The 10 Habits of Happy Mothers Meg Meeker,2011-09-06 This sanity-saving guide “offers practical ways to help you let go of ‘mom guilt’ in order to become a happier, healthier woman” (Parent & Child). Now with wellness tips and exercises! The pressure on women today has pushed many American mothers to the breaking point. It feels as if “doing your best” is never enough to please everyone, and the demands mothers place on themselves are both impossible and unrealistic. Now Meg Meeker, M.D., critically acclaimed author of Strong Fathers, Strong Daughters, puts her twenty-five years’ experience as a practicing pediatrician and counselor into a sound, sane approach to reshaping the frustrating, exhausting lives of so many moms. Mothers are expected to do it all: raise superstar kids, look great, make good salaries, volunteer for everything, run errands, keep a perfect house, be the perfect wife. Single mothers often have even more demands—and less support. In this rallying cry for change, Dr. Meeker incorporates clinical data and her own experience raising four children to show why mothers suffer from the rising pressure to excel and the toll it takes on their emotional, physical, mental, and spiritual health. Too many mothers are increasingly lonely, anxious, depressed, and unhappy with themselves, refusing to let themselves off the hook. Here, Dr. Meeker has identified the 10 most positive habits of mothers who are healthy, happy, and fulfilled. The key is to embrace a new perspective and create real joy and purpose by utilizing such core habits as • making friends with those who know the meaning of friendship • finding out what money can buy (and what it cannot) • lightening the overload—and doing less more often • discovering faith and learning how to trust it • taking some alone time and reviving yourself Mothers, it’s time to view the unconditional trust that you see in your children’s eyes when they take your hand or find your face in a crowd as a mirror of your own wonder and worth. You are the light that shines in their lives, the beacon that guides them. By implementing the key strategies in Dr. Meeker’s book, you can be happy, hopeful, and a wonderful role model. You can teach your children to be the very best they can be—and isn’t that still the most precious reward of motherhood?

Happy Mother's Day Ali Parnian,2019-05-04 The Mother's Day Forever Greeting Card(TM) is the perfect BookCard(TM) for that special mother in your life, and not just for this Mother's Day but all Mother's Days through the end of this century. You see, purchasing one BookCard(TM) can be used again and again because there is a page for you to add a new Mother's Day message each year through the year 2100. You can keep years of Mother's Day messages of love, gratitude and appreciation in one place to cherish for years and that is just the beginning. The author of this book learned the hard way that not taking the time to purchase a greeting card for his wife on Mother's Day resulted in a much more costly gesture in order to make amends for his oversight. This would never have been an issue for him had he purchased a Forever Greeting Card(TM). Other benefits of purchasing a Forever Greeting Card(TM) for Mother's Day include: -SAVE MONEY: Over the course of 50 years you would spend \$250 if you bought 50 cards that cost \$5 each.-SAVE TIME: You can get a Forever Greeting Card(TM) delivered to most places within a few days.-STAY RELEVANT: People typically don't throw books away so your ForeverGreetingCard(TM) will likely end up on a bookshelf or coffee table.-ENVIRONMENTALLY FRIENDLY - Forever Greeting Cards(TM) are environmentally friendly. Cards purchased for Mother's Day over the course of 50 years produce much more paper waste and leave a larger carbon footprint due to driving to and from stores than having one book delivered to your door that can be used for years and recycled.-GET CREATIVE - Adults and kids enjoy drawing and making creative images on these cards.-SEE TRENDS - Recipients can see trends over time in how your love for them has grown, diminished or changed over the years.

Living Between Danger and Love Kathleen B. Jones,2000 Using the murder of Andrea O'Donnell, who was killed by her boyfriend, and her own experiences as a launch pad, the author examines the dichotomy between love and power. The text looks at the unreasonable choices women feel they have to make between care for themselves and care for another.

