A living testament to the healing efficacy of her teachings, the author freed herself from terminal ovarian cancer at the age of 23. More than 25 years later--having been recognized by the Parliament of the World's Religions for her outstanding contribution to humanity--she shares the healing wisdom that literally saved her life.

Awaken the Dragon Michael Steward, 2004 Practiced by millions of people the world over, Qigong is actually an approach to life itself. It is a state of mind characterized by complete relaxation and complete acceptance, and deep meditation; it is open to the healing energy of the universe, and it offers healing for the whole world. Qigong practice not only aligns your own body, mind and spirit, but also aligns us with the universal body, mind and spirit. By regulating our minds through meditation, deep breathing and gentle movement we can facilitate a smoother and stronger flow of energy throughout our bodies, giving us greater health and freedom of movement throughout our lives. This unique book will familiarize you with the cultivation and healing concepts of Qigong. This book is beautifully illustrated with over 370 photos and more than 80 drawings. We must practice Qigong with the intention of not only healing ourselves, but becoming a healing influence on all those around us.- Dr. Michael Steward Sr.
