From Okinawa to the Americas Hana Yamagawa, 2010-10-11 Between 1889 and 1940 more than 40,000 Okinawan contract laborers emigrated to plantations in Hawaii, Brazil, the Philippines, and Peru. In 1912 seventeen-year-old Hana Kaneshi accompanied her husband and brother to South America and dreamed of returning home in two years' time a wealthy young woman. Edited by her daughter Akiko, Hana's richly detailed memoir is a rare, first-hand account of the life of a female Okinawan immigrant in the New World. It spans nearly a century, from Hana's early life in a small village not long after the Ryukyu Kingdom's annexation to Japan; to a sugar plantation in Peru and its capital, Lima; to her dangerous trek through Mexico and the California desert to enter the U.S. and start a new life, this time in the Imperial Valley and finally Los Angeles. Hana's story comes full circle when she returns briefly, after forty-seven years, to Okinawa during the postwar American Occupation. From Okinawa to the Americas will appeal to not only students of Asian American and diaspora studies, but also those seeking to understand the complexity of Okinawan culture and the networks of family relationships in Okinawa and in its overseas immigrant communities.

The North American Indian: The Mandan. The Arikara. The Atsina Edward S. Curtis, 1909 [A] comprehensive and permanent record of all the important tribes of the United States and Alaska that still retain to a considerable degree their primitive customs and traditions. The value of such a work, in great measure, will lie in the breadth of its treatment, in its wealth of illustration, and in the fact that it represents the result of personal study

of a people who are rapidly losing the traces of their aboriginal character and who are destined ultimately to become assimilated with the 'superior race.' It has been the aim to picture all features of the Indian life and environment--types of the young and the old, with their habitations, industries, ceremonies, games, and everyday customs ... Though the treatment accorded the Indians by those who lay claim to civilization and Christianity has in many cases been worse than criminal, a rehearsal of these wrongs does not properly find a place here--General introduction.

Living with Nf & Story of Survival Hana Redding,2016-07-23 You never know how something that you think is so small can turn into chapters of the unknown. My parents thought they had a healthy daughter because I was born with ten fingers and ten toes, but they were dead wrong because on one particular day, when Mom was getting me dressed, she noticed small spots appearing all over my body. Mom became so concerned she rushed me to childrens hospital to be seen by the doctor. I was seen by the doctor right away. As he began to exam me, he had this strange look on his face, like what he had seen on my body was nothing like hed seen before. My mom began to cry again while asking the doctor, Is my daughter going to be okay? His response was Im not sure, but I think she might have NF, a rare genetic disorder. Some tests have to be run. Come back in one week, and we will know exactly whats going on. Upon arriving home, Dad was sitting on the couch and said, Whats up, bossy? It was a nickname my dad gave my mom. Her response in a loud tone of voice was Our daughter Hana might have NF. Dads response was What? Huh, whats that? Mom began to yell, You should have been there! Youre never around! All hell was about to break loose. I ran upstairs to my bedroom and slammed my door, still hearing my parents arguing back and forth.

Tourism Alternatives Valene L. Smith, William R. Eadington, 1992 Tourism alternatives is a publication of the International Academy for the Study of Tourism. The contributors to this volume address the theoretical attributes and dimensions of tourism from an international and interdisciplinary perspective. Twenty-four academy members from diverse disciplines were convened to the week-long symposium (1989), and their papers and discussions constitute the genesis of this book. This volume is organized into two major sections. The first is essentially theoretical; the second includes case studies. The final chapter proposes an agenda for future research.

Hana's Suitcase Karen Levine, 2002-08-07 New edition with foreword by Nobel Peace Prize winner Desmond Tutu: "How extraordinary that this humble suitcase has enabled children all over the world to learn through Hana's story the terrible history of what happened and that it continues to urge them to heed the warnings of history." In the spring of 2000, Fumiko Ishioka, the curator of a small Holocaust education centre for children in Tokyo, received a very special shipment for an exhibit she was planning. She had asked the curators at the Auschwitz museum if she could borrow some artifacts connected to the experience of children at the camp. Among the items she received was an empty suitcase. From the moment she saw it, Fumiko was captivated by the writing on the outside that identified its owner – Hana Brady, May 16, 1931, Waisenkind (the German word for orphan). Children visiting the centre were full of questions. Who was Hana Brady? Where did she come from? What was she like? How did Hana become an orphan? What happened to her? Fueled by the children's curiosity and her own need to know, Fumiko began a year of detective work, scouring the world for clues to the story of Hana Brady. Writer Karen Levine follows Fumiko in her search through history, from present-day Japan, Europe and North America back to 1938 Czechoslovakia and the young Hana Brady, a fun-loving child with a passion for ice skating. Together with Fumiko, we learn of Hana's loving parents and older brother, George, and discover how the family's happy life in a small town was turned upside down by the invasion of the Nazis. Based on an award-winning CBC documentary, Hana's Suitcase takes the reader on an incredible journey full of mystery and memories, which come to life through the perspectives of Fumiko, Hana and later Hana's brother, who now lives in Canada. Photographs and original wartime documents enhance this extraordinary story that bridges cultures, generations and time. Ideal for young readers aged 9 and up. Hana's Suitcase is part of the award-winning Holocaust Remembrance Series for Young Readers.
