A convenient table lists circuits by walking time, allowing hikers to choose loops designed to fit their schedules. Each account includes a map, directions to the trailhead, trail distance, estimated hiking time, elevation range, exertion rating, segment descriptions for both clockwise and counter-clockwise hikes, and trail notes about the wildflowers, animals, and other natural history features encountered by the authors. Included are appendices for natural history, local hiking supply stores, and fee schedules, with an extensive bibliography for reading and reference.
