Sevanti Ninan

Headline Writing Sunil Saxena, 2006-02-13 The importance of a headline for a news item hardly needs to be emphasized. It is perhaps the single most important factor that draws the reader's attention to a story. Thus, while writing a compelling headline is a priority for anyone working on a news desk, this task is not easy to accomplish. This book treats headline writing as a craft that can be learnt, a skill that can be honed and perfected. It examines in detail the basic elements of a headline and explains the best way to assemble them in order to write an arresting one. Sunil Saxena carefully examines the different kinds of headlines and the advantages and disadvantages of each style of writing. The book instructs the reader in: - The functions of a headline - The way to write a headline - The different kinds of headlines - The do's and don'ts of headline writing The author also focuses on writing headlines for the Internet, a skill that is essential in the age of new media and technology. The book is well illustrated by examples and images from newspapers and news magazines. All these have been taken from the Indian media, so that readers can relate to the subject more easily. Exercises and highlighted points at the end of each chapter are useful tools for students of journalism to whom this book will appeal primarily. It will be equally useful for professional journalists.

Headlines From the Heartland Sevanti Ninan, 2007-05-08 In the 1990s a newspaper revolution began blowing across northern and central India. In these Hindi-speaking states, when literacy levels rose, communications expanded, and purchasing power climbed, Hindi newspapers followed-picking up readers in small towns and villages. Even while these newspapers surged to the top of national readership charts, they localised furiously in the race for readers. But in this universe of local news, questions arose about what localisation was doing to regional identity and consciousness. Using notes from her pioneering field-study in eight states, Sevanti Ninan brings alive India's ongoing rural newspaper revolution, and its impact on politics, administration and society. Set against the socio-economic and political changes in the countryside, it is a remarkable story of how journalism flowered in unexpected and unorthodox ways, and colourful media marketing unfurled in the Hindi heartland.

The Republic of India Alan Gledhill, 2013

Making News in Global India Sahana Udupa, 2015-06-11 In the decades following India's opening to foreign capital, the city of Bangalore emerged, quite unexpectedly, as the outsourcing hub for the global technology industry and the aspirational global city of liberalizing India. Through an ethnography of English and Kannada print news media in Bangalore, this ambitious and innovative new study reveals how the expanding private news culture played a critical role in shaping urban transformation in India, when the allegedly public profession of journalism became both an object and agent of global urbanization. Building on extensive fieldwork carried out with the Times of India group, the largest media house in India, between 2008 and 2012, Sahana Udupa argues that the class project of the 'global city' news discourse came into striking conflict with the cultural logics of regional language and caste practices. Advancing new theoretical concepts, *Making News in Global India* takes arguments in media scholarship beyond the dichotomy of public good and private accumulation.

India News, 1957

News as Culture Ursula Rao, 2010 At the turn of the millennium, Indian journalism has undergone significant changes. The rapid commercialization of the press, together with an increase in literacy and political consciousness, has led to swift growth in the newspaper market but also changed the way news makers mediate politics. Positioned at a historical junction where India is clearly feeling the effects of market liberalization, this study demonstrates how journalists and informants interactively create new forms of political action and consciousness. The book explores English and Hindi newsmaking and

investigates the creation of news relations during the production process and how they affect political images and leadership traditions. It moves beyond the news-room to outline the role of journalists in urban society, the social lives of news texts and the way citizens bring their ideas and desires to bear on the news discourse. This important volume contributes to an emerging debate about the impact of the media on Indian society. Furthermore, it convincingly demonstrates the inseparable link between media related practices and dynamic cultural repertoires.

Facets of Indian Culture P. S. Muralimadhavan, K. G. Poullose, 2000 Here are the incredible newspaper headlines that document history's most important moments—headlines so momentous that anyone reading them knew that the world as they knew it had been changed irrevocably. Headlines That Changed the World looks at stories from the Great Western Crosses the Atlantic in 1838 and Abraham Lincoln Assassinated in 1865, through Wall Street Crashes in 1929 and Hitler Sweeps to Power in 1933, to King Elvis Dead in 1977, Obama Wins Presidency in 2008, and Bin Laden Shot Dead in 2011. Headlines That Changed the World is an ideal book to dip into and discover newspaper headlines that shaped our past. Whether it was news of the Kennedy assassination or the fact that man had finally made it to the moon, these headlines and the history behind them will fascinate history buffs and casual readers alike.

