Our Children and Other Animals Dr Matthew Cole,Dr Kate Stewart,2014-11-28 Focusing on the socialization of the human use of other animals as resources in contemporary Western society, this book explores the cultural reproduction of human-nonhuman animal relations in childhood. With close attention to the dominant practices through which children encounter animals and mainstream representations of animals in children's culture - whether in terms of the selective exposure of children to animals as 'pets' or as food in the home or in school, or the representation of animals in mass media and social media - Our Children and Other Animals reveals the interconnectedness of studies of childhood, culture and human-animal relations.

Our Children and Other Animals Matthew Cole,Kate Stewart,2016-05-23 Focusing on the socialization of the human use of other animals as resources in contemporary Western society, this book explores the cultural reproduction of human-nonhuman animal relations in childhood. With close attention to the dominant practices through which children encounter animals and mainstream representations of animals in children's culture - whether in terms of the selective exposure of children to animals as pets or as food in the home or in school, or the representation of animals in mass media and social media - Our Children and Other Animals reveals the interconnectedness of studies of childhood, culture and human-animal relations. In doing so it establishes the importance of human-animal relations in sociology, by describing the sociological importance of animals in children's lives and children in animals' lives. Presenting a new typology of the various kinds of human-animal relationship, this conceptually innovative book constitutes a clear demonstration of the relevance of sociology to the interdisciplinary field of human-animal relations and will appeal to readers across the social sciences with interests in sociology, childhood studies, cultural and media studies and human-animal interaction.

Hawksong Amelia Atwater-Rhodes,2008-12-23 DANICA SHARDAE IS an avian shapeshifter, and the golden hawk's form in which she takes to the sky is as natural to her as the human one that graces her on land. The only thing more familiar to her is war: It has raged between her people and the serpiente for so long, no one can remember how the fighting began. As heir to the avian throne, she'll do anything in her power to stop this war—even accept Zane Cobriana, the terrifying leader of her kind's greatest enemy, as her pair bond and make the two royal families one. Trust. It is all Zane asks of Danica—and all they ask of their people—but it may be more than she can give. Hello Kitty Must Die Angela S Choi,2010-04-01 On the outside, twenty-eight-year-old Fiona Yu appears to be just another Hello Kitty--an educated, well-mannered Asian American woman. Secretly, she feels torn between the traditional Chinese values of her family and the social mores of being an American girl. To escape the burden of carrying her family's honor, Fiona decides to take her own virginity. In the process, she makes a surprising discovery that reunites her with a long-lost friend, Sean Killroy. Sean introduces her to a dark world of excitement, danger, cunning, and cruelty, pushing her to the limits of her own morality. But Fiona's father throws her new life into disarray when he dupes her into an overnight trip that results in a hasty engagement to Don Koo, the spoiled son of a wealthy chef. Determined to thwart her parents' plans to marry her off into Asian suburbia, Fiona seeks her freedom at any price. How far will she go to bury the Hello Kitty stereotype forever? Fiona's journey of self-discovery is biting and clever as she embraces her true

nature and creates her own version of the American Dream, eliminating--without fear or remorse--anyone who stands in her way.
