*Your Happiness Was Hacked* Vivek Wadhwa, Alex Salkever, 2018-06-26 "Technology is a great servant but a terrible master. This is the most important book ever written about one of the most significant aspects of our lives—the consequences of our addiction to online technology and how we can liberate ourselves and our children from it." —Dean Ornish, M.D. Founder & President, Preventive Medicine Research Institute, Clinical Professor of Medicine, UCSF, Author, *The Spectrum* Technology: your master, or your friend? Do you feel ruled by your smartphone and enslaved by your e-mail or social-network activities? Digital technology is making us miserable, say bestselling authors and former tech executives Vivek Wadhwa and Alex Salkever. We've become a tribe of tech addicts—and it's not entirely our fault. Taking advantage of vulnerabilities in human brain function, tech companies entice us to overdose on technology interaction. This damages our lives, work, families, and friendships. Swipe-driven dating apps train us to evaluate people like products, diminishing our relationships. At work, we e-mail on average 77 times a day, ruining our concentration. At home, light from our screens is contributing to epidemic sleep deprivation. But we can reclaim our lives without dismissing technology. The authors explain how to avoid getting hooked on tech and how to define and control the roles that tech is playing and could play in our lives. And they provide a guide to technological and personal tools for regaining control. This readable book turns personal observation into a handy action guide to adapting to our new reality of omnipresent technology.

**Plan a Birthday Party** Stephanie Watson, 2014-09-01 Is your birthday coming up? Here's how you can give all your friends a present: invite them

to a great party! This book will help you throw the party of the year, with tips ranging from creating cool invitations and sample party playlists to handling party wrap-up and thank-you notes. You'll even find alternatives to birthday cake if you want to serve a different sort of sweet treat. Decorate-your-own sugar cookies, anyone? Take a look inside, and in no time you'll be blowing out your candles at your spectacular party!

**Candid** Santushti Tyagi,2020-12-30 "From doubting your existence to conquering your dreams, and everything in between." Life is a chaotic voyage. From experiencing growth spurts and emotional rollercoaster rides, to fronting the multidimensional resources and the internet, teens have a lot to balance. During this journey, parents and peers play a crucial role. It is the need of the hour, not only for teenagers themselves, but also for adults to understand the mind of a teenager. This book gives an insight into the life of a teenager today- from the events that affect them the most to the kaleidoscope of feelings they must endure, and everything in between. Things that we have all gone through, or are going through, but that no one talks about. Candid is a rare version of a teen's life that encapsulates the untold experiences that are all part and parcel of teenage years. CANDID will help you to: • Question yourself about life and its challenges • Discover what makes an individual different • Explore the importance of a social image • Interpret why teens tend to lean towards their peers • Understand society's notion of success and the importance of constant companions: HABITS • Heal from breakdowns and stress • Learn the value of self-care and self-love Let's begin a new journey. A journey to know yourself better!

Master Mobile Photography Superguide , There's an old saying in the photography community: The best camera is the one you have with you. In the years we've been writing about digital photography, smartphones have increasingly become that ubiquitous camera. Let us help you take your photos to the next level with TechHive's Master Mobile Photography Superguide, now available on the iBookstore, Kindle Store, Nook Store, Google Play, and as a PDF. Most of today's smartphone cameras have specs you might have found in a point-and-shoot a few years ago. But even though your smartphone has many other features, the goal of this book is shutterbug-related: We want to help you get the most out of your phone's camera features, whether you have an iPhone, Android, or Windows Phone 8 device. The only surefire way to become a better photographer is experience. Luckily, digital photography allows you to make as many mistakes, cost-free, as your memory card can hold. And as you combine technical knowledge and compositional awareness with lots of practice, you'll be able to capture moments of brilliance. We hope this book will help you along that journey.

*Digital Landscape and Nature Photography For Dummies* Doug Sahlin,2011-08-10 Step-by-step instruction on creating beautiful nature and landscape portraits This eye-popping guide walks you through the nitty gritty of how to take memorable and stunning landscape and nature photos. and Nature Photography For Dummies investigates the most popular nature themes and describes how to capture them, including birds, animals in the wild, animals in captivity, flowers, and insects.

