The Book of Hallowe'en Ruth Edna Kelley,2018-01-15 Learn the secrets of the most frightening, fun-filled day of the year! The only day when the forces of darkness are openly celebrated, Halloween comes down to us from the strange, shrouded mists of antiquity, originating in the pagan world and the primitive ceremonies that honor Samhain, the dark, mysterious Lord of the Dead, at a time when the

veil between our world and theirs is at its thinnest. The strange and weird customs and beliefs of our ancestors live again, every October 31st, in the only day of the year when it is considered okay to dress in frightening costumes, to go door to door begging, and to feast on fear. A true classic in the literature of pagan lore, you will find this book frightening, fascinating and fun!

Raver Girl Samantha Durbin,2021-10-12 A PopSugar Best New Books of 2021 Selection Weed inspires her. Acid shows her another dimension. Ecstasy releases her. Nitrous fills her with bliss. Cocaine makes her fabulous. Mushrooms make everything magical. Special K numbs her. Crystal meth makes her mean. Sixteen-year-old Samantha, raver extraordinaire, puts the “high” in high school. A ’90s time capsule buried inside a coming-of-age memoir set against the neon backdrop of the San Francisco Bay Area’s rave scene, Raver Girl chronicles Samantha’s double life as she teeters between hedonism and sobriety, chaos and calm, all while sneaking under the radar of her entrepreneur father—a man who happened to drop acid with LSD impresario Owsley Stanley in the

'60s. Samantha keeps a list of every rave she goes to—a total of 104 over four years. During that time, what started as trippy fun morphs into a self-destructive roller coaster ride. Samantha opens the doors of her mind, but she's left with traumas her acid-fried brain won't let her escape; and when meth becomes her drug of choice, things get progressively darker. Through euphoric highs and dangerous lows, Samantha discovers she's someone who lives life to the fullest and learns best through alternative experience rather than mainstream ideals. She's a creative whose mind is limitless, whose quirks are charms, whose passion is inspirational. She's an independent woman whose inner strength is rooted in unwavering family ties. And if she can survive high school, she just might be okay.

*Blood Hunger* Beck Robertson, 2016-01-26 Can a vampire with deadly enemies conceal her nature from her mortal lover when the pair are framed for a murder they didn't commit? Raven-haired femme fatale Lola Devereaux is used to wrapping men around her finger, but when handsome Dillon Chambers walks into her life, passion sizzles between them. To her surprise, she finds she's the one who yearns to submit this time. But Lola's keeping a dark secret. Lola is a vampire, and she fears that if Dillon finds out, he'll reject her forever, just like her mortal ex did. Keeping a secret this big is hard enough, but when the urgency to feed causes Lola to make a serious lapse in judgment, an old enemy takes the opportunity to wreak revenge, putting Dillon in the frame for murder. Lola has to find a way to clear his name or risk never feeling his strong arms around her again. Does one stupid error have to mean kissing goodbye to the only guy who makes her heart race? And is telling the truth really so

incompatible with true love?

**Brenda's Beaver Needs a Barber** Bimisi Tayanita,Matt Williams,2016-12-01 Sumguyen has always had a thick mane of hair, in the summer of 2016 he decided to grow a beard. Deep into month three he started to look like an armpit with eyeballs.It was a sultry August night in Old Town Scottsdale as

Bimisi and Sumguyen made their way from one bar to another. They took pause to to enjoy the rhythms of a homeless crooner who was soulfully picking his guitar. When Sumguyen threw a five into his tip jar the artist looked up, thanked him with a nod and said, That is a beautiful beard. My friend Brenda has a beard just like that, but hers doesn't talk. Basics of Drawing Leonardo Pereznieto,2021-02-22 Popular artist Leonardo Pereznieto—whose instructional YouTube videos have earned him millions of views and a devoted fan base—teaches beginners the fundamentals of traditional drawing. In his first book “You Can Draw!” Leonardo Pereznieto helped artists recreate the realistic surfaces and textures that make his own work so popular. Now he’s going back to the very beginning to teach them the basics of drawing, covering first exercises, fundamental techniques, light and shading, composition, and perspective, and more. Loaded with information on materials, a glossary of essential terminology, and hundreds of illustrations, this illuminating guide includes such projects as a fall still life of fruit in a basket, with instructions on shape, shadow, and detail, as well as a cityscape, a landscape with depth of field, animals, train tracks, jewelry, and drawing with a message. Once you’ve mastered these basics, you can unleash your imagination on whatever subject you like!

*Grave Hand* Susan Parry,2009

Shutter Courtney Alameda,2015-02-03 Micheline Helsing is a tetrachromat -- a girl who sees the

auras of the undead in a prismatic spectrum. As one of the last descendants of the Van Helsing lineage, she has trained since childhood to destroy monsters both corporeal and spiritual: the corporeal undead go down by the bullet, the spiritual undead by the lens. With an analog SLR camera as her best weapon, Micheline exorcises ghosts by capturing their spiritual energy on film. She's aided by her crew: Oliver, a techno-whiz and the boy who developed her camera's technology; Jude, who can predict death; and Ryder, the boy Micheline has known and loved forever. When a routine ghost hunt goes awry, Micheline and the boys are infected with a curse known as a soulchain. As the ghostly chains spread through their bodies, Micheline learns that if she doesn't exorcise her entity in seven days or less, she and her friends will die. Now pursued as a renegade agent by her monster-hunting father, Leonard Helsing, she must track and destroy an entity more powerful than anything she's faced before . . . or die trying. Lock, stock, and lens, she's in for one hell of a week.
