Sallie Stephenson

The Road Rally Handbook Clint Goss,1993

When The Green Flag Drops Rod Koch,2011-01-31 Ride once again with the author, Rod Koch, and share his adventures as he struggles to gain another victory in the epic Baja 1000. His first autobiography, *7 Years from Start to Finish*, covered the early years of the Baja races from 1968-1975, up to the moment when the author became a first place winner in that incredible endurance race down and around the Baja California peninsula. *When the Green Flag Drops* continues those adventures in off-road racing through the 1980s not just in Baja, but back in the U. S. A. with events like the Parker 400, Casinos 350, Mint 400 and the Riverside Off-Road Championships. The author then makes the transition into the intensity of the Pro-Rally race scene, bringing the reader along with him as he takes on some of the best and fastest off-road and performance rally drivers in North America. The action streaks across the High Sierras from San Francisco to Reno, from Las Vegas to Laughlin, Nevada, from Carson City to Virginia City to Yerington, through the rain, mud, snow, even the heat of the Mojave Desert near Palm Springs and east of Indio, wherever the dirt mountain and desert roads of the performance and Pro-Rally circuit goes. You are there with the author in the co-driver's seat for what may be the ride of your life—if you dare.

Rally Racing Sallie Stephenson,1991 Describes the different kinds of automobile rallies, how they became popular, and what hazards, skills, and

equipment are involved.

Rally Car Racing Brian Howell, 2014-03-01 Have you seen a rally car race before? The Lincoln Highway Amor Towles, 2023-03-21 #1 NEW YORK TIMES BESTSELLER More than ONE MILLION copies sold A TODAY Show Read with Jenna Book Club Pick A New York Times Notable Book, and Chosen by Oprah Daily, Time, NPR, The Washington Post, Bill Gates and Barack Obama as a Best Book of the Year “Wise and wildly entertaining . . . permeated with light, wit, youth.” –The New York Times Book Review “A classic that we will read for years to come.”

—Jenna Bush Hager, Read with Jenna book club “Fantastic. Set in 1954, Towles uses the story of two brothers to show that our personal journeys are never as linear or predictable as we might hope.” —Bill Gates “A real joyride . . . elegantly constructed and compulsively readable.” —NPR The bestselling author of *A Gentleman in Moscow* and *Rules of Civility* and master of absorbing, sophisticated fiction returns with a stylish and propulsive novel set in 1950s America In June, 1954, eighteen-year-old Emmett Watson is driven home to Nebraska by the warden of the juvenile work farm where he has just served fifteen months for involuntary manslaughter. His mother long gone, his father recently deceased, and the family farm foreclosed upon by the bank, Emmett's intention is to pick up his eight-year-old brother, Billy, and head to California where they can start their lives anew. But when the warden drives away, Emmett discovers that two friends from the work farm have hidden themselves in the trunk of the warden's car. Together, they have hatched an altogether different plan for Emmett's future, one that will take them all on a fateful journey in the opposite direction—to the City of New York. Spanning just ten days and told from multiple points of view, Towles's third novel will satisfy fans of his multi-layered literary styling while providing them an array of new and richly imagined settings, characters, and themes. “Once again, I was wowed by Towles’s writing—especially because *The Lincoln Highway* is so different from *A Gentleman in Moscow* in terms of setting, plot, and themes. Towles is not a one-trick pony. Like all the best storytellers, he

has range. He takes inspiration from famous hero's journeys, including The Iliad, The Odyssey, Hamlet, Huckleberry Finn, and Of Mice and Men. He seems to be saying that our personal journeys are never as linear or predictable as an interstate highway. But, he suggests, when something (or someone) tries to steer us off course, it is possible to take the wheel." – Bill Gates

People Before Highways Karilyn Crockett, 2018 Introduction -- People before highways: stopping highways, building a regional social movement -- Battling desires: (re)defining progress -- Groundwork: imagining a highwayless future -- Planning for tomorrow not yesterday: we were wrong--New territory--city-making, searching for control -- Making victory stick: new dreams, new plans, new park

La Carrera Panamericana Johnny Tipler, 2014-02-11 The Carrera Panamericana was first run to celebrate the inauguration of the Panamerican Highway, and traversed the length of Mexico, from Tuxtla in the south to Juárez near the Texas border. Firms like Alfa Romeo, Mercedes-Benz, Volkswagen and Porsche took advantage, and as class winners, Porsche even applied the event's Carrera name to its sportier models. Since its 1987 revival, it's been run rally-style with half-a-dozen special stages a day. Just as it did in the early-'50s, half the entry comprises brash American stock cars, today mostly Panamericana specials based on spaceframe chassis and 600bhp NASCAR V8 engines and running gear, lurking beneath period Studebaker, Hudson, Lincoln or Oldsmobile bodywork. The '50s and '60s European classics are no less

heavily modified. Mexicans love a fiesta, and the arrival of La Carrera Panamericana at each of the provincial towns on its seven-day, 2000-mile progress through central Mexico last November provided an excuse for wild celebrations. As Johnny Tipler and his co-piloto Sarah Bennett-Baggs experienced when they drove the race in 2011 in a Porsche 914/4, everywhere the entourage is mobbed by enthusiastic spectators, waving, cheering and demanding souvenirs. Crowds throng, brass bands play salsa, and the tequila overflows. Includes over 400 images, maps of the modern and original 1950s routes, plus results of original events.

