Vivre avec une différence, pour qui? Quelles conséquences? Marie-Laure Souplet,2015-10-01 Regard de l'autre, souffrance, solitude... Que vous soyez une femme, que vous ayez un handicap quel qu'il soit, que vous soyez d'une origine ethnique différente, homosexuel, souffrant d'obésité... vous souffrez de discrimination. Comment vivre avec une différence ou un handicap? Quelles conséquences ces singularités entraînent-elles dans le monde de l'emploi comme dans la vie quotidienne? En s'appuyant notamment sur sa propre expérience personnelle, l'auteur, spécialisée dans l'accompagnement des personnes handicapées, dévoile les contradictions entre ce que dit la loi en France et les réalités du terrain, sources de découragement et de repli sur soi... et pourquoi pas d'addiction. Victime, association ou professionnel, vous pourrez apprécier les faits, les réalités de ce qu'impose la société, en France comme à l'autre bout du globe. Mais au-delà de la chronique de la différence, cette réflexion autour de l'intégration propose quelques solutions en vue d'une évolution à l'échelle mondiale.

The Wheel World ,1881

Droits des Personnes Agées et Droits des Personnes Handicapées Pascal Touyem,2023-10-22 Cette publication est certainement la toute première grande synthèse thématique et critique sur la condition des personnes socialement vulnérables (PSV) en Afrique. Une excellente brochette de 40 experts et Institutions de différents pays du continent déploie un effort d'intelligibilité de ce phénomène devenu préoccupant. À travers un inventaire analytique complexe, rétrospectif, factuel, actuel, chiffré, ponctuel, prospectif et relativement exhaustif. Les différentes contributions sont assorties des recommandations fortes qui interpellent, pour leur application les détenteurs d'enjeu dans une démarche de co-construction pour une citoyenneté de transformation active. C'est un document de plaidoyer/réquisitoire et de lobbying en faveur de l'aménagement, de la protection et de l'amélioration des conditions sociales des personnes âgées et des personnes handicapées en Afrique autant en matière de santé, d'alimentation, de logement, d'environnement, de protection sociale, que de maintien de revenu, d'emploi et d'enseignement. En regard d'une augmentation croissante de leurs effets en valeur relative et absolue, la question des personnes socialement vulnérables est ainsi mise en avant-garde des préoccupations politico-sociales et scientifiques importantes voire permanentes. Il s'agit d'investigations et de réflexions récurrentes au sein du mécanisme social de l'Union Africaine au sein du groupe de travail sur les personnes âgées et les personnes handicapées de la Commission Africaine des Droits de l'Homme et des Peuples. L'assignation principale et originelle étant de construire des véhicules juridiques, psychologiques, socio-anthropologiques et politiques afin d'amorcer un changement positif et une protection durable des personnes. ainsi que des protocoles coutumiers pour leur valorisation dans les cultures et traditions africaines. This publication is certainly the first major thematic and critical synthesis on the condition of socially vulnerable persons (PSV) in Africa. An excellent line-up of 40 experts and institutions from different countries of the continent is making an effort to understand this phenomenon, which has become worrying, through a complex, retrospective, factual, current, quantified, punctual, prospective and relatively exhaustive analytical inventory. The various contributions are

accompanied by strong recommendations that challenge the holders of issues for their application in a process of co-construction for an active citizenship of transformation. It is a document of advocacy/indictment and lobbying in favor of the development, protection and improvement of the social conditions of the elderly and persons with disabilities in Africa in terms of health, food, housing, environment, social protection, income maintenance, employment and education, given their increasing numbers in relative and absolute terms. The issue of socially vulnerable people is thus brought to the forefront of important, if not permanent, political-social and scientific concerns. It is the subject of recurrent investigations and reflections within the special mechanism of the African Union, the Working Group on Elderly Persons and Persons with Disabilities of the African Commission on Human and Peoples' Rights. The initial assignment is to build legal, psychological, socio-anthropological and political vehicles in order to initiate positive change and sustainable protection of VHPs, as well as customary protocols for their valorization in African cultures and traditions.

La santé du dirigeant Olivier Torrès, 2017-05-22 De l'inaudible souffrance patronale... à l'inavouable santé du dirigeant. Malgré plus de 20 millions d'entreprises en Europe, il y a plus de statistiques sur la santé des baleines bleues que sur celle des entrepreneurs. Cette lacune est universelle. Pourtant, lorsqu'un dirigeant connaît un ennui de santé, c'est immédiatement toute l'entreprise qui faiblit.

La santé du dirigeant : De la souffrance patronale à l'entrepreneuriat salubre Olivier Torrès, 2022-04-04 Ce livre pose des questions et apporte des réponses inédites : un traumatisme personnel peut-il être un ressort entrepreneurial? ? Quel est le rôle des questionnaires de santé dans l'octroi de crédit bancaire aux PME ? Comment les dirigeants dorment-ils ? Comment se nourrissent-ils ? Quels sont les événements qui les stressent le plus ? Quels sont les liens entre technostress et santé ? Pourquoi le rebond entrepreneurial est-il salutogène ? Pourquoi entreprendre est-il bon pour la santé ? Se préoccuper de la santé entrepreneuriale, c'est s'inscrire dans la perspective d'un entrepreneuriat durable. En abordant l'entrepreneuriat selon l'angle de la santé, les auteurs donnent une image nouvelle de l'entrepreneur, moins héroïque mais plus humaine.

Tante Paul Sylvens, 2022-11-08 There is in Haitian vodou mythology a belief in an aquatic world populated by mermaids and other lwa. In addition, Haitians claim to have been abducted by these spirits who dragged them underwater so that they could live alongside them. These stays last from several hours to several years. At the end of these experiences, the concerned return to the mainland and tell their loved ones their aquatic experience some of them are never the same since, there are some who return with (mystical) gifts that he had never had before.
