*Donald Trump, Zombie Hunter* Charlie Roberts,2017-04-16 The dead have risen to devour the living...and President Donald Trump is fighting back! It's a blood-soaked, action-packed zombie apocalypse that begins at a rally in Nashville, staggers to the Oval Office and the CDC, and ends in a battle royale at the border wall, as Donald Trump, a brave team of warriors, and a machete that never rests fight a life-or-death war to Make America Human Again! The zombie outbreak begins all over the world at virtually the same moment ... and for President Donald Trump, it begins during a rally in Nashville, Tennessee. He and his Secret Service AIC are forced into hand-to-hand combat with the dead, and barely escape with their lives - and the help of a brave team of commandos led by a Special Forces soldier named Tomlin. These are classic George Romero zombies, except faster and even more angry. And by the time Trump, Agent Diaz, and Tomlin land on the South Lawn of the White House, the world has been lost. They have to fight again - guns and knives vs. the relentless hunger of the walking dead - and actually make to the Oval Office. They learn just how bad things have become and decide to move their base of operations to the

Center for Disease Control in Atlanta ... just as former President Barack Obama arrives. He's already lost his wife, and barely begins to speak before his arm falls off and he transforms into a bloodthirsty zombie right in front of them. President Trump moves fast: He takes a machete from one of the fallen and slices the top off ex-Obama's head, stopping the Presidential zombie forever and revealing an evil little worm-thing that has eaten his brain. Is that the source of the rising dead ... or has it been there much longer? Within moments, Trump and his team - including the beautiful and mysterious blonde Stacey Chase - fight their way back out of the Oval Office to the chopper and rush to the CDC. Communications indicate it's still safe, but they land on the wrong building at the worst possible time to find that the Center has only just fallen. The Undead attack; they lose the chopper, and Trump and his shrinking team of survivors have to fight their way down ten flights of stairs, past ravenous zombies and crazed humans, just to escape in an Army MRAP. They lose the intriguing Stacey Chase even as she unlocks the vehicle that allows them to flee ... to their final destination: the Border Wall. When Trump and his battle-hardened crew reach the huge and still secure construction site in Sierra Blanca, East Texas, they have to fight through mobs of zombie protesters, zombie media people, and zombie construction workers to reach true safety. They even have to use a massive bulldozer to haul away tons of the walking dead in a final battle royale. But they make it. And Trump is able to tap into what remains of the worldwide communications network, reach out to the survivors and heroes who still exist across a zombie-infected world, and tell them there is still hope. That together, they can re-take their country. They can Make America Human Again!

*The Jailbait Zombie Hunter* Michael Mounts,2016-08-10 Catty, the girl born with a burden, fighting a never ending war to save the world from the smelly, bad breath creatures of the night we call Zombies. She calls the Angry Dead. It seems no one else is up for the job, so Catty hunts the night, destroying the flesh chomping, brain gnawing monstrosities that would destroy us all. The hell and death of High School is nothing to compare with the horror of the army of wretched flesh eaters that stumble out of the dark, seeking the prey upon the innocent. The Necromancer is plotting the very destruction of the entire world, and raising an army of the undead for the grim task. Only Catty stands in the way of all our doom, and then she has to pass Geometry. Stopping the terror of the walking abominations with their rotting flesh dropping from their animate bones is her mission, and Catty will never rest when she knows there are Angry Dead about.
