The Cambridge Companion to Kant and Modern Philosophy Paul Guyer,2006-01-30 The philosophy of Immanuel Kant is the watershed of modern thought, which irrevocably changed the landscape of the field and prepared the way for all the significant philosophical movements of the nineteenth and twentieth centuries. This 2006 volume, which complements The Cambridge Companion to Kant, covers every aspect of Kant's philosophy, with a particular focus on his moral and political philosophy. It also provides detailed coverage of Kant's historical context and of the enormous impact and influence that his work has had on the subsequent history of philosophy. The bibliography also offers extensive and organized coverage of both classical and recent books on Kant. This volume thus provides the broadest and deepest introduction currently available on Kant and his place in modern philosophy, making accessible the philosophical enterprise of Kant to those coming to his work for the first time.

**Immanuel Kant: Quotes and Facts** Blago Kirov,2016-10-29 This book is an anthology of quotes from Immanuel Kant and selected facts about Immanuel Kant. All our knowledge falls with the bounds of experience.From such crooked wood as that which man is made of, nothing straight can be fashioned.Give me matter, and I will construct a world out of it! Happiness is not an ideal of reason, but of imagination. Human reason is by nature architectonic.I had therefore to remove knowledge, in order to make room for belief.I have no knowledge of myself as I am, but merely as I appear to myself.Ingratitude is the essence of vileness. It is not God's will merely that we should be happy, but that we should make ourselves happy.It is precisely in knowing its limits that philosophy consists.Live your life as though your every act were to become a universal law.Nothing is divine but what is agreeable to reason.Only the descent into the hell of self-knowledge can pave the way to godliness. Science is organized knowledge. Wisdom is organized life.The death of dogma is the birth of morality. To be is to do.Two things fill the mind with ever-increasing wonder and awe, the more often and the more intensely the mind of thought is drawn to them: the starry heavens above me and the moral law within me.

*The Promise of God as Above in Heavens so Below on Earth* Joseph Sener,2020-01-05 We are earthen vessels for the Creator God. His light shines on us with the seven candlesticks of the menorah from above with star lights keeping the cross of Christ in our hearts so that what is as above is also with us below. God wants us to live life in peace and to depart in fullest capacity, rejecting evil. He may appear slow in anger, but He is rich in blessings and forgiveness. We exist in creation with our souls and spirits wearing organic and inorganic matter. We are most virtuous and worthy. We live in matter but apart from matter with a yearning to know the Creator who does not dwell in matter. With our devoted practices in religions, we try to come close to adorn Him, and with our rigor in science, we try to discover Him. His presence cannot be found upon by us from the lower three dimensions where we live on earth. Our searching methodologies and equations have no meaning unless they express the thoughts of Almighty God who dwells in the higher, nonmaterial, seven dimensions above, residing below on earth. A designed, predetermined time on earth is approaching steadily. We will be transformed, and we shall proclaim, As below on earth so above in the heavens, and as above in the heavens so below on earth. All are one, unified together, integrated under the divine will of God as ONE. His mysterious, three-dimensional universe is beyond extraordinary. It is full of natural lights coming from His stars, the seven bright stars of His constellations. The supernatural lights of the higher seven dimensions are behind them to maintain their existence. Together they make the tree of divine dimensions. They all will manifest in the Millennium Age to deliver the new heavens with the new earth to initiate the New World for humanity. The heavens and earth will be one under the Creator of all, God in His holy triduum.
