We all have different reasons for wanting to become more healthy. Some want to tone and define their body shape, some to lose a few pounds and others their goal is to improve their health, that was me. I Had A Health Scare, seven years ago I experienced an afib (atrial fibrillation) attack which was terrifying. The cardiac docs told me I needed to make changes in my lifestyle. I have found keeping track of my food, sleep and exercise provides valuable information I need to make wise health decisions.