Whose News? Ammu Joseph, Kalpana Sharma, 2006-08-04 Whose News?: The Media and Women's Issues (1994) quickly became an international classic which was widely used. The decade that has passed since its publication has witnessed dramatic developments in the media environment across the world. As a consequence, the coverage of gender issues in the media today has to be viewed and evaluated against the background of globalisation in general and media globalisation in particular.

Indian News Media Usha M. Rodrigues, Maya Ranganathan, 2016 This text makes a new and significant argument that Indian news media are no longer just observers but active participants in the events that direct the nation. It explores the changing role and performance of Indian news media in the past 25 years by examining their coverage of some of the landmark events and issues within the context of the India's 'globalising' polity, increased privatisation, new communication technologies, and the rise of individualism

What is News in India? S. M. Mazharul Haque, 1988 This book attempts to define news in a major Third World country such as India by analyzing the news content of the elite press and to make cross-cultural comparisons between the Indian news content and that of the United States. The author answers a variety of questions on the subject-matter distribution of the content, journalistic orientation, news judgment, and role of the news person as a watchdog.

The Indian Subcontinent Paul Mason, 2009-01-30 The Indian subcontinent has been a hot spot since 1947 when India and Pakistan were formed. Since then, they have been in conflict over religion and land. There are other conflict zones in Nepal, Sri Lanka, and Bangladesh. The Indian Subcontinent tells the story of this region and the conflicts between its nations and its peoples. Book jacket.

India: The Siege Within MJ Akbar, 2018-02-08 MJ Akbar is among those who have made a significant impact on Indian society by their writing, whether as authors or editors. Founder and Editor-in-Chief of the seminal newsmagazine, Sunday, in 1976 and The Telegraph in 1982, he revolutionized Indian journalism in the 1970s and 80s. In the 1990s he launched The Asian Age, a multi-edition daily that once again had substantive impact on the profession. In addition, there have been four collections of his columns, reportage and essays.

Non-Stop India Mark Tully, 2011-10 Non-Stop India By Mark Tully Jugaar can loosely be translated as muddling through, or making do. This is undoubtedly a valuable talent and has seen India through numerous crises which could have destabilised a country that is less adaptable - four wars, for example. But while jugaar can be seen to have served India well in the past, it has a downside. It has led to a dangerous complacency, the belief that as India has muddled through so many times before, there is no need for urgency in tackling the problems it faces. In Non Stop India veteran journalist Mark Tully draws on his unmatched knowledge of India, garnered from thirty years of living in, and reporting from, the country, to examine how this approach impacts on her much-touted prospects of becoming an economic super-power. From Maoist conflicts to huge industrial houses; from the Tiger project to farmer suicides; from the Ramayana to the remote valleys of the north-east, Tully examines India's myriad negotiations with modernity and her prospects for the next century and beyond. Today, India is likely to become one of the major economies of the twenty-first century. But many unresolved questions remain about the sustainability of such growth and its effect on the stability of the nation. Veteran journalist Mark Tully draws on thirty years of reporting India and travels the length and breadth of the country to find the answers. Have the changes had any impact on the poor and marginalised? How can the development of the country's creaking infrastructure be speeded up to match its huge advances in technology and industry? With a gift for finding the human stories behind the headlines, he looks at the pressing concerns in different areas of life such as governance, business, spirituality and ecology. In revealing interviews with captains of industry and subsistence farmers, politicians and Dalits, spiritual leaders and bandits, Mark Tully captures the voices of the nation. From the survival of India's languages and the protection of wildlife, to the nation's thriving industries and colourful public affairs, Non-Stop India is a testament to India's vibrant history and incredible potential, offering an unforgettable portrait of this emerging superpower at a pivotal moment of its history. About The Author Sir Mark Tully was born in Calcutta, India in 1935. He was the Chief of Bureau, BBC, New Delhi for twenty-two years, was knighted in the New Year's Honours list in 2002 and was awarded the Padma Bhushan in 2005. Today, his distinguished broadcasting career includes being the regular presenter of the contemplative BBC Radio 4 programme Something Understood. His books include No Full Stops in India, The Heart of India, India in Slow Motion (with his partner and colleague Gillian Wright), and India's Unending Journey. He lives in New Delhi.
