Ellen Isaacs, Alan Walendowski

Lines of Power - Limits of Language Gunnar Olsson,1991

Invisible Man Ralph Ellison,2016-08-18 *Invisible Man* is a milestone in American literature, a book that has continued to engage readers since its appearance in 1952. A first novel by an unknown writer, it remained on the bestseller list for sixteen weeks, won the National Book Award for fiction, and established Ralph Ellison as one of the key writers of the century. The nameless narrator of the novel describes growing up in a black community in the South, attending a Negro college from which he is expelled, moving to New York and becoming the chief spokesman of the Harlem branch of the Brotherhood, and retreating amid violence and confusion to the basement lair of the Invisible Man he imagines himself to be. The book is a passionate and witty tour de force of style, strongly influenced by T.S. Eliot's *The Waste Land*, Joyce, and Dostoevsky.

These Wilds Beyond Our Fences Bayo Akomolafe,2017-11-14 Tackling some of the world's most profound questions through the intimate lens of fatherhood, Bayo Akomolafe embarks on a journey of discovery as he maps the contours of the spaces between himself and his three-year-old daughter, Alethea. In a narrative that manages to be both intricate and unguarded, he discovers that something as commonplace as becoming a father is a cosmic event of unprecedented proportions. Using this realization as a touchstone, he is led to

consider the strangeness of his own soul, contemplate the myths and rituals of modernity, ask questions about food and justice, ponder what it means to be human, evaluate what we can do about climate change, and wonder what our collective yearnings for a better world tell us about ourselves. These Wilds Beyond Our Fences is a passionate attempt to make sense of our disconnection in a world where it is easy to feel untethered and lost. It is a father's search for meaning, for a place of belonging, and for reassurance that the world will embrace and support our children once we are gone.

The Visible and the Invisible Maurice Merleau-Ponty, 1968

The Visible and the Invisible contains the unfinished manuscript and working notes of the book Merleau-Ponty was writing when he died. The text is devoted to a critical examination of Kantian, Husserlian, Bergsonian, and Sartrean method, followed by the extraordinary The Intertwining--The Chiasm, that reveals the central pattern of Merleau-Ponty's own thought. The working notes for the book provide the reader with a truly exciting insight into the mind of the philosopher at work as he refines and develops new pivotal concepts.

Colonizer and Colonized , 2021-11-08

Over the last two decades, the experiences of colonization and decolonization, once safely relegated to the margins of what occupied students of history and literature, have shifted into the latter's center of attention, in the West as elsewhere. This attention does not restrict itself to the historical dimension of colonization and decolonization, but also focuses upon their impact upon the present, for both colonizers and colonized. The nearly fifty essays here gathered examine how literature, now and in the past, keeps and has kept alive the experiences - both individual and collective - of colonization and decolonization. The contributors to this volume hail from the four corners of the earth, East and West, North and South. The authors discussed range from international luminaries past and present such as Aphra Behn, Racine, Blaise

Cendrars, Salman Rushdie, Graham Greene, Derek Walcott, Guimarães Rosa, J.M. Coetzee, André Brink, and Assia Djebar, to less known but certainly not lesser authors like Gioconda Belli, René Depestre, Amadou Koné, Elisa Chimenti, Sapho, Arthur Nortje, Es'kia Mphahlele, Mark Behr, Viktor Paskov, Evelyn Wilwert, and Leïla Houari. Issues addressed include the role of travel writing in forging images of foreign lands for domestic consumption, the reception and translation of Western classics in the East, the impact of contemporary Chinese cinema upon both native and Western audiences, and the use of Western generic novel conventions in modern Egyptian literature.

Parables and Rhetoric in the Sermon on the Mount Ernst Baasland, 2015-07-27 Parable research has to a large degree ignored the Sermon on the Mount (SM) and for its part, research into the SM has likewise left the parables by the wayside. However, the use of parabolic language in more than one third of the SM influences its interpretation and indeed opens up a new approach to it. In the current volume, Ernst Baasland focuses on this important factor, whilst also taking the rhetoric of Jesus' teaching into consideration. The author maintains that rhetorical features have a great bearing on the interpretation of the text with the overall structure illuminating the entire composition of the sermon. Fresh insights into its oration therefore serve to challenge the source problem in a new way. The religious and philosophical settings of this most well-known of Christ's preachings are clarified by its parables and rhetoric; and the sermon's Jewish background has often been investigated. While the author continues with that particular task, he simultaneously affords more emphasis to the parallels in (Greek) Hellenistic literature. The combining of all these factors leads to a clearer comprehension of the Sermon on the Mount's philosophy of life and provides a better understanding of this classical text--

classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

The Chronicle of Glastonbury Abbey James P. Carley, 1985 John of Glastonbury's chronicle represents an attempt to summarise the lore and learning about Glastonbury Abbey and its past available in the fourteenth century, a body of knowledge which changed very little before the Reformation. The author drew on a large number of sources and edited these skilfully to form his narrative, while preserving the earlier text almost intact. The result is the fullest medieval account of the abbey and its legends. A translation is included, which makes the important text available in English for the first time, and the whole volume is designed as a companion to John Scott's edition and translation of William of Malmesbury's twelfth-century account of the abbey's history.

