Live Younger Longer Stephen Kopecky,2022-02-16 Most of us want to live a long, healthy life, but how do we do that? Drawing upon lessons from his own life, Mayo Clinic cardiologist Stephen Kopecky offers a holistic, evidence-based approach to preventing common diseases and chronic illnesses and living a longer life of pleasure and purpose. In the past century, the leading causes of death around the world have shifted from infectious diseases to long-term chronic illnesses. What's killing us today isn't so much flu or tuberculosis, but heart disease and cancer. In fact, more than 1.2 million Americans die from these two diseases each year. Paradoxically, these chronic diseases are a consequence of living longer than ever. But even if we're living longer, are we living better? The overwhelming number of people now living under the burden of chronic illness indicates otherwise. After surviving two bouts of cancer, Dr. Stephen Kopecky, M.D set out to discover the behaviors people can adopt to live longer lives free of chronic illnesses and diseases. What he discovered was that the answer lies in just six habits that require small changes to your daily life, but reap big results long-term. From adopting better diet and exercise habits to managing stress and sleep, these behaviors will not only preserve your health, they can improve your quality of living and extend your life. The secret, however, lies not just in the steps themselves but in how you accomplish them. This book offers in-depth insights on: The best foods to eat and why Increasing physical activity and improving fitness Why your sleep habits matter The dangers of stress and what to do about them The true impact of alcohol and tobacco on our bodies How to make changes that will last a lifetime After 30 years of research in the field of cardiovascular disease prevention, Dr. Kopecky is sharing what he's learned from his practice and own personal experience about staying healthy, preventing chronic illnesses, and living younger longer.

Thank You for Rejecting Me Kait Warman,2021-02-16 Our stories are riddled with the sting of rejection. It's feeling like a failure or being heartbroken. It's being left out or misunderstood. It's the parent who neglected us or the person who betrayed our trust. It's even in the way we think or talk about ourselves and question our relationship with God. Whether it happened in grade school or last week, rejection can leave deep scars that affect our relationships, our self-worth, and our identities for years to come. And while we can't control when rejection appears, we can control how we react when it does. Lead with Heart Tom Gartland,Patrick Sweeney,2018-05-01 If you want your company to thrive, you need to break one of the oldest unwritten rules of leadership. Leaders in nearly every industry have learned to keep a professional distance between themselves and the people who report to them—to avoid getting too close or too personal. This unwritten rule of leadership is pervasive and quietly destructive, and, little by little, keeping ourselves at arm's length destroys trust, collaboration, and the very fabric of organizations. When Tom Gartland became president of Avis Budget

Group, North America, he wanted the corporate culture to become more open and connected—so he started with himself. His message was business is personal—very personal. As he grew closer and connected more with those he was leading, he became a more effective leader, and those around him were inspired to create unprecedented results. Tom found that when we truly open up and care about the people we work with, we can transform organizations into sanctuaries where people feel a deep connection to one another, a profound sense of being part of an important mission, and extraordinary engagement in their work. The result? Employees who feel valued generate exceptional profits. After applying this business philosophy at Avis, not only did Tom see an increase in employee morale, he also saw a significant increase in the company's bottom line. In *Lead with Heart*, Tom provides an unconventional approach to business leadership, including advice and strategies on how to open yourself up as a leader, recognize potential in your employees, and increase employees' trust in you and the company. *Lead with Heart* is the revolutionary leadership book that will help managers and employees at all levels grow their businesses by connecting, honestly and meaningfully, with the people they lead.

Dare to Lead Brené Brown,2018-10-09 #1 NEW YORK TIMES BESTSELLER • Brené Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she’s showing us how to put those ideas into practice so we can step up and lead. Don’t miss the five-part HBO Max docuseries Brené Brown: Atlas of the Heart! NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don’t pretend to have the right answers; we stay curious and ask the right questions. We don’t see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don’t avoid difficult conversations and situations; we lean into vulnerability when it’s necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we’re choosing not to invest in developing the hearts and minds of leaders at the exact same time as we’re scrambling to figure out what we have to offer that machines and AI can’t do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, “One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It’s learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It’s why we’re here.” Whether you’ve read *Daring Greatly* and *Rising Strong* or you’re new to Brené Brown’s work, this book is for anyone who wants to step up and into brave leadership.
