The Hidden Mickeys of Walt Disney World Kevin Neary, Susan

Neary, 2016-06-28 So what exactly is a Hidden Mickey? Quite simply, it's an artistic representation of Mickey that was intentionally placed amid the architecture and design of the parks and resorts. Oftentimes it's the familiar three-circle shape of his ears and head. Other times it might be a profile of his face or a full-body silhouette. Walt Disney World Guests with keen eyes can tell you that Mickey pops up all over the resort, often in the most unexpected places. With this resortwide scavenger hunt, you'll be guided toward each Hidden Mickey, first with a general hint-if you're up for a challenge- and then with a very specific clue. It's so much search-and-find fun, you might forget about your FastPass reservation for Big Thunder Mountain Railroad!

Hidden Mickeys Steven M. Barrett, 2005 The bestselling guidebook on the subject has been completely updated with all the latest sightings.

The Hidden Mickeys of Disneyland Bill Scollon, 2015-05-12

Walt Disney was fond of saying, I only hope that we never lose sight of one thing: that it was all started by a mouse. And so it is only appropriate that the mouse is incorporated into nearly every

aspect of the Disney parks and resorts. In some cases, Mickey's presence is obvious—as in the Partners statue that stands in the center of the hub at the end of Main Street, U.S.A. But in other cases, Mickey's influence is a bit more hidden. . . . So what exactly is a Hidden Mickey? Quite simply, it's an artistic representation of Mickey that was intentionally placed amid the architecture and design of the parks and resorts. Oftentimes it's the familiar three-circle shape of his ears and head. Other times it might be a profile of his face or a full-body silhouette. Disneyland Guests with keen eyes can tell you that Mickey pops up all over the resort, often in the most unexpected places. It's so much search-and-find fun, you might forget about your FastPass reservation for Big Thunder Mountain Railroad!
