Mark Cusco Ailes

**Zombology** Brian Anse Patrick, 2014 In films, television, books, games, pornography, and now even in firearms and ammunition being sold to the American public, zombies are one of the mainstays of the popular culture of our time. Far from being only a passing curiosity, Brian Patrick dissects the zombie, showing it as the articulation of deep-seated fears within the Western psyche, a symbol in fact for the growing dehumanization that many of us observe, or perhaps sense without fully realizing it, in modern civilization. Patrick connects the zombie phenomenon to previous historical occurrences, drawing on both religion and psychology to show how such symbolic tropes that lodge in the collective unconscious of a culture are reflective of the psychological needs of large numbers of people in times of crisis. Patrick likewise shows how zombiedom has manifested particularly in American gun culture, and how this relates to the growth of a large-scale citizens' activist movement in favor of gun rights. Also included are practical tips on how to stay out of the clutches of zombiedom. Zombology is more than just a book about zombies, however. The zombie, for Patrick, is a peculiarly Western phenomenon, and as such, he examines how it can be seen as a manifestation of not-so-abstract forces battling for the future of our civilization: will collectivization or the individual, dream or reality win out? Patrick offers his own diagnosis. At the very least the zombie adds some much-needed psychic contrast to the cold, to the grey and to the unending. It also provides a face, albeit necrotic, to the seemingly impersonal sociological forces that undermine the West; for in a near-perfect correspondence with the zombie, the West itself appears to be necrotic in a galloping way. Both need brains to ease the pain.-p. 48

**Undead War: Tales of the Zombie Apocalypse** Dead Guns Press, 2015-12-08 The Undead War means a battle of survival for the remaining pockets of humanity. It's the only thing that matters these days. Survive and win at all cost. The old ways of life mean nothing anymore. Those God-forsaken 9-to-5 jobs, the bills, the corporate empires, politicians bickering over stupid crap, all those laws on the books and everything that meant anything were swept aside. That includes those nice big screens televisions, computers, jewelry, gold, those fancy cars and the money that everyone slaved their asses off to get - it don't mean a damn thing anymore. When those things came back to life, the governments said they were going to eradicate the undead, the zombies, zekes, ferals, walkers or whatever those damned things are being called these days, but instead the governments the world over just collapsed. There's nothing left of the old ways of life just the surviving and dying.

**Killing Zombies for Fun & Profit** Leethal, 2016-09-27 A warped little journey of sarcasm, economics, & profitable zombie hunting. While the eradication of Zombies may not be a realistic way to make a living (yet), certain sociological tidbits contained in the book may offer insight to the future of our economical status. Our world seems to be collapsing around us more each day, and while Zombies may be a metaphor for our impending doom, it really pays to be prepared for a worst case scenario. I tell my friends, I'm not paranoid. I prepare for the worst, and pray for the best.

**The Zombie Hunter's Combat Guide** Allen Chinn, 2012-08-01 The Zombie Hunter's Combat Guide is a fiction laced with a little humor and actual firearms and weapons facts. There are almost 200 actual photographs in this book! This book is meant for entertainment purposes. It is unlike any other zombie book as it is written by an actual Great Grandmaster of Kung-Fu, that also happens to be an archer and firearms expert. Areas covered in this book include: The Zombie Hunter's Code, The Zombie Hunter's Responsibility, The Beginning, Zombie Types, Zombie Common Characteristics, Zombie Preparedness, Basics of Proper Zombie Killing, Rules for Zombie Hunting, Types of Combat, Types of Weapons, Accessories and Gear, Weapon Selection Warning, Practical Accuracy, Safety Gear, Vehicles, Survival Supplies, Mindset, Firearm Safety, Zombie Hunting Strategies, Strongholds, Zombie Hunting Realities and the Conclusion.

**Zompoc** Michael G. Thomas, Nick S. Thomas, 2010-03 How do you fight a zombie if you are armed with only a shovel and are being pursued down a street? How can you raise a body of like minded individuals to defend your territory or to expand during the Zompoc? What is the Zompoc and what is a zombie? This book was written to answer these questions and much more. Many books recommend particular weapon types but they are always described by those with no experience of these items. As well as providing information we think is important we also offer more specific advice and guidance based upon the many questions we received from the readers of our first book. In *Zompoc: How to Survive a Zombie Apocalypse* (HTSAZA) we covered all the key areas that would be of concern with regards to survival, basic combat and overall strategies for the apocalypse. Some of the most popular parts of the book were the sections on long term survival and on the specifics of weapons and tactics when fighting zombies. It was with these points in mind that we produced this new addition to the Zompoc library.

