📖 **BUILDING ADAPTATION** JAMES DOUGLAS,2006-08-11 As existing buildings age, nearly half of all construction activity in Britain is related to maintenance, refurbishment and conversions. Building adaptation is an activity that continues to make a significant contribution to the workload of the construction industry. Given its importance to sustainable construction, the proportion of adaptation works in relation to new build is likely to remain substantial for the foreseeable future, especially in the developed parts of the world. Building Adaptation, Second Edition is intended as a primer on the physical changes that can affect older properties. It demonstrates the general principles, techniques, and processes needed when existing buildings must undergo alteration, conversion, extension, improvement, or refurbishment. The publication of the first edition of Building Adaptation reflected the upsurge in refurbishment work. The book quickly established itself as one of the core texts for building surveying students and others on undergraduate and postgraduate built environment courses. This new edition continues to provide a comprehensive introduction to all the key issues relating to the adaptation of buildings. It deals with any work to a building over and above maintenance to change its capacity, function or performance.

📖 **MUHAMMAD** MARTIN LINGS,1991 Acclaimed worldwide as the definitive biography of the Prophet Muhammad in the English language, Martin Lings’ Muhammad: His Life Based to the Earliest Sources is unlike any other. Based on Arabic sources of the eighth and ninth centuries, of which some important passages are translated here for the first time, it owes the freshness and directness of its approach to the words of men and women who heard Muhammad speak and witnessed the events of his life. Martin Lings has an unusual gift for narrative. He has adopted a style which is at once extremely readable and reflects both the simplicity and grandeur of the story. The result is a book which will be read with equal enjoyment by those already familiar with Muhammad’s life and those coming to it for the first time. Muhammad: His Life Based to the Earliest Sources was given an award by the Government of Pakistan, and selected as the best biography of the Prophet in English at the National Seerat Conference in Islamabad in 1983.
