to-day, year-to-year basis. You will laugh at the responses that children make, the insight they sometimes possess and the gentle hearts they still have at their age. You will also read of the frustrations experienced by teachers as they deal with the bureaucracy and politics of people who have no idea of what goes on in a classroom and many times make decisions that are unrealistic. It may also reveal to parents what REALLY goes on in a classroom!

*The Truth About Gun Control* David B Kopel,2013-04-16 Who is sovereign in the United States? Is it the people themselves, or is it an elite determined to rule citizens who are seen as incapable of making choices about their own lives? This is the central question in the American gun-control debate. In this Broadside, David Kopel explains why the right to keep and bear arms has always been central to the American identity – and why Americans have always resisted gun control. The American Revolution was sparked by British attempts to confiscate guns. After the Civil War, the U.S. changed the Constitution to defeat the nation's first gun-control organization, the Ku Klux Klan. When Hitler and Stalin demonstrated how gun registration paves the way for gun confiscation, which paves the way for genocide, Americans resolved to make sure it never happens here. Gun control is not an issue of left vs. right or urban vs. rural. The right to bear arms is crucial to prevent large-scale tyranny by criminal governments and small-scale tyranny by ordinary criminals – and to protect our Constitution.

**The Unarmed Truth** John Dodson,2013-12-03 A hard-hitting inside account of the Fast and Furious scandal—the government-sponsored program intended to “win the drug war” by providing and tracking gun sales across the border to Mexico—from whistle-blower and ATF agent John Dodson. After the terror attacks of September 11, 2001, John Dodson pulled bodies out of the wreckage at the Pentagon. In 2007, following the shooting massacre at Virginia Tech, John Dodson walked through the classrooms, heartbroken, to cover up the bodies of the victims. Then came Arizona. The American border. Ten days before Christmas, 2010, ATF agent John Dodson awoke to the news he had dreaded every day as a member of the elite team called the Group VII Strike Force: a U.S. border patrol agent named Brian Terry had been shot dead by bandits armed with guns that had been supplied to them by ATF. Was this an inevitable consequence of the Obama administration's Project Gunrunner, set in place one year earlier ostensibly to track Mexican drug cartels? Brian Terry's murder would not only change John Dodson's life forever; it would reveal a scandal so unthinkable unpatriotic that it forced President Barack Obama to claim executive privilege and caused Attorney General Eric Holder to be held in contempt of Congress. Federal Agent John Dodson, an ex-military man, took an oath to defend the world's greatest country, and proudly considered himself a walking patriotic example of the American Dream. Brian Terry, ex-military like Dodson, was only forty years old, a family man who served his country by working for the government. Dodson was terrified when the next phone call came, one with the potential to destroy his career, his family, and his life. CBS investigative journalist Sharyl Attkisson asked Dodson to go public with what he knew about Fast and Furious. To Agent Dodson, this meant blowing the whistle. But to the family of Agent Terry, it was a chance to save lives and right a wrong. As he took a fight from the border towns of Arizona to a showdown in the halls of Congress, John Dodson clung to the hope that truth would prevail, that he would be redeemed, and that Brian Terry's death would not be in vain. Like whistle-blowers before him, John would not be welcome back on the job. But he found strength in his conscience, in the support of the American public, and in Senators Darryl Issa and Chuck Grassley. When his first-amendment rights to publicly tell his story were threatened, the ACLU took up his case. For her report revealing John Dodson as the key whistle-blower in Fast and Furious, Sharyl Attkisson received an Emmy Award for Outstanding Investigative Journalism. Ultimately, John Dodson was cleared by the Inspector General's office, publicly heralded as a hero, and returned to Arizona. Perhaps a lesson gleaned from John Dodson's powerful account is well stated by former Speaker of the House of

Representatives Sam Rayburn: “If you always tell the truth, you don’t have to remember what you said.”

**Quotes of a Gun God - Jeff Cooper's Concised Lessons** Sreechinth C, Professionally Jeff Cooper is not a shooter but his findings are considered as reference by the leading shooters. It was his research that led to the modern technique of using pistol. His Principles of Personal defense is the best study of the guiding principles of survival. There is no doubt that he is one of the true pioneers of weapon craft in the United States. Cooper’s principles apply regardless of what means of self defense you’re studying. His perspectives have become the foundation of all modern defense instruction, books, magazine, articles and firearm schools. As the founder of Gunsite he continued to educate others about the modern technique of firearms. In this book, ‘Quotes of a Gun God - Jeff Cooper's Concised Lessons’, we have made an effort to include some of his powerful quotes along with his brief life story.

*Gun Control Myths* John Lott,2020-07-03 Lott blows away one false myth about gun ownership after another. As Andrew Pollack's Foreward notes; Learn the actual facts that debunk them. From myths about mass public shootings to suicides to gun ownership rates and crime to gun free zones, Lott addresses the claims you frequently hear in the media and explains what is wrong with those claims. John Lott has been giving us the facts about guns for decades. Finally clear to all that one party in America has an anti-Second Amendment platform and wants to disarm you. Now you need to arm yourself with the Truth. Buy and read Gun Control Myths today. Before it's too late. Sebastian Gorka Ph.D.,host of AMERICAN First, former Strategist to President Trump John Lott shows that the media and many politicians are biased against guns. For example, many stories are written in the media about shooters, but very few about defensive uses of guns. Similarly, he shows that some gun control policies are actually counterproductive. Shooters seek out gun-free zones. If we banned assault weapons, shooters might shift to larger hunting guns. The book is copiously footnoted. It is full of statistical and graphical analysis, so that his points are easily grasped and persuasive. Anyone who advocates gun control and does not seriously consider John's work is negligent. Any journalist who does not at least consider John's work is committing journalistic malpractice. Paul H. Rubin, Dobbs Professor of Economics Emeritus, Emory University We have John Lott to thank for once again providing factual and empirical based research to counter the anti gun movement's well funded and organized campaign based on nothing more than slogans, myths and propaganda designed to demonize supporters of our cherished Second Amendment right to keep and bear arms. David Clarke Sheriff(RET) Milwaukee County John Lott is the go-to expert when it comes to protecting the second amendment. Without the second amendment Americans could be stripped of our right to arm ourselves against aggressors. Arm yourselves with knowledge by reading Gun Control Myths and join me in protecting the Second Amendment. Eric Bolling Host AMERICA This Week Sinclair Broadcast

Whispering the Secrets of Language: An Mental Quest through **Gun Truth**

In a digitally-driven world wherever screens reign supreme and instant conversation drowns out the subtleties of language, the profound strategies and mental nuances hidden within words usually get unheard. Yet, located within the pages of **Gun Truth** a captivating literary treasure pulsing with organic thoughts, lies an extraordinary journey waiting to be undertaken. Written by an experienced wordsmith, that enchanting opus attracts visitors on an introspective journey, gently unraveling the veiled truths and profound influence resonating within the very cloth of every word. Within the emotional depths of the emotional review, we will embark upon a honest exploration of the book is primary subjects, dissect their interesting writing fashion, and fail to the effective resonance it evokes serious within the recesses of readers hearts.

Gun Truth Introduction

In the digital age, access to information has become easier than ever before. The ability to download Gun Truth has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Gun Truth has opened up a world of possibilities. Downloading Gun Truth provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Gun Truth has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Gun Truth. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Gun Truth. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Gun Truth, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Gun Truth has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become

a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Gun Truth Books

**What is a Gun Truth PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Gun Truth PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Gun Truth PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Gun Truth PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Gun Truth PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
