Jason and his best friends, Olivia, Kyle and Frank begin their Halloween fun with parties at school and at Jason's house. When the setting sun paints the pre-night sky with a beautiful palette of orange tones, the four, who are full of pizza, start out trick or treating. Running and laughing and trying to scare each other, they are filling their bags with candy. But then, two zombies, Om and Um, sent by Dr. Dreadfool come to the neighborhood and wreck the fun. The four sixth graders learn they must work together if they are to escape Dr. Dreadfool's evil net. ----- A Weekend with the Zombies began when Nathan Albrinck, one of the authors, said, Grandpa, turn the lights off and tell a scary story. The lights went off, and Grandpa Thane Brown, the other author, began the story. Nathan so enjoyed the action-packed tale that it continued for several weeks. Horror Films of 2000-2009 John Kenneth Muir,2023-03-22 Horror films have always reflected their audiences' fears and anxieties. In the United States, the 2000s were a decade full of change in response to the 9/11 terrorist attacks, the contested presidential election of 2000, and the wars in Iraq and Afghanistan. These social and political changes, as well as the influences of Japanese horror and New French extremism, had a profound effect on American horror filmmaking during the 2000s. This filmography covers more than 300 horror films released in America from 2000 through 2009, including such popular forms as found footage, torture porn, and remakes. Each entry covers a single film and includes credits, a synopsis, and a lengthy critical commentary. The appendices include common horror conventions, a performer hall of fame, and memorable ad lines.

Regional Horror Films, 1958Ð1990 Brian Albright,2012-11-03 During the second half of the 20th century, landmark works of the horror film genre were as much the product of enterprising regional filmmakers as of the major studios. From backwoods Utah to the Louisiana bayous to the outer boroughs of New York, independent, regional films like Night of the Living Dead, Last House on the Left, I Spit on Your Grave, The Texas Chain Saw Massacre, and The Evil Dead stood at the vanguard of horror cinema. This overview of regionally produced horror and science fiction films includes interviews with 13 directors and producers who operated far from mainstream Hollywood, along with a state-by-state listing of regionally produced genre films made between 1958 and 1990. Highlighting some of the most influential horror films of the past 50 years, this work celebrates not only regional filmmaking, but also a cultural regionalism

that is in danger of vanishing.

Running Scared Edward T. Welch,2007-11-01 In this faith-bolstering book, best-selling author Edward T. Welch investigates the roots of fear in the human heart and the ramifications of living in the grips of anxiety, worry, and dread. Running Scared explores how fear inescapably takes root in all of our lives—and how our race for the good life finds us all too often “running scared.” Welch encourages readers to discover for themselves how the Bible is full of beautiful words of comfort and peace for fearful people. Everyone is afraid of something, and Welch guides readers to see how Jesus enters in to fear. Within thirty topical meditations, Welch offers sound biblical theology, gospel answers, and moment-by-moment, thoughtful encouragement for those in a heart and mind battlefield of rampant, panic-stricken fear. This comprehensive primer on the topic of fear, worry, and the rest of God will have readers retreating to Scripture for invariable constancy, stalwart care, and robust comfort rather than human independence, control, and self-protectiveness. Running Scared affirms that, through Scripture, God speaks directly to our fears, including: Money and possessions People and their judgments Death, pain, suffering, and punishment Welch's lively text provides convincing evidences that humanity's struggle against active and dormant fears are countless. He presents the good news that God provides both the remedy and the cure for this malady in the person of Jesus Christ, the work of the Holy Spirit, and through powerful, life-altering promises in Scripture. Far more than merely another psychology self-help guide, Running Scared serves as a biblical road map to a life of serenity and security.
