C. V. Hunt

Halloween Fiend C. V. Hunt, 2019-02-15 Strang isn't the small, quaint town it appears to be. It's haunted every night by a creature the townsfolk refer to as Halloween. Once the sun sets each day, Halloween emerges to collect its treats: a small, live offering from each household. The residents comply because no one wants to be the target of Halloween's tricks. But the nightmare of residing in Strang is nothing compared to the yearly ritual Halloween demands of the citizens on All Hallows' Eve.

The Legend of Decimus Croome Kevin Purdy, 2017-04-19
Decimus Croome is a dastardly curmudgeon who hates all holidays but especially despises Halloween. He is content to live in his gloomy old house and avoid all human contact whenever possible. He even shuns his own daughter and grandson. But Croome's life changes one memorable Halloween when four ghastly spirits visit him to reveal the misery he has inflicted upon his friends, neighbors and family members. Based on A Christmas Carol by Charles Dickens, The Legend of Decimus Croome is bound to become a Halloween classic for readers of all ages. Follow old man Croome as he is visited by the lovely but disturbing spirit of his dearly departed wife. She warns him of three spirits yet to follow. And oh what spirits they are. Each one is more frightening than the last as they deliver a chilling message for Croome and his fellow Halloween humbugs. The Ghost of Halloween Past is a truly horrifying yet disturbingly hilarious spirit who delivers Croome to his distant and not-so-distant past. Along the journey, Croome is warmed with nostalgia then terrified by painful memories from Halloweens gone by. The second spirit is a shape-shifting witch who breaks every stereotype about witches while nearly driving Croome insane with her wild antics and slapstick delivery. As the Ghost of Halloween Present, she takes Croome on a crazy magic carpet ride that reveals his negative influence on those closest to him. The witch also introduces Croome to the magic of Halloween on enchanted visits further afield. The third phantasm delivers the final glimpse of Croome's diabolically repulsive life and the future that is in store for him if he doesn't change his wicked ways. Croome is forced to confront the impending consequences of his cruel and heartless lifestyle. He is spirited away to a bleak future including a terrifying visit to a desolate cemetery. Throughout this delightful and spooky Halloween novel, you will be haunted by ghosts, inspired by a brave young leukemia patient and

entertained by a precocious feline named Black Magic. Behind the Ride David Mumpower, 2019-08 Behind the Pixie Dust Curtain Every Disney attraction comes with a story, and every story involves a few tricks of the trade that only Imagineers know. Here's your chance to peek behind the curtain and learn some of the secrets about thirty of the most popular Disney theme park rides. David Mumpower takes you behind-the-scenes at Disneyland and Walt Disney World to reveal the inner workings of your favorite attractions. He'll explain why Walt Disney chose many of these rides, and he'll describe the challenges that Imagineers faced in doing the impossible by bringing them to life. Mumpower begins with the story of how a Russian monarch's love of sledding indirectly led to the invention of the modern roller coaster. Then, he details the physical and thematic obstacles that Imagineers overcame to build iconic attractions like *Pirates of the Caribbean*, *Space Mountain*, and *Mr. Toad's Wild Ride*. Of course, some of the best Disney rides are more recent. Mumpower also examines the difficulties in developing cutting-edge attractions like *Avatar Flight of Passage*, *Radiator Springs Racers*, and *Slinky Dog Dash*. Mumpower covers opening day rides still in operation today as well as some of the most recent additions to the vaunted Disney theme park lineup. He discusses all of these ride experiences plus the tricks that make them possible--and magical. If you've ever gotten off a Disney ride and wondered how they did it, or if you're the type of fan who'd rather examine an attraction than experience it, or maybe you'd like to be an Imagineer yourself someday, this is the book you've been waiting for.

The Power of Halloween Diana Millay, 2003-08 Halloween may be the most misunderstood holiday on the calendar, because

many people don't realize the depth of its history. It has tremendous power and purpose, which benefit all of mankind—those who are with us now, and those who have moved into the hereafter. Among the dark shadows and foggy mist, the living have long searched the night on Halloween. Some catch a fleeting glimpse or vision of a loved one. Others are touched by the gift of a telepathic message. In some mysterious way, the spirits feel your every thought and hear your every word on this mystical, magical night. The Power of Halloween draws on author Diana Millay's heritage: witches and witchcraft. It does not come from history books but from stories passed on by generations of a family of mystics who have made magic since the beginning of time.

Halloween: the Changing Shape of an Iconic Series Ernie Magnotta,2018-10-20 October 25th, 1978. John Carpenter's Halloween is unleashed upon an unsuspecting public and, in no time, becomes a horror movie phenomenon. Made for only \$320,000.00, the expertly crafted and terrifying film would eventually gross \$70 million worldwide, and would not only create a solid formula that has been imitated endlessly since 1978, but would also spawn no less than nine sequels with a tenth due out this October. In his book *Halloween: The Changing Shape of an Iconic Series*, author Ernie Magnotta meticulously details exactly what made this entertaining and terrifying film the enduring classic that it is today. He then goes on to discuss how the sequels strayed further and further away from writer/director/composer John Carpenter's original vision until they became something almost entirely different. The author goes into detail about all aspects of the series including story, characters, acting, suspense/scares, cinematography, direction/composition, music, Michael Myers' ever-changing mask and much, much more! Packed with loads of information as well as almost 200 full-color photos, *Halloween: The Changing Shape of an Iconic Series* is a must have for fans of the classic franchise. A totally great read! -P.J. Soles (Lynda 1978's Halloween) Ernie definitely knows the Halloween

series. This October 31st, I'll let him live. -Dick Warlock (Michael Myers 1981's Halloween II)Ernie Magnotta has meticulously detailed the nuances of the Halloween franchise characters...I found his observations of Rachel Carruthers and Jamie Lloyd in H4 and H5 to be spot on. -Ellie Cornell (Rachel Carruthers Halloween 4 and 5)

How to Wrestle a Girl Venita Blackburn,2021-09-07 A Paris Review Staff Pick and an Amazon Editors' Pick. Finalist for the 2022 Lambda Literary Award for Lesbian Fiction and the Ernest J. Gaines Award for Literary Excellence, and longlisted for the 2022 Joyce Carol Oates Prize. Bold, witty, ominous and vulnerable . . . How to Wrestle a Girl shines in its propensity to magnify small moments, challenge our presumptions and dissect the beauty, danger and wonder of girlhood. --The New York Times Book Review Hilarious, tough, and tender stories from a farseeing star on the rise Venita Blackburn's characters bully and suffer, spit and tease, mope and blame. They're hyperaware of their bodies and fiercely

observant, fending off the failures and advances of adults with indifferent ease. In “Biology Class,” they torment a teacher to the point of near insanity, while in “Bear Bear Harvest™,” they prepare to sell their excess fat and skin for food processing. Stark and sharp, hilarious and ominous, these pieces are scabbed, bruised, and prone to scarring. Many of the stories, set in Southern California, follow a teenage girl in the aftermath of her beloved father’s death and capture her sister’s and mother’s encounters with men of all ages, as well as the girl’s budding attraction to her best friend, Esperanza. In and out of school, participating in wrestling and softball, attending church with her hysterically complicated family, and dominating boys in arm wrestling, she grapples with her burgeoning queerness and her emerging body, becoming wary of clarity rather than hoping for it. A rising star, Blackburn is a trailblazing stylist, and in *How to Wrestle a Girl* she masterfully shakes loose a vision of girlhood that is raw, vulnerable, and never at ease.