Inside Out & Back Again Thanhha Lai, 2013-03-01 Moving to America turns H&à's life inside out. For all the 10 years of her life, H&à has only known Saigon: the thrills of its markets, the joy of its traditions, the warmth of her friends close by, and the beauty of her very own papaya tree. But now the Vietnam War has reached her home. H&à and her family are forced to flee as Saigon falls, and they board a ship headed toward hope. In America, H&à discovers the foreign world of Alabama: the coldness of its strangers, the dullness of its food, the strange shape of its landscape, and the strength of her very own family. This is the moving story of one girl's year of change, dreams, grief, and healing as she journeys from one country to another, one life to the next.

The Poems of Alexander Pope Alexander Pope, 1963-01-01 A splendid presentation of Pope's poems, excluding only his translations of Homer, this is the only one-volume edition that can lay claim to completeness and accuracy of text. It presents the corpus of Pope's poetry as printed in the highly praised Twickenham Edition, except for the 1712 version of *The Rape of the Lock* and other early versions of phrases preserved in the critical apparatus of the six-volume work. Pope's own notes to his poems are included, as well as a generous selection of the copious annotation in the Twickenham text. This reduced version of the unsurpassed standard edition of Pope will be of great value to all students and teachers of English literature. John Butt, Regius Professor of Rhetoric and English Literature at Edinburgh University, is general editor of the Twickenham Edition. The publishers are surely right in claiming that 'this should for long remain the standard one-volume edition of Pope's poems.' The Twickenham edition . . . has been a splendid achievement, and Professor Butt's distillation of the long labours of his fellow-editors is most commendable.—Times Literary Supplement.

Designing from Both Sides of the Screen Ellen Isaacs, Alan Walendowski, 2002 Written from the perspectives of both a user interface designer and a software engineer, this book demonstrates rather than just describes how to build technology that cooperates with people. It begins with a set of interaction design principles that apply to a broad range of technology, illustrating with examples from the Web, desktop software, cell phones, PDAs, cameras, voice menus, interactive TV, and more. It goes on to show how these principles are applied in practice during the development process -- when the ideal design can conflict with other engineering goals. The authors demonstrate how their team built a full-featured instant messenger application for the wireless Palm and PC. Through this realistic example, they describe the many subtle tradeoffs that arise between design and

engineering goals. Through simulated conversations, they show how they came to understand each other's goals and constraints and found solutions that addressed both of their needs -- and ultimately the needs of users who just want their technology to work.

A Topical Guide to the Koran & Sharia Law Robert Maddock, 2020-03-17 This book is based on the 1734 translation of the Koran by George Sale. This translation is in King James English, making comparisons between it and the King James Bible easily. This is a topical guide that will take a word or short phrase and find it in every verse of the Koran where it appears. These verses are placed together so that the reader can readily determine the context and, therefore, the meaning of the word or phrase. In some instances such as the word "jihad," which does not appear in the Sale translation, it is traced in the University of Michigan's online translation of the Koran. There it appears thirteen times, but in only two does it mean an internal struggle. In the other eleven, it means warfare. When analyzing words and phrases in the Koran, it is important to know when they were received and written. It is also important to know that the Koran includes material that seems to come from other sources. This has been outlined in volume 2 of the 1,300 Years' War. As noted in volume 1 of the

1,300 Years' War, Muhammad (PBUH) has been thought by many for over 150 years to have suffered from temporal lobe epilepsy associated with visual and auditory hallucinations. These seizures last less than three minutes. It is, therefore, important to know which suras might have come from a single episode. A table shows this in volume 1 (table 8). Many scholars divide the Koran into four major periods: early Mecca (AD 610-615), mid-Mecca (AD 616), late Mecca (AD 617-621) and Medina (AD 622-632). The analysis of the verses in these periods found that militancy against non-Muslims progresses: 7.7 percent of the verses from early Mecca are militant. This rises to 10.6 percent in the mid-Mecca period, and 18.3 percent in the late Mecca period. It tops out at 29.3 percent in the Medina period. The colored version of the topical guide shows these periods in black, blue, green, and red. In the black and white edition, it shows these four periods of the Koran in plain italics, boldface italics, regular plain type, and boldface regular type. The reason this division is important is the doctrine of abrogation (2:106) given early in the Medina period. This states that verses given later may nullify verses given earlier. Thus, many peaceful verses given in the early parts of the Koran may be nullified by the "verse of the sword" (9:5) given later toward the end of the prophet's life: "Slay the idolaters wherever you find them." So far as I have been able to determine, there has been no stylistic analysis of the Koran. A person studying the Koran or the history of Islam will find this work most valuable.