Wishes for a Mother's Heart Tricia Lavoie,Barbara Lazaroff,2011 Three friends with wildly different lives-but the same heart-come together to celebrate hopes, dreams, and the wishes that fuel them. A trio of mothers: TV journalist/author Leeza Gibbons, author Tricia LaVoice, and designer/restaurateur Barbara Lazaroff, have created a timeless collection of original reflections and pragmatic suggestions for a more fulfilling and purposeful life. A tribute to women of all ages, this book honors the significant connections that women share with their mothers, daughters, grandmothers, sisters, aunts, cousins, and friends--and the bonds of sisterhood that permates their lives with support, devotion and wisdom.

The Memory Sessions Suzanne Farrell Smith,2019-08-09 Suzanne Farrell Smith’s father was killed by a drunk driver when she was six, and a devastating fire nearly destroyed her house when she was eight. She remembers those two—and only those two—events from her first nearly twelve years of life. While her three older sisters hold on to rich and rewarding memories of their father, Smith recalls nothing of him. Her entire childhood was, seemingly, erased. In The Memory Sessions, Smith attempts to excavate lost childhood memories. She puts herself through multiple therapies and exercises, including psychotherapy, hypnotherapy, somatic experiencing, and acupuncture. She digs for clues in her mother’s long-stored boxes. She creates—with objects, photographs, and captions—a physical timeline to compensate for the one that’s missing in her memory. She travels to San Diego, where her family vacationed with her father right before he died. She researches, interviews, and meditates, all while facing down the two traumatic memories that defined her early life. The result is an experimental memoir that upends our understanding of the genre. Rather than recount a childhood, The Memory Sessions attempts to create one from research, archives, imagination, and the memories of others. Published by Bucknell University Press. Distributed worldwide by Rutgers University Press.

The Business of Holidays Maud Lavin,2004 Holiday celebrations in the United States are a major force driving the nation's approximately \$3 trillion retail economy. The commercial culture of holidays extends from the traditional -- decorations, costumes, and cards -- to the immaterial and ephemeral -- phone calls, airline tickets, and department store bills. Simultaneously colorful presentation and careful analysis, The Business of Holidays interprets holiday commerce and design, corporate culture, and tradition (invented and inherited). This volume consists of more than thirty-five essays arranged

according to the calendar year, from New Year's Day and Martin Luther King, Jr. Day to Christmas, Hanukkah, and Kwanzaa, and explores longstanding holiday images, such as Santa Claus and shamrocks, as well as quirkier aspects of visual culture. The rites that surround these special days have been adopted, or even invented by, the pervasive marketing that surrounds them to such an extent that the celebration of holidays and the business of holidays have become inseparable.

Hands Free Mama Rachel Macy Stafford, 2014-01-07 "Rachel Macy Stafford's post The Day I Stopped Saying Hurry Up was a true phenomenon on The Huffington Post, igniting countless conversations online and off about freeing ourselves from the vicious cycle of keeping up with our overstuffed agendas. Hands Free Mama has the power to keep that conversation going and remind us that we must not let our lives pass us by." --Arianna Huffington, Chair, President, and Editor-in-Chief of the Huffington Post Media Group, nationally syndicated columnist, and author of thirteen books <http://www.huffingtonpost.com/> DISCOVER THE POWER, JOY, AND LOVE of Living "Hands Free" If technology is the new addiction, then multi-tasking is the new marching order. We check our email while cooking dinner, send a text while bathing the kids, and spend more time looking into electronic screens than into the eyes of our loved ones. With our never-ending to-do lists and jam-packed schedules, it's no wonder we're distracted. But this isn't the way it has to be. In July 2010, special education teacher and mother Rachel Macy Stafford decided enough was enough. Tired of losing track of what matters most in life, Rachel began practicing simple strategies that enabled her to momentarily let go of largely meaningless distractions and engage in meaningful soul-to-soul connections. She started a blog to chronicle her endeavors and soon saw how both external and internal distractions had been sabotaging her happiness and preventing her from bonding with the people she loves most. Hands Free Mama is the digital society's answer to finding balance in a media-saturated, perfection-obsessed world. It doesn't mean giving up all technology forever. It doesn't mean forgoing our jobs and responsibilities. What it does mean is seizing the little moments that life offers us to engage in real and meaningful interaction. It means looking our loved ones in the eye and giving them the gift of our undivided attention, leaving the laundry till later to dance with our kids in the rain, and living a present, authentic, and intentional life despite a world full of distractions. So join Rachel and go hands-free. Discover what happens when you choose to open your heart—and your hands—to the possibilities of each God-given moment.

