Happy Holidays Ralph Henson, 2011-06 This short book on holidays gives some of the feelings and possible reactions to the politically correct sayings we hear now. It talks about how some holidays are overshadowed by the preparation of another. It gives some feelings about not being able to talk about, not even mentioning the reason for a holiday. Are you offended by somebody saying they are offended by the standard remarks or displays associated with a holiday? Perhaps you will find out you are not alone and it is time to reconsider your feelings and thoughts about being politically correct. *Happy Holidays* tells us the real reasons we celebrate some of our holidays.
