**Happy Fun Land** Aiden Musk, 2017-05-09 You Will Have Fun. Or Else. Nowhere in the world is there a more bizarre theme park than Happy Fun Land. Nick Nike Farmington's twelve years of thrill-seeking and roller coaster riding has brought him to exotic locales like Perth, Australia, Kaatsheuvel, Netherlands, and Santa Claus, Indiana. He's marathoned a roller coaster for ten consecutive hours and conquered the world's tallest and fastest. Yet nothing has prepared him for the insanity of Happy Fun Land and its mind blowing attractions. China's amusement park industry is booming and the newest themed entertainment mecca is about to come online. In order to ensure a successful launch, they're looking to build world-wide buzz through any and all means. Nike is roped into becoming the crash-test dummy of a humongous drop tower ride with no mechanical brakes, a wooden roller coaster that goes upside down, and a death simulator (yes, you read that right). What could possibly go wrong? Follow Nike on his hilarious misadventure through China during the Chinese New Year holiday to attend the grand opening of Happy Fun Land, the world's craziest theme park. Who Should Read Happy Fun Land? Anyone who wants to read a funny story. Those looking for thoughts from a Westerner on what it's like to travel to China and what to expect. Disney theme park fans or anyone interested in theme park design or themed entertainment. If you call yourself a roller coaster enthusiast you might pick up some of the inside jokes. It's like Jurassic Park meets Willy Wonka and the Chocolate Factory meets...something completely new, original, and ridiculous.

Princess BMX Marie Basting, 2019-08-01 Enchanted meets BMX in this hilarious, spellbinding adventure! Trust me, the fairy tales have it so wrong. Dingy towers and wicked step-mums are the least of my worries: it's the boredom that will kill me. Thank the good goblin I discovered BMX. If it wasn't for BMX, nothing would have changed ...

The Last Lecture Randy Pausch, 2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

*Chinese Theatre Troupes in Southeast Asia* Beiyu Zhang, 2021-05-27 A detailed account of the cultural history of the Chinese diaspora, with a focus on the performers and audiences who were involved in the making of Chinese performing cultures in Southeast Asia. Focusing on five different kinds of theatre troupes from China and their respective travels in Singapore, Bangkok, Malaya and

Hong Kong, Zhang examines their different travelling experiences and divergent cultural practices. She thus sheds light on how transnational mobility was embodied, practised and circumscribed in the course of troupes' travelling, sojourning and interacting with diasporic communities. These troupes communicated diverse discourses and ideologies influenced by different social political movements in China, and these meanings were further altered by transmission. By unpacking multiple ways of performing Chineseness that was determined by changing time-space constructions, this volume provides valuable insight for scholars of the Chinese Diaspora, Transnational History and Performing Arts in Asia.

**Touring Variety in the Asia Pacific Region, 1946-1975** Jonathan Bollen, 2020-05-06 Aviation extended the horizon of international touring across Asia and the Pacific in the 1950s and 1960s. Nightclubs in Hong Kong, Manila, Melbourne, Singapore, Sydney, Tokyo, and Taipei presented an international array of touring acts. This book investigates how this happened. It explores the post-war formation of the Asia Pacific region through international touring and the transformation of entertainment during the 'jet age' of aviation. Drawing on archival research across the region, Bollen investigates how touring variety forged new relations between artists, audiences, and nations. Mapping tours and tracing networks by connecting fragments, he reveals how versatile artists translated repertoire in circulation as they toured, and how entrepreneurial endeavours harnessed the production of national distinction to government agendas. He argues that touring variety on commercial circuits diversified the repertoire in regional circulation, anticipating the diversity emerging in state-sanctioned multiculturalisms, and driving the government-construction of national theatres for cultural diplomacy.