Tears of My Mother Wendy Osefo, 2022-09-20 From the breakout star of Bravo's The Real Housewives of Potomac, Dr. Wendy Osefo shares the story of her complicated relationship with her mother, Susan Okuzu, and how her Nigerian upbringing has affected her life, her success, and her role as a mother. When Wendy Osefo was growing up, her mother was everything she wanted to be in life. A towering 5'9 figure, Iyom Susan Okuzu imposed an air of expectation, responsibility, and decorum into life that Wendy strived to meet. As an adult, this imposing rigidity represents everything Wendy would choose to change about herself. In Tears of My Mother, Wendy explores the paradox of her mother. Her mother experienced unbelievable loss, yet maintained her grace at all times. She had been heartbroken time and again, yet loved without reservation. Her love was coupled with discipline, and her kindness paired with a childlike sense of selfishness. An aloof disciplinarian, she was unknowable to Wendy. Susan arrived in the United States with a single suitcase and the fierce determination to make a better life for herself, and her future family; in Nigerian culture, a parent is only as successful as their children. Wendy met that challenge head-on, earning a doctorate in public affairs and community development and becoming the first Black woman to obtain a PhD in public affairs-community development from Rutgers University (Camden). Now a professor at John Hopkins University, a highly sought after commentator on network and cable news channels, a loving mother of three, and a devoted wife, Wendy has given her mother bragging rights for life. Yet she still grapples with how much she owes her mother and how she will blend her American experience and Nigerian legacy to raise her three children to be successful and happy in the world they live in now.

FACING THE WALL: A MISSION Mary S. King, 2009-10-09 Trauma be it; accident, abuse or war has happened in all our lives. This story will give you a deeper understanding of PTSD (Post Traumatic Stress Disorder) and yes PTSD can be catchy. A candid and true story. Facing The Wall: A Mission - a never-ending journey, is recipient of The Kirkus Star from ~ Kirkus Reviews A star is assigned to books of remarkable merit, as determined by the impartial editors of Kirkus Reviews ~ Best of Indie Books 2010 www.ptsd.va.gov Book Review A Vietnam vet's wife fights a long battle with her husband's post-traumatic stress disorder in this poignant memoir. When her husband Jim, a 27-year-old Marine, returned intact from Vietnam in 1969, the author hoped that the couple could resume their lives as before. But although Jim bore no physical scars from his year in combat, his psychic wounds ran deep. Indeed, he hardly seemed to have left the war. He was plagued by nightmares and flashbacks in which he would call for medevac choppers or imagine himself surrounded by enemies. He veered between hypervigilance and catatonic staring, insisted on sitting with his back to a wall so he could survey his perimeter, and was spooked by both loud noises and silence; only the soothing sound of crickets could convince him there was nothing lying in wait. Over the decades, Jim's illness took a heavy toll; he lost jobs and eventually became unemployable, withdrew emotionally from his wife and sons and endured periodic hospitalizations. (In the author's telling, the Veterans Administration long ignored the Vietnam-era PTSD epidemic and was more a hindrance than a help in coping with Jim's problems.) In her clear-eyed memoir, King draws a subtle, layered portrait of her lost soul of a husband. Sometimes he seems unreachable, sunk in memories of Vietnam and of his buddies who didn't make it back (or in guilt over his own survival) and unable to carry out the simplest project; but he also devotedly serves as a volunteer fireman and pulls himself together to help his wife through crises and grief. It is as much the author's story as Jim's, as she struggles to hold the family together and fathom the stranger her husband has become, and to reclaim her own personality from the ravages of "secondary" PTSD. With America's latest conflicts still generating victims, this is a very timely book: an anguished, unsparing, but ultimately hopeful view of the heartbreak of PTSD. An absorbing firsthand saga of war's invisible casualties. -Kirkus Discoveries

