*When the Wolves Bite* Scott Wapner,2018-04-24 The inside story of the clash of two of Wall Street's biggest, richest, toughest, most aggressive players--Carl Icahn and Bill Ackman--and Herbalife, the company caught in the middle With their billions of dollars and their business savvy, activist investors Carl Icahn and Bill Ackman have the ability to move markets with the flick of a wrist. But what happens when they run into the one thing in business they can't control: each other? This fast-paced book tells the story of the clash of these two titans over Herbalife, a nutritional supplement company whose business model Ackman questioned. Icahn decided to vouch for them, and the dispute became a years-long feud, complete with secret backroom deals, public accusations, billions of dollars in stock trades, and one dramatic insult war on live television. Wapner, who hosted that memorable TV show, has gained unprecedented access to all the players and unravels this remarkable war of egos, showing the extreme measures the participants were willing to take. When the Wolves Bite is both a rollicking, entertaining read--a great business story of money and power and pride.

The chapters, written by researchers and professionals working in the plant food industry, look at ways to make effective use of plant by-products by harnessing the power of the antimicrobial and nutraceutical power of plant and herb extracts. **Worthless, Impossible and Stupid** Daniel,2013-06-18 Introducing the global mind-set changing the way we do business. In this fascinating book, global entrepreneurship expert Daniel Isenberg presents a completely novel way to approach business building—with the insights and lessons learned from a worldwide cast of entrepreneurial characters. Not bound by a western, Silicon Valley stereotype, this group of courageous and energetic doers has created a global and diverse mix of companies destined to become tomorrow's leading organizations. Worthless, Impossible, and Stupid is about how enterprising individuals from around the world see hidden value in situations where others do not, use that perception to develop products and services that people initially don't think they want, and ultimately go on to realize extraordinary value for themselves, their customers, and society as a whole. What these business builders have in common is a contrarian mind-set that allows them to create opportunities and succeed where others see nothing. Amazingly, this process repeats itself in one form or another countless times a day all over the world. From Albuquerque to Islamabad, you will travel with Isenberg to discover unusual yet practical insights that you can use in your own business. Meet the founders of Grameenphone in Bangladesh, PACIV in Puerto Rico, Sea to Table in New York, Actavis in Iceland, Studio Moderna in Slovenia, Hartwell Metals in Hong Kong and Southeast Asia, Given Imaging in Israel, WildChina in China, and many others. You'll be moved by the stories of these plucky start-ups—many of them fueled by adversity and, more often than not, by necessity. Great stories, stunning successes, crushing failures—they're all here. What can we, in the East and West, learn from them? What can you learn—and what will these entrepreneurial stories, so compellingly told, inspire you to do? Let this book open doors for you where you once saw only walls. If you've ever felt the urge to turn a glimmer of an idea into something extraordinary, these stories are for you.