**Zombies: A Record of the Year of Infection** Don Roff, 2010-07-01 Experience the zombie apocalypse with this illustrated survivor's journal full of chilling tales of terror. The year is 2012, and what starts as a pervasive and inexplicable illness ends up as a zombie infestation that devastates the world's population. Taking the form of a biologist's illustrated journal found in the aftermath of the attack, this pulse-pounding, suspenseful tale of zombie apocalypse follows the narrator as he flees from city to countryside and heads north to Canada, where he hopes the undead will be slowed by the colder climate. Encountering scattered humans and scores of the infected along the way, he fills his notebook with graphic drawings of the zombies and careful observations of their behavior, along with terrifying tales of survival that will keep readers on the edge of their seats right up to the very end. Praise for *Zombies* "Influenced by Richard Matheson's *I Am Legend*, *Zombies* is a genuinely chilling and logical look at a zombie invasion. The matter-of-fact descriptions of the symptoms and effects, coupled with the detailed drawings of both victims and scenarios make it a creepy read . . . A tremendous addition to any zombie book collection." —Sfcrowsnest

*Zombie Field Day* Nadia Higgins, 2014-01-01 Zombies are about to get schooled. Leo and Chad are glad to be back at Rotfield Middle School with their friends, but they can't help noticing some of their classmates are acting a little...undead. The Zombie Zappers are determined to find out why. And since Principal V won't help them stop the zombie outbreak, they're the only ones who might be able to save their fellow students.

*Release* Spencer McAllister, 2011 Throughout the years (especially as of late), there is one genre that is rising in popularity with many people- ZOMBIES! I, Spencer McAllister, love the zombie genre. To some, it may sound dull; but to me, it is exhilarating. There are so many things I could have done with this book. I could have gone the typical route of one man fighting by himself. I could have made the enemy supernatural. There are countless things I could have done, but I decided to go the more traditional route. The zombies are not all-powerful. Guns don't miraculously load by themselves. Swords can't cut through 10 zombies with one slash. The whole goal of my book is to be realistic. I started writing this book during September of 2010. I was finally done with my journey through high school. However, I didn't want to go to college. I never really wanted a day to day job. I did have a plan, but I wasn't doing anything for a while. Then one day, I decided to write a realistic zombie book. Originally, I was going to go for more of a guide like Maxwell Brooks did. but i decided not to. Then i decided to make a story. However, one day it donned on me- I'll be the main character. I figured i knew enough about the zombie genre as well as guns( i have been shooting since i was about 3). Although the book didnt take me very long to write(only about 2 months), I believe it is a well-written book. Along the way of writing it, my father gave me many ideas. Originally, I was going to have it be a Christmas surprise, I told my parents after writing about 4 chapters. They loved the idea. Then i told my brothers- they

loved it as well. Overall, I love the whole zombie genre. I hope people enjoy it as much as I do. Even if you don't like guns or zombies, I think it may teach you something- if you let it of course. Personally, I see this series going places- maybe a movie and eventually a video game. I don't know- only time will tell. Hope you enjoy my work.

**Zombie Apocalypse: Day 91 (HB)** Marc Stevens,2022-04-27 **Zombie Apocalypse: Day 91 (HB)** By: Marc Stevens Welcome to the end of days! *Zombie Apocalypse: Day 91* is a brand-new survival table-top RPG adventure. Using a percentile dice system, players choose their characters, select weapons, and attempt to survive the zombie apocalypse. With character sheets, in depth notes on mechanics and weaponry as well as items and even vehicles, the only limits to your survival is your imagination, and not being the slowest one in your party.

**Zombie Apocalypse Preparation** David Houchins,2012-03-11 We guarantee this is the only tool you need to survive the zombie apocalypse. OK, that's not really true. But when the SHTF you're going to want a survival guide that's not just geared toward day-to-day survival. You'll need one that addresses the essential skills for true nourishment of the human spirit. Living through the end of the world isn't worth a damn unless you can enjoy yourself in any way you want. (Except, of course, for anything having to do with abuse. We could never condone such things. At least the publisher's lawyers say we can't.) We can't guarantee this guide will save your life. But we can guarantee it will keep you smiling while the living dead are chowing down on you.