**The Complete Guide to Digital Photography** Michael Freeman, 2008 An illustrated introduction to digital photography, examining hardware such as cameras, computers, scanners, and printers and the relationship between them; looking at image-editing software, tools, and techniques; featuring step-by-step instructions for taking professional-quality photographs; and discussing special-effects options.

*Create and Share Digital Photos* Paul Grupp, 2002-10 A guide for beginning users explains how to evaluate digital cameras, compose and capture scenes, adjust color balance, crop out unwanted elements, sharpen focus, apply special effects, and prepare images for printing.

Headlines, Subheads and Value Propositions Joanna Wiebe, 2022-09-28 In just pages... You'll discover what it takes copywriters YEARS of trial & error to figure out. Here's what pro copywriters know for sure: Visitors are bored. And when visitors are bored, bounce rates skyrocket like a SpaceX launch. And conversion rates plummet right along with the latest crypto trend. They also know that your headlines, subheads and value propositions are likely the key boredom culprits. But how do you fix all of that? Especially when you don't have the years to invest. Or a desire to become a pro copywriter. You master the most valuable messaging and marketing copy. The copy that consistently has a direct impact on conversions & sales. Since 2011, Headlines, Subheads & Value Propositions has taught startups, agencies & marketers how to nail the most important copy they'll ever write. In the second book of the Copyhackers Classics Series, Joanna Wiebe shows you how to: • Write stop-in-your-tracks headlines. • Move readers through each section of copy with standout subheads. • Craft a value proposition that shapes your site - and your brand - while boosting sales. And... Joanna includes actionable copywriting strategies, examples and next steps. Plus, a Headline Hall of Shame. 'Cuz let's face it, sometimes the best way to learn what to do - is to see what not to do. And you'll get: • Headline formulas you can AND SHOULD copy (check out chapter 4) • Slap-your-head dos & don'ts, subhead rules (see chapters 5 & 6) • And everything you need to write a value prop that can measurably boost your conversion rate (go to chapter 7) Pick up your copy of Headlines, Subheads & Value Propositions today.

**Embracing the Future: Creative Industries for Environment and Advanced Society 5.0 in a Post-Pandemic Era** Rahmiati Aulia, Diani Apsari, Sri Maharani Budi Haswati, Hana Faza Surya Rusyda, Aisyi Syafikarani, Angelia Lionardi, Setiamurti Rahardjo, Ariesa Farida, Wibisono Tegar Guna Putra, Yelly Andriani Barlian, 2022-09-19 By delivering the mindful writings from our selected authors, this book portrays one big idea: a new Human-Centered society that balances economics to resolve problems, especially in the use of an integrated area in cyberspace, physical space, and how it impacts the creative industries. Through The 8th Bandung Creative Movement, scholars from 15 Universities around the Asian and European countries have discussed this issue where Human-Centered society became the main consideration in the development. Three topics are presented to the readers. Firstly, Sustainable Cities and Communities explores the sub-fields that construct a more sustainable environment for society post-pandemic era, such as technologies, transportation, interior design, architecture, urban planning, etc. While Art and Design: Recontextualization of Nusantara Tradition and Indigenous Culture concerned the novel perspectives on recognizing cultural aspects that shape the face of creative industry, from cultural identity, visual and performing arts, pop culture to language and media. The last topic, Changes and Dynamics in The Creative Industries, reviews the creative approach toward the industry's current trends, including marketplace, destination branding, or digital culture ecosystem. This book will enrich the mind of everybody who is an enthusiast of innovative research on creative industries, human-centered technologies, environmental design, and excellent society 5.0 post-pandemic era.

