The Picture of Dorian Gray, The Canterville Ghost, The Happy Prince and Other Tales (illustrated) Oscar Wilde, 2020-01-14 "The ones who are able to see the high meaning of beauty are cultural people. However, the chosen one is the one who sees only one thing in beauty: the Beauty itself " said one of the most famous English poets, writers, playwrights, a bright and inimitable Oscar Wilde (1854-1900). Oscar Wilde is the author of not only the world famous novel "Portrait of Dorian Gray", but also of beautiful fairy tales combining the rich imagination of the writer and the ironic style of narration. They sing the beauty of good deeds, sympathy for the offended and humanity. Wilde is also famous for such works as "Puffy Rocket", "Infanta's Birthday", "Nightingale and the Rose", "Princess's Birthday", "Faithful Friend", "The Prince and the Swallow", "The Egoist Giant". "The Canterville Ghost" is about a family who moves to a castle haunted by the ghost of a dead nobleman, who killed his wife and was starved to death by his wife's brothers. The home of the Canterville Ghost was the ancient Canterville Chase, which has all the accoutrements of a traditional haunted house. Descriptions of the wainscoting, the library panelled in black oak, and the armour in the hallway characterise the setting. Wilde mixes the macabre with comedy, juxtaposing devices from traditional English ghost stories such as creaking floorboards, clanking chains, and ancient prophecies. Illustrated by Nataly Ger.

The Four Tendencies Gretchen Rubin,2017-09-12 NEW YORK TIMES BESTSELLER • Are you an Upholder, a Questioner, an Obliger, or a Rebel? From the author of *Better Than Before* and *The Happiness Project* comes a groundbreaking analysis of personality type that “will immediately improve every area of your life” (Melissa Urban, co-founder of the Whole30). During her multibook investigation into human nature, Gretchen Rubin realized that by asking the seemingly dry question “How do I respond to expectations?” we gain explosive self-knowledge. She discovered that based on their answer, people fit into Four

Tendencies: • Upholders meet outer and inner expectations readily. "Discipline is my freedom." • Questioners meet inner expectations, but meet outer expectations only if they make sense. "If you convince me why, I'll comply." • Obligers (the largest Tendency) meet outer expectations, but struggle to meet inner expectations—therefore, they need outer accountability to meet inner expectations. "You can count on me, and I'm counting on you to count on me." • Rebels (the smallest group) resist all expectations, outer and inner alike. They do what they choose to do, when they choose to do it, and typically they don't tell themselves what to do. "You can't make me, and neither can I." Our Tendency shapes every aspect of our behavior, so using this framework allows us to make better decisions, meet deadlines, suffer less stress, and engage more effectively. It's far easier to succeed when you know what works for you. With sharp insight, compelling research, and hilarious examples, *The Four Tendencies* will help you get happier, healthier, more productive, and more creative.

Things That Make Me Happy, 2017-10-03 In the grand tradition of Raindrops on roses and whiskers on kittens comes an uplifting tribute to 100 everyday things worth celebrating. The list, in rhyming couplets, draws directly from a preschool-er's world--from slippery floors to dinosaurs, from goldfish to a birthday wish. Amy Schwartz weaves a masterful balance between art and text, with each of the 100 items portrayed as its own well-observed and warmly detailed vignette. While the contents provide readers with a frame of reference for the quantity of 100--a celebratory milestone in preschools and early elementary grades--the oversized pages envelop young children in the wonderful things surrounding them. Praise for 100 Things That Make Me Happy
