The Best Quiz Book of the World Tom Trifonoff, 2019-07-30 Many quiz books claim they have a “world” flavour to them, when in fact all they ask is where a famous monument is, or in which city are you likely to find.....??? Now, for the first time, comes The Best Quiz Book of the World which actually has the world in it, in the form of quizzes on 111 countries of the world. They include all the well-known ones, the controversial ones, the unique ones, the very small ones and countries that we may have heard about, and know very little about. In fact, it's those countries that turn out to be very interesting countries through their history, geography, leaders and their culture. The Best Quiz Book of the World has 25 questions about each of the 111 countries listed in the book. It asks questions like the capital city, currency, population, colours on the flag, economy, history, famous and infamous people, sporting and cultural achievements and even the letters on a web address. You will be surprised at how much you may know about a country already. If you don't, you will certainly learn something about each country in the book. There are 2775 questions in The Best Quiz Book of the World covering the 111 countries. The answers to each country quiz are on the following page to the questions. There is also detailed information on each answer, especially with regards to geography, population and sporting achievements. People will find The Best Quiz Book of the World fun and challenging. It can be used in formal quiz nights or less formal occasions

when people want to challenge each other on a particular country. The Best Quiz Book of the World can also be used as a teacher resource in senior primary, and secondary schools. Enjoy finding out a lot more about our world with The Best Quiz Book of the World.

1000 Trivia Questions Tom Trifonoff, 2019-01-14 As the name suggests, that's what this book is all about. The 1000 Trivia Questions is a book designed to test and challenge your thinking skills on a wide range of trivia questions. The questions are the same (if not easier) that you would get at any quiz or trivia night. They have been designed to be challenging, but not impossible, to answer. The wide variety of topics—including history, geography, sport, entertainment, science, current events, famous (and infamous) people, math, and food and dining—means all people will be able to answer the questions. The 1000 Trivia Questions book can be used to plan quiz and trivia nights—just pick the questions you want to use. Or it can be used by people to see who has a wealth of trivial information stored in their brains. This book can also be used in classrooms of senior primary students to middle secondary and beyond. 1000 Trivia Questions is designed to be used when people want to challenge themselves and others on things in our world. As well as the questions, all the answers are provided at the back of the book. It has been designed this way to stop prying eyes having a quick peek before answering the question—not that the majority would do that anyway. Enjoy the fun and challenge of 1000 Trivia Questions.