**Windows 10 May 2019 Update: The Missing Manual** David Pogue, 2019-05-10 The Windows 10 May 2019 Update adds a host of new and improved features to Microsoft's flagship operating system—and this jargon-free guide helps you get the most out of every component. This in-depth

Missing Manual covers the entire system and introduces you to the latest features in the Windows Professional, Enterprise, Education, and Home editions. You'll learn how to take advantage of improvements to the Game Bar, Edge browser, Windows Online, smartphone features, and a lot more. Written by David Pogue—tech critic for Yahoo Finance and former columnist for The New York Times—this updated edition illuminates its subject with technical insight, plenty of wit, and hardnosed objectivity.

It is a comprehensive guide with simple easy to understand screenshot pictures which starts from basic steps to clients approach from doing market research, utilizing Instagram features and fan pages to attract subscribers, driving traffic to your websites, and much more.

**The Qualified Self** Lee Humphreys, 2018-04-13 How sharing the mundane details of daily life did not start with Facebook, Twitter, and YouTube but with pocket diaries, photo albums, and baby books. Social critiques argue that social media have made us narcissistic, that Facebook, Twitter, Instagram, and YouTube are all vehicles for me-promotion. In The Qualified Self, Lee Humphreys offers a different view. She shows that sharing the mundane details of our lives—what we ate for lunch, where we went on vacation, who dropped in for a visit—didn't begin with mobile devices and social media. People have used media to catalog and share their lives for several centuries. Pocket diaries, photo albums, and baby books are the predigital precursors of today's digital and mobile platforms for posting text and images. The ability to take selfies has not turned us into needy narcissists; it's part of a longer story about how people account for everyday life. Humphreys refers to diaries in which eighteenth-century daily life is documented with the brevity and precision of a tweet, and cites a nineteenth-century travel diary in which a young woman complains that her breakfast didn't agree with her. Diaries, Humphreys explains, were often written to be shared with family and friends. Pocket diaries were as mobile as smartphones, allowing the diarist to record life in real time. Humphreys calls this chronicling, in both digital and nondigital forms, media accounting. The sense of self that emerges from media accounting is not the purely statistics-driven “quantified self,” but the more well-rounded qualified self. We come to understand ourselves in a new way through the representations of ourselves that we create to be consumed.

*Sharing Digital Photos For Dummies, Pocket Edition* Julie Adair King, Mark Justice Hinton, Barbara Obermeier, 2010-12-03 Share your favorite digital photos with family and friends Do you have a collection of great vacation shots just waiting to impress your friends? Or critical photos you must get to your business associates? This book shows you all the different options for sharing your photos with a few or a lot of people — quickly, easily, and even for free! Open the book and find: Tips for e-mailing photos Insights on posting to photo-sharing sites and blogs Steps for getting the best results from a scanner How to create a photo slide show or video Digital picture frame advice

What Is a Game? Gaines S. Hubbell, Matthew Wilhelm Kapell, 2020-02-14 What is a videogame? What makes a videogame good? If a game is

supposed to be fun, can it be fun without a good story? If another is supposed to be an accurate simulation, does it still need to be entertaining? With the ever-expanding explosion of new videogames and new developments in the gaming world, questions about videogame criticism are becoming more complex. The differing definitions that players and critics use to decide what a game is and what makes a game successful, often lead to different ideas of how games succeed or fail. This collection of new essays puts on display the variety and ambiguity of videogames. Each essay is a work of game criticism that takes a different approach to defining the game and analyzing it. Through analysis and critical methods, these essays discuss whether a game is defined by its rules, its narrative, its technology, or by the activity of playing it, and the tensions between these definitions. With essays on Overwatch, Dark Souls 3, Far Cry 4, Farmville and more, this collection attempts to show the complex changes, challenges and advances to game criticism in the era of videogames.

*The Rough Guide to Digital Photography* Sophie Goldsworthy, 2011-10-03 The Rough Guide to Digital Photography is an up to date quick reference tool for all things photography-related. With tips on composition and technique, editing quick fixes, and cool things to do with photos, this essential handbook tells you what you need to know to maximize the quality and impact of your pictures both online and off.
