50 Years of Boss Fights Daryl Baxter,2024-08-30 *50 Years of Boss Fights* celebrates a fading art in modern games. Author Daryl Baxter has written about 51 bosses that have made the greatest impact, ever since the first boss debuted in 1974. Full of interviews and insights from the developers who helped made the bosses as memorable as they are, includes those who have worked on Mario 64, DOOM, Bioshock, Star Wars, Half Life and many more. Some explained how they came to be, what was scrapped, and, ultimately, if they were happy with them, looking back. The book goes into detail about the first ever boss from the start, called the Golden Dragon in dnd, which first debuted in 1974. Heralded as the first ever boss in a video game, Daryl spoke to its creators about how it came to be, and how they feel about creating a standard in games. The book sheds light on what was scrapped in other bosses, and how some bosses were so illegal, they had to be updated in rapid fashion to avoid a potential lawsuit. Full of photos that showcase how the bosses work and how to beat them, it's a 50-year record of the best, the most challenging, and the most memorable that you may or may not have beaten so far. Sigil & Shadow R.E. Davis,2021-07-22 Set in a mirror of our own world, Sigil & Shadow is a roleplaying game of urban fantasy and occult horror in which players take on the roles of illuminated heroes and shadowed monsters to face the rising tide of supernatural forces. Ancient nightmares lurk behind the closed doors of board rooms, entities from beyond time prowl the city streets, forgotten rituals are reborn as viral memes. Do you take a stand against the encroaching shadows? Or do you seek their power for yourself? Powered by the highly accessible d00Lite system, Sigil & Shadow focuses squarely on the story rather than the mechanics – who the characters are and what they do, not how they do it. Easy to adopt to any mythos, campaigns can be built around a wide range of plots, with players taking the role of anything from paranormal investigators and monster hunters to members of occult cabals or secret societies. The setting offered sees a modern world buffeted by the tides of supernatural power, where beings of myth wake from their slumber while modern cults sacrifice to pop-culture gods and ancient cabals pursue their age-old schemes into the digital age.

Spirits of the Black Forest Nia Rose,2020-04-17 Who's Afraid of the BIG Bad Wolves? Two weeks have passed since we've last seen our heroes as they received the news of hundreds of feral demon sightings. But, the summoning circles have opened a lot more than just Coven drama in the world of Raen. With the annual blizzard having just ended, the people still aren't clear of danger. The Coven is in chaos, and Vanessa and Bobo are widely known throughout for their previous achievements. With the city in turmoil, the High Priest Council has ordered a mandatory curfew for the beings of Tolvade as Hunter scouts and Spellweavers roam the streets binding any feral underworld creatures they can find. Meanwhile, Vanessa, Bobo, Leon, and Lyx all try to resume their old life. Something that may be impossible with their newly assigned missions. One is just a simple routine checkup at the local sanctuary to gather information on a massive black magic spell, the other twists them down a dark road that somehow ends up giving them a lead on a potential de-summoning spell. There's only one catch: It'll take them into the heart of the infamous Black Forest. Full of giant wolves, dangerous magic, and chock-full of secrets, the Black Forest is not a place for the faint of heart... actually, it's not for anyone with a heart. If you are alive (in any sense of the word) the Black Forest was the last place you'd venture to if you wanted to keep it that way. If this

suicide mission wasn't difficult enough, each of our beloved characters is faced with inner battles that could shatter their bonds with one another. Will the dynamic duo and their feisty friends manage to survive the darkness within and come back to Coven HQ with a spell that hasn't been used in almost 200 years, or will they be lost within the forest forever?

Randi Sanderson: The Complete Series Lia Davis, 2024-02-23 Murder is a game that Randi Sanderson knows far too well, but at least she's playing on the right side of the law. Being half-archangel and half-vampire makes her one of Jacksonville Sheriff Office's best detectives and a suspect's worst nightmare. When she arrives at the scene of her next case, it's obvious this murder isn't a typical human crime of passion or rage. As a powerful hybrid, Randi can sense something is off, and not just because the body was dumped in a church parking lot. Luckily, her many gifts include the ability to dig up dirt on anyone. This time, getting to work won't be so simple. Surprised by a new partner, Randi knows her life is about to get a little more complicated. There's a reason she doesn't work with others. To the outside world, she's just a police detective and single mom, but the reality is she has a secret identity to keep. With the case taking a dark turn and her new partner obviously keeping secrets of his own, the last thing Randi needs is more trouble. So when the angelic and demonic factions start bidding to hire her to kill other supernatural beings just like herself, she patently refuses. The rogue hybrids known as The Shade are none of her concern, and she isn't interested in becoming an assassin. But when she finds herself in the middle of her own case with The Shade coming for her, she must reconsider. The half-angel, half-demon miscreants won't stop until they're dead or they have what they truly want: Randi's son.

A group of half-angel, half-demon malcontents bent on domination over the middle. But first, they'll have to deal with Jacksonville's lead detective, Randi Sanderson. A hybrid herself, Randi distanced herself from the magical world, content to live and work among humans. However, after she barely managed to save her own son from the grip of Shade operatives, she's prepared to dive back into the supernatural underbelly — and tear it apart. Hell's no place for a kid, but without safer alternatives, Randi lets her father take her son into hiding while she deals with the Shade threat to her family.
