**Stopping a dangerous Revolution** Stuart Miller, 2022-05-22 I provide an in-depth, analytical, and philosophical explanation of why specific cultural and social issues exist. With each topic, I discuss what it is, give examples for each, and break down each example providing more detail of just some of the possible reasons as to why people do them (possible mentalities). I also give some of my own experiences and everything discussed in this book, I have personally witnessed and or have gone thru. I included the following: \* Situations based on personal experience and or witnessing them, with some online research to support specific issues. \* My perception, perspective, and mentality on various issues that affects everyone to some degree \* Quotes that further support certain chapter topics \* Philosophies, analogies, and comparisons to provide better contextual clarification on certain issues \* Detailed breakdown of the examples provided within each chapter \* Explanation of what it will take to help fix each of these issues \* Some of the many possible reasons why people behave the way they do and some of the possible motives, intentions, and life experiences from both sides (the person doing the behavior and the person receiving the treatment) \* Solutions to all the topics that are discussed (changes that we need to make with how we think and act towards others) Furthermore, I provide much thought-provoking material to challenge the way we think and view society, in ways you might not have considered. I discuss many unhealthy mentalities and behaviors which is

damaging to people on a much larger scale and it's having a much greater influence on others both directly and indirectly in ways that we do not even realize. This book is something the whole world needs to read and here is why: \* Providing solutions to some of the biggest cultural and social issues which have existed for far too long \* The way the world is with how we treat others is badly broken and some of the solutions are in this book which the world needs the solutions I provide \* We do the same or similar behaviors towards others expecting different results and this is not working at all \* We need to step outside our comfort zone by changing their behaviors in ways we're not used to doing (to get something you've never had, you must first do something that you've never done) \* The world needs to be less close-minded and use less tunnel vision (the mind is like a parachute, it can't work if it's not opened) I see the world differently, and the purpose of this book is to share different ways of looking at situations and the numerous possibilities to take into consideration. I share my perception and perspective, viewpoint, mentality, and some of my own philosophies. I provide a more in-depth perspective of looking at a variety of life situations and the possible reasons why people choose to treat others the way they do. I think a lot of people might find this content in general interesting, beneficial, inspiring, and or even life-changing.

*Ghostlight* Sonia Gensler, 2015-08-04 Things that go bump in the night are just the beginning when a summer film project becomes a real-life ghost story! Avery is looking forward to another summer at Grandma's farm, at least until her brother says he's too old for "Kingdom," the imaginary world they'd spent years creating. Lucky for her, there's a new kid staying in the cottage down the road: a city boy with a famous dad, Julian's more than a little full of himself, but he's also a storyteller like Avery. So when he announces his plan to film a ghost story, Avery is eager to join in. Unfortunately, Julian wants to film at Hilliard House, a looming, empty mansion that Grandma has absolutely forbidden her to enter. As terrified as Avery is of Grandma's wrath, the allure of filmmaking is impossible to resist. As the kids explore the secrets of Hilliard house, eerie things begin to happen, and the "imaginary" dangers in their movie threaten to become very real. Have Avery and Julian awakened a menacing presence? Can they turn back before they go too far?

**The Sunken City** Emma V. R. Noyes, 2022-01-29 Amare Bellamy is not a witch. Orphaned as a child and raised on a ship by the most dangerous men in the Caribbean, Amare is one thing and one thing alone: a pirate. And pirates hate magic. After a

fateful storm plunges her to the depths of the ocean, Amare wakes to find herself in a strange new world: an underwater kingdom, where magic exists, but is strictly outlawed by the King—a man who claims to be her true father. As Amare struggles to fit into her new role as Princess of the Sunken City, she finds herself tangled in a web of love between two brothers—one good, one not so good. And as strange powers manifest within her, she must question everything she was raised to believe—especially if she has any hope of stopping the evil brewing at the bottom of the ocean.

*Modern Parents, Vintage Values, Revised and Updated* Sissy Goff, Melissa Trevathan, 2020-06-09  
Why is anxiety so rampant among kids today? What's the magic age for giving my child his first cell phone? Her first social media account? How do I teach my teenager things like gratitude and respect in such an entitled and disrespectful world? Melissa Trevathan and Sissy Goff hear these types of questions on a daily basis in their counseling offices and at parenting events across the country. Today, more than ever before, we live in a culture that is at war against our parenting. And today, more than ever before, we're meeting parents who feel lost as to how to help. This book does just that. It addresses the issues we hear parents struggling with the most when it comes to raising their children (technology, disrespect, entitlement, substance abuse, anxiety, depression, etc.), but it doesn't stop there. Melissa and Sissy move through those modern-day troubles to get back to the vintage values we all deeply value in the lives of kids. They help you discover—whether your child is a toddler or a teenager—what it looks like to cultivate kindness, gratitude, integrity, responsibility and more in the lives of the kids you love. *Modern Parents, Vintage Values* offers you a roadmap—a way through

the hurdles you are facing today in your parenting—helping you discover more of how to instill those true, foundational, vintage values that will make a lasting difference in the lives of your kids...values that are built upon an unshakeable foundation of faith and hope. And that's ultimately where this map will lead—to Christ—and to what it looks like for both you and your kids to have hope in Him in these changing times.