The Mango Tree Annabelle Tometich, 2024-04-02 Eater's Best Food Books to Read This Spring This "witty, humorous, and heartfelt" (Cinelle Barnes) memoir navigates the tangled branches of Annabelle Tometich's life, from growing up in Florida as the child of a Filipino mother and a deceased white father to her adult life as a med-school-reject-turned-food-critic. When journalist Annabelle Tometich picks up the phone one June morning, she isn't expecting a collect call from an inmate at the Lee County Jail. And when she accepts, she certainly isn't prepared to hear her mother's voice on the other end of the line. However, explaining the situation to her younger siblings afterwards was easy; all she had to say was, "Mom shot at some guy. He was messing with her mangoes." They immediately understood. Answering the questions of the breaking-news reporter—at the same newspaper where Annabelle worked as a restaurant critic—proved more difficult. Annabelle decided to go with a variation of the truth: it was complicated. So begins The Mango Tree, a poignant and deceptively entertaining memoir of growing up as a mixed-race Filipina "nobody" in suburban Florida as Annabelle traces the roots of her upbringing—all the while reckoning with her erratic father's untimely death in a Fort Myers motel, her fiery mother's bitter yearning for the country she left behind, and her own journey in the pursuit of belonging. With clear-eyed compassion and piercing honesty, The Mango Tree is a family saga that navigates the tangled branches of Annabelle's life, from her childhood days in an overflowing house flooded by balikbayan boxes, vegetation, and juicy mangoes, to her winding path from medical school hopeful to restaurant critic. It is a love letter to her fellow Filipino Americans, her lost younger self, and the beloved fruit tree at the heart of her family. But above all, it is an ode to Annabelle's hot-blooded, whip-smart mother Josefina, a woman who made a life and a home of her own, and without whom Annabelle would not have herself.

Living on Air Anna Shapiro, 2007-05-01 A novel about an ambitious Long Island girl filled with "pitch-perfect observations about adolescence, the suburbs, [and] the 1960s" (Meg Wolitzer, author of The Female Persuasion). It is 1966, and fourteen-year-old Maude longs to escape Levittown. When she obtains a scholarship to a prestigious prep school, her parents do not approve. The Pughs are not a private school type of family. Having abandoned their Greenwich Village past, they now live in a house where the walls are painted black to better showcase the paintings of Maude's self-absorbed father. Maude is eager to enter the world of the Bay Farm School and its socially privileged students. She befriends a girl who lives on a

nearby estate, entranced by her elegant lifestyle and envious of her mother’s easy affection. Yet her new friend is embarrassed by her wealth—and intrigued by the Pughs’ bohemian lifestyle. Maude has tried to carefully construct a new life for herself. But as her family’s tensions and secrets threaten her plans, she may need to seek happiness elsewhere.

Navigating the Everyday as Middle-Class British-Pakistani Women Noreen Mirza,2020-06-24 This ethnographic study of middle-class British-Pakistani women in Manchester explores the sense of belonging they create through recognition and social status. Belonging in these communities is enacted through the performance of different identities—class, ethnicity, nationality, generation, age, religion, and gender—that earn them social power and status among family and friends. To prove they are “model migrants,” worthy of respect and recognition, these women perform various and intersecting identities to maximize status and social capital in diverse situations. Far from being passive victims of racial, religious, or cultural discrimination, middle-class British-Pakistani women challenge prejudice against Muslims and British-Pakistanis through certain practices, objects, performances, and relationships, serving as ambassadors for their religious and ethnic identity through their conduct and interaction with others in daily life.
