Hang Time Bob Greene, 1993-12-15 Bob Greene shows us a side of Michael Jordan that doesn't make the sports page...the inside. Journalist and bestselling author Bob Greene stepped into Michael Jordan's world just as Jordan was reaching the apex of his talent and his fame. With Greene, Jordan let down his guard. In an extraordinary book that transcends sports biography, Greene takes the reader along with Jordan over two seasons with the Chicago Bulls, during glorious championship surges and trying personal moments. With rare insight, Greene reveals the person inside the icon: a man who makes millions but cannot go for a quiet walk around the block without getting mobbed, a man who competes ferociously on the court, but who performs some of his most remarkable and unexpected feats away from the limelight. Drawn from inside Michael Jordan's daily life, rich with the sound of Jordan's own voice, *Hang Time* is a startlingly candid and intimate story of time spent with a champion, and of the growing friendship between two men.

From Hang Time to Prime Time Pete Croatto, 2020-12-01 Perfect for fans of *Moneyball* and *The Book of Basketball*, this vivid, thoroughly entertaining, and well-researched book explores the NBA's surge in popularity in the 1970s and 1980s and its transformation into a global cultural institution. Far beyond simply being a sports league, the NBA has become an entertainment and pop culture juggernaut. From all kinds of team logo merchandise to officially branded video games and players crossing over into reality television, film, fashion lines, and more, there is an inseparable line between sports and entertainment. But only four decades ago, this would have been unthinkable. Featuring writing that leaps off the page with energy and wit, journalist and basketball fan Pete Croatto takes us behind the scenes to the meetings that lead to the monumental American Basketball Association-National Basketball Association merger in 1976, revolutionizing the NBA's image. He pays

homage to legendary talents including Julius “Dr. J” Erving, Magic Johnson, and Michael Jordan and reveals how two polar-opposite rookies, Larry Bird and Magic Johnson, led game attendance to skyrocket and racial lines to dissolve. Croatto also dives into CBS’s personality-driven coverage of key players, as well as other cable television efforts, which launched NBA players into unprecedented celebrity status. Essential reading whether you’re a casual or longtime fan, *From Hang Time to Prime Time* is an enthralling and entertaining celebration of basketball history.

Hang Time Elgin Baylor, Alan Eisenstock, 2018 Elgin Baylor's memoir of an epic all-star career in the NBA--during which he transformed basketball from a horizontal game to a vertical one--and his fights against racism during his career as a player and as general manager of the LA Clippers under the infamous Donald Sterling People think of Elgin Baylor as one of the greatest basketball players in the history of the game--and one of the NBA's first black superstars--but the full extent of his legacy stretches beyond his spectacular, game-changing shots and dunks. With startling symmetry, Baylor recounts his story: flying back and forth between the U.S. Army and the Lakers, his time as a central figure in the great Celtics-Lakers rivalry and how he helped break down color barriers in the sport, his 1964 All-Star game boycott, his early years as an executive for the New Orleans Jazz, and twenty-two years as general manager for the notorious L.A. Clippers and Donald Sterling, spent fighting to draft and sign young, black phenoms--only to be hamstrung by his boss at every turn. No one has seen the league change, and has worked to bring change, more than Baylor. Year after year, he continued to fight and persevere against racism. At the beginning of his career, he was forced to stay in separate hotel rooms. From those days to today's superstardom, he has had a front-row view of the game's elevation to one of America's favorite sports. For the first time, Elgin Baylor tells his full story. He's played with the legends, lived with them, and knows more about the NBA than anyone living, and is

finally ready to set the record straight.

We Should Hang Out Sometime Josh Sundquist, 2014-12-23 From Paralympic ski racer and YouTube star, Josh Sundquist, comes an always-funny (and sometimes-awkward) memoir about teenage misadventures. The inspiration for the series *Best Foot Forward*, streaming soon on Apple TV+! When Josh was twenty-five years old, it came to his attention that he never had a girlfriend. At the time, he was actually under the impression that he was in a relationship, so this bit of news came as something of a shock. Why was Josh still single? To find out, he tracked down each of the girls he had tried to date since middle school and asked them straight up: What went wrong? The results of Josh's semi-scientific investigation are in your hands. From a disastrous Putt-Putt date involving a backward prosthetic foot, to his introduction to CFD (Close Fast Dancing), and a misguided grand gesture at a Miss America pageant, this story is about looking for love—or at least a girlfriend—in all the wrong places. Poignant, relatable, and totally hilarious, this memoir is for anyone who has ever wondered, Is there something wrong with me? (Spoiler alert: the answer is no.)

Many people refer to the book The Gulag Archipelago, 1974, by Solzenitsyn, I., as the book on the GULAG partly from his experience and research thereof. The author started with a simple expression written about John W. Adkins: He left home at an early age, and never returned home age. There was literally no information about him. Most people, familiar with my work, have been totally amazed at the amount of the information, documents, obtained by the author from the archives on one individual. After many years of work, the author did not want to leave this material to just a research project sitting on the bookshelf. "/p>

A Potato Gun Model and Study Doug Boylan, 2020-04-13 A reasonably successful spreadsheet model to estimate potato gun performance was developed. To support the model, testing of potato

gun performance and the factors which affect that performance were investigated. Tests were run related to pressure rise curves of the propellants, as well as friction of the spud in the gun barrel. The effect of ignition location was investigated, and measurements were made of potato aerodynamic drag. Field tests of the effect of potato gun parameters on spud muzzle exit velocity, flight range, altitude, and hang time were compared with the predictions of the model. As part of the study, some rather fun aspects of potato gun ballistics related to miniature video cameras and related to a transparent gun were conducted.