**Blahman and The Attack Of The Wicked Zombies** Srijan Kabra,2019-10-29 The *Attack of the Wicked Zombies* is about two best friends named Aven and Steven. In this book, these friends mess with a mosquito during their sports practice in school, which leads to a page-turning twist. On the other side, there is a mysterious person who is converting normal people into zombies, one by one. These friends are committed to find and destroy this mysterious person and hopefully, stop the zombie apocalypse by using a secret weapon. What happens after they mess with the mosquito? What is their secret weapon, and how to use it? Will they be able to save the world? Well, this is up to the reader to ahead and find out...of course, the answers are in the book.

**What Zombies Fear** Kirk Allmond,2014-01-16 When Victor Tookes went to work that beautiful spring day, he never expected to see a man eaten alive in the street in front of his office. After convincing himself that they really were zombies, he makes a trip from his house in Pennsylvania to his family home in Virginia, battling zombies all the way. His three and a half year old son was bitten on the leg, but doesn't turn into a zombie. Instead, he turns into something more than human. Victor quickly discovers that everything he knew about zombies was wrong. Not all of them were mindless, uncoordinated, rotting ghouls; some of them were bigger, faster, stronger or smarter than when they were human. A small percentage of humans are genetically immune to the parasite. Instead of turning these humans into mindless shamblers, they gain enhanced abilities. These new abilities will be pushed to their limits in their quest to carve out a safe haven to call home. How will he keep his son safe when the world crumbles around him?

*The U.S. Army Zombie Combat Files* Department of the Army,2017-10-15 The shocking undead discovery of a military historian Zombies remain popular – from *The Walking Dead* to *Ash vs. Evil Dead*, they just won't go away A gifty, zombie collector's item Authentic military design with 150 illustrations Unearthed from a dusty Army archive, here are portions of two draft manuals instructing soldiers on how to confront . . . ZOMBIES! Now declassified, these files offer a guided tour of the U.S. Army's adaptable approach to the zombie menace: first through battle strategies and field tactics, and later through instruction on capturing and retraining zombies to use as military assets. Showcasing the seemingly outrageous illustrations from the original volumes, a military historian has selected points of interest, such as the use of zombie combatants during the Cold War, or changes in zombie behavior.

Zombies Joseph A. McCullough,2011-05-03 The dead have always stalked the dark corners of the earth. Since World War II, the number of zombie outbreaks has increased every year, while governments desperately try to cover up the facts. *Zombies: A Hunter's Guide* contains all of the information necessary to recognize and combat this growing threat. Beginning with an explanation of the historical origins of zombies, it follows their history straight through to the threat they pose to the world today. All varieties of zombie are catalogued and examined, giving their strengths and weakness, with a special emphasis on recognition and elimination. *Zombie Park* Mark Cusco Ailes,2015-09-30 TAKE THE BOOK JURASSIC PARK - REMOVE THE DINOSAURS - REPLACE THEM WITH ZOMBIES Ben Cutler just wants an honest way to make a lot of money! Unemployed and on the short end of the employment stick, he knows his chances of getting a traditional job is slim to never. Ever resourceful and always a forward thinker, Ben comes up with a brilliant idea-Zombie Park! Create a park with zombies, sell tickets and people will come by the hundreds. To his surprise, one of the richest men in the world backs his project and makes Ben an instant millionaire! Scientists Nicholas and Kathy Hollman have been commissioned by General Wilbur Poe to create smart zombies to be used on the battlefield instead of live soldiers. With glory in his eyes, Nicholas is determined to not only create the formula, but cut his wife out of the equation

and take all the credit himself. Unfortunately for Nicholas, Kathy is the brain behind everything they do. Robert Forenstein has found the perfect cover for the smart zombie project in Ben Cutler's *Zombie Park*. He and General Poe will make America the first country to use zombies as weapons of mass destruction and make billions in the process! As with all plans, everyone has their own agenda and the *Zombie Park* project is no different. The plan rapidly unravels as Nicholas botches the experiments and is inadvertently creating an army of out of control zombies. With a trail of bodies in their wake, neither the Hollmans nor Forenstein realize the true motives behind General Poe's zombie army...and it ain't to save the world! *Zombie Park* is phenomenal! I don't even like most zombie books because they don't make a lot of sense, but this one held grabbed my attention and wouldn't let go until the very end! I hope you have part two ready because readers are going to beat down your door to get the next installment! This book is crying for a movie adaptation!