A New Guide to Rallying Larry Reid, 1969

Lost Road Courses Martin Rudow, 2016-07-15 Road racing has long-storied roots in North America that reach from coast to coast and to Canada. Some of the greatest drivers to ever compete raced wickedly fast machines, staged epic duels on winding strips of asphalt, and created history. This history left an enduring legacy that is revealed and celebrated in *Lost Road Courses*. Road racer and road racing expert Martin Rudow retraces road racing's glorious past and visits the defunct classic road courses across the United States and Canada. Many road courses were built in the 1950s and 1960s, the golden age of American road racing. These classic road courses built and hosted famous races for Trans-Am, Can-Am, IndyCar, Formula 1, and sports car racing, but did not survive the times. They fell victim to changing times, poor business decisions, urban sprawl, safety standards, and increasing real

estate prices. Rudow recounts the breathtaking races and fascinating history of more than 16 tracks from around North America. Riverside International Raceway, Bridgehampton Race Circuit, Ontario Motor Speedway, Continental Divide Raceway, and many others were once major race venues that have since closed. The great race teams, legendary drivers, classic race series that visited the tracks, and cars that turned laps are brought into full focus. The exploits of Chaparral, McLaren, Bud Moore, Lotus, Penske, and other race teams as well as racing greats Mario Andretti, Parnelli Jones, Jim Hall, A. J. Foyt, Al Unser, Jim Clark, and Dan Gurney are covered. Rudow also digs beneath the surface to reveal the story behind the story. The visionaries and businessmen who saw potential and risked capital to build these palaces of speed come back to life. He also recognizes the unsung heroes and regional racers who competed, staffed, and took on various roles at these tracks. In the pages of this book, a nostalgic tour of these famous races at these vintage road circuits unfolds. Many period photos illustrate the racing action and the tracks themselves in their former glory, and modern color shows the tracks as they currently stand. If you're a fan of classic sports car, Can-Am, Trans-Am, IndyCar, Formula 1, as well as classic and unique tracks of yesteryear, this book is a must-have.

La Carrera Panamericana Johnny Tipler,Jo Ramirez,2008 The Carrera Panamericana was first run to celebrate the inauguration of the Panamerican

Highway, and traversed the length of Mexico, from Tuxtla in the south to Juárez near the Texas border. Firms like Alfa Romeo, Mercedes-Benz, Volkswagen and Porsche took advantage, and as class winners, Porsche even applied the event's Carrera name to its sportier models. A Lap of the Globe Kevin Clemens, 2014-12-24 Now a legend among classic automobile aficionados, Phillip Young is the man generally given credit for starting the classic endurance rally concept. Beginning his career with the 1989 Pirelli Marathon Rally, by 1997 Young and the Classic Rally Association had created the Peking to Paris Motor Challenge. Echoing a 1907 competition,

this road race was unprecedented in modern times with a route which included China, India and Tibet. With the approach of the millennium, however, Phillip Young took on an even more ambitious project—the Around the World in 80 Days Motor Challenge. Beginning and ending in London, this event would send its participants literally around the globe in pre-1960 automobiles. This memoir recounts the author's adventures while competing in the Around the World in 80 Days Motor Challenge from May to July 2000. Beginning with his search for a sponsor and his deliberations in choosing a 1959 Mercedes-Benz 220S, it follows him from his arrival in London through various countries including Italy, Greece, former Russian Republics, China, Canada, the United States, Morocco, Spain and France. Clemens provides an up-close view of places most westerners never get to see and of the rigors of competition over varying terrain in an old car. Appendices contain information such as the daily route and schedule, the rally results, and a list of the U.S. Mercedes Team sponsors.

Rally Car Racing Chris Bowman, 2016-01-01 Winding roads, unpredictable weather, and high speeds give rally car racing its wild reputation. Drivers navigate through unfamiliar courses and slide around sharp corners to beat their competition. This action-packed book will stir up interest for even the most reluctant readers.

The Driver Alexander Roy, 2011-12-31 On his deathbed, Alex Roy's father dropped tantalizing hints about the notorious Cannonball Run of the 1970s,

the utterly illegal high-speed non-stop races from New York to LA. Inspired by his father's dying words, and against the advice of his friends, Roy enters this mysterious world - trying both to find himself, and to locate 'The Driver' - the anonymous organizer of the world's ultimate car race. In this riveting memoir, Roy straps you into his highly modified BMW M5, takes you on a terrifying 120 mph lap of Manhattan, then tackles the Gumball 3000 and the Bullrun - the two most infamous road rallies in the world. His bogus Polizei Autobahn Interceptor sticks out among the Lamborghinis and Ferraris driven by millionaire playboys, software moguls, Arab princes, movie stars, leggy Czech supermodels, gearheads, and tech whizzes. Armed with myriad radar detectors, laser jammers and police scanners, and his trunk crammed with a variety of fake uniforms, the obsessively prepared Roy evades arrest at almost every turn, wreaking havoc on his fiercest rivals and gaining the admiration of police forces around the globe. Filled with insane driving and Roy's quixotic quest to win both for his late father and himself, The Driver is the tale of one man's insatiable drive beyond life in the fast lane.
