Healing in the Hebrew Months Leah Lesesne,2019-04-03 What if you could know what God is doing in each season? God of course moves as he pleases whenever he pleases and we certainly can receive any kind of healing any time of year; but when we learn the spiritual rhythms of the Hebrew months and the emotional healing ripe for the picking we unlock a new way of communicating with him that allows for greater revelations to follow. Instead of wondering what God is doing or saying, we can join him in the rhythms he set in motion centuries before. This book is the first in a three-part collection covering all the different facets of meaning found in the Hebrew months. Part one covers the biblical significance of the months as well as the emotional themes. In part two Seneca of Freedom Flowers will introduce you to the tribes, stones, gates, and constellations associated with each month. And in part three, Del of Healing Frequencies Music will go deep with the letters associated with each month and the ways she has used the Hebrew alphabet to make music. In Part One Here you'll gain a foundation of understanding the Hebrew calendar and the overall themes of each month. You'll see how the Hebrew months are mentioned throughout scripture and how they speak prophetically of Jesus our Messiah. As we look at the biblical significance of each month we'll also highlight the emotional themes and give you a Captive Thought Therapy tapping exercise to use throughout the month. Captive Thought Therapy (CTT) combines elements of TFT & EFT tapping, declarations, and inner healing prayer to help you take your thoughts captive and find greater breakthroughs in emotional and spiritual health.

The Hebrew Months Tell Their Story Reudor,2000 Rhymes help children learn about the Jewish calendar, famous historical events, and the holidays and feasts that occur during each month.

9099□9□9□9□099□9□9@9□® Michael L. Munk,1983 For more than a generation, Rabbi Michael L. Munk, as a sidelight to his busy schedule of educational and communal work, has fascinated audiences with his learned and provocative lectures on the Hebrew alphabet. In the process of opening eyes and raising eyebrows, he has convinced countless people that his contention is true: the Hebrew alphabet abounds in scholarly and mystical meaning. He has developed and proven a profound thesis. The alphabet -- if correctly understood -- is a primer for life. Ethical conduct, religious guidance, philosophical insights, all are nestled in the curls, crowns, and combinations of the Hebrew letters. This is one of those rare books that is both interesting and profound, learned and readable. The wisdom and compassion of the author is evident in those subtle ways that do not intrude on the reader, but give him the satisfaction of knowing that a rich, warm, productive lifetime of experience is flavoring the text.
