Kyoto Revisited Jennifer S. Prough, 2022-02-28 There is a charm to Kyoto. Surrounded by lush green hills, the city feels alive with nature, history, culture—and tourists. At once ancient capital, modern city, and home to numerous cultural heritage sites, Kyoto looms large in the promotion of Japanese culture at home and abroad. In the wake of years of economic recession followed by the national promotion of “cool Japan” in popular culture and tourism of the twenty-first century, anthropologist Jennifer

Prough sets out to examine how the city's history and culture have been mobilized to create heritage experiences for today's tourists. The heart of her book, *Kyoto Revisited*, centers on what it means to produce these for visitors, why seeing and feeling culture and tradition appeal to both domestic and international travelers, and the challenges faced by a heritage tourism city. As Prough's study suggests, heritage has multiple meanings. It is created as interested parties—state and local, public and private—tell different stories about the past, which are marketed in response to tourists' desire for face-to-face engagement in an experience economy. Her work examines several prominent features of Kyoto tourism, including promotion plans, heritage neighborhood renovation, the role of the seasons and traditional aesthetics in citywide events, the appeal of sites commemorating the Meiji restoration, and the trend of walking in the heritage district in a rented kimono. Throughout Prough brings together scholarship from Japanese studies, heritage studies, and the anthropology of tourism to highlight the interplay between the romantic desire for heritage tourism and the emphasis on "personal experience" (taiken) in the visitor industry today. Experience has long been an integral part of tourism—even as what counts as experience has shifted across time and place (from taking a photo to staying with locals to trying one's hand at a traditional craft)—yet these touristic desires take on a new tinge in the experience economy. *Kyoto Revisited* demonstrates not only how the past has been used to construct the city's identity and shape

understandings of Japan for travelers, but also how these speak to broader trends in our contemporary moment.

Alone Time Stephanie Rosenbloom, 2019-06-04 A wise, passionate account of the pleasures of traveling solo In our hectic, hyperconnected lives, many people are uncomfortable with the prospect of solitude. Yet a little time to ourselves can be an opportunity to slow down, savor, and try new things, especially when traveling. Through on-the-ground reporting, insights from social science, and recounting the experiences of artists, writers, and innovators who cherished solitude, Stephanie Rosenbloom considers how traveling alone deepens appreciation for everyday beauty, bringing into sharp relief the sights, sounds, and smells that one isn't necessarily attuned to in the presence of company. Walking through four cities--Paris, Florence, Istanbul, and New York--and four seasons, *Alone Time* gives us permission to pause, to relish the sensual details of the world rather than hurtling through museums and uploading photos to Instagram. In chapters about dining out, visiting museums, and pursuing knowledge, we begin to see how the moments we have to ourselves--on the road or at home--can be used to enrich our lives. Rosenbloom's engaging and elegant prose makes *Alone Time* as warmly intimate an account as the details of a trip shared by a beloved friend--and will have its many readers eager to set off on their own solo adventures.

International Marketing John Shaw, Sak Onkvisit, 2008-01-28 Marketing is a universal activity that is widely applicable, regardless of the political, social or economic systems of a particular country. However, this doesn't mean that consumers in different parts of the world should be satisfied in the same way. The 4th edition of International Marketing has been written to enable managers and scholars to meet the international challenges they face everyday. It provides the solid foundation required to understand the complexities of marketing on a global scale. The book has been fully updated with topical case studies, examples of contemporary marketing campaigns, the most relevant discussion topics as well as the most up-to-date theories, references and research findings. It is this combination of theory and practice that makes this textbook truly unique, presenting a fully rounded view of the topic rather than an anecdotal or descriptive one alone. The book includes chapters on: * Trade distortions and marketing barriers * Political and legal environments * Culture * Consumer behaviour * Marketing research * Promotion and pricing strategies * Currencies and foreign exchange Accessibly written and designed, this book is the most international book on marketing available that can be used by undergraduates and postgraduates the world over. A companion website provides additional material for lecturers and students alike.

Fodor's Around London With Kids Alex Wijeratna, 2013-06-04 Fodor's Around London with Kids provides both visiting and local parents with 68 fun family activities to do in London, from exploring the London Dungeon and all its gruesome thrills, to learning about brass rubbing (and making your own) at the Brass Rubbing Centre, to getting a bird's-eye view of the city from the London Eye. Each activity features practical tips and suggestions for nearby places to eat. Plus, there are games for the kids. Parents will appreciate its compact size and easy-to-use format, which results in a better organized and more practical guide than the competition. And a guide parents will dip into time and time again. Expanded Coverage: Exciting new kid-friendly activities and sights have been added to help families experience the best of London. Restaurant coverage has been updated with a focus on top spots with kid-friendly menus. Indispensable Trip Planning Tools: Cross-references at the end of each listing allow families to identify the London sights that best match their interests. Boxes in each listing call out tips and nearby kid-friendly restaurants for quick reference. A quick-scan thematic index appears at the back of the book. Written by a Parent: Fodor's Around London with Kids is written by a local parent who knows how to keep kids entertained there. Fodor's choices are tried and true, while covering the practical concerns

that all parents must address. Tips on transportation, timing, and what to do on rainy days are all included.

Ask a Manager Alison Green, 2018-05-01 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your

cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together
