Hockeytown Doc Dr. John Finley, 2012-10-01 Reflecting on nearly five decades with the Detroit Red Wings, Dr. John Finley takes sports fans far beyond closed doors and into the trainer's room where cuts were bandaged, broken noses were reset, sore muscles were rubbed out, and casts made for broken bones. In this stellar memoir, Dr. Finley recounts his experiences with the stars on the revitalized Red Wings franchise in recent years, including Steve Yzerman and Nicklas Lidstrom, as well as heroes of previous generations, including 1972 Hockey Hall of Fame inductee Gordie Howe. Along the way, Dr. Finley shares some of the most vivid accounts ever written on the subject of sports injuries, including the hundreds of stitches he applied to Borje Salming's face after it was cut by Gerard Gallant's errant skate blade, as well as his recommendation on the knee injury sustained by a young Steve Yzerman that ultimately helped maintain his Hall of Fame career.

More Than a Music Box Andrew Crisell, 2006 Since the rise of television, much radio consists of 'capsule' news and music formats which are heard as background to other activities. However the medium offers a great deal more. This collection of essays shows how in North America, the United Kingdom, Europe, Australia and the South Pacific, radio continues to provide distinctive forms of content for the individual listener, yet also enables ethnic and cultural groups to maintain their sense of identity. Ranging from radio among the primordial communities to digital broadcasting and the internet, these essays suggest that the benefits and gratifications which radio confers remain unique and irreplaceable in this multi-media age.

The Hard Side of the Moon Hugh A. D. Spencer, 2021-09-10 In southern Alberta in the late 1970s, Matthew Bishop has a pretty decent life. Sure, he doesn't have a girlfriend, but he has all the science fiction books a monthly mail order subscription can bring him, a collection of Canadian synth rock on vinyl, and a gig with the university radio station with which to share them. But things take a turn for the majorly uncool when his commie best friend is assaulted by The Man, a high school hobby becomes a city-wide political

statement, and his mom is set to marry the World's Biggest Tool and leave him homeless. What's a slacker majoring in f***-all to do? Well, it could be worse. At least he isn't imprisoned in an extraterrestrial slave labour camp... right?

Wounded Tiger Peter Osborne, 2015-04-09 THE WISDEN BOOK OF THE YEAR and THE CROSS SPORTS BOOK AWARDS CRICKET BOOK OF THE YEAR. 'The most complete, best researched, roses-and-thorns history of cricket in Pakistan' Independent 'As good as it's likely to get' Guardian The nation of Pakistan was born out of the trauma of Partition from India in 1947. Its cricket team evolved in the chaotic aftermath. Initially unrecognised, underfunded and weak, Pakistan's team grew to become a major force in world cricket. Since the early days of the Raj, cricket has been entwined with national identity and Pakistan's successes helped to define its status in the world. Defiant in defence, irresistible in attack, players such as A.H.Kardar, Fazal Mahmood, Wasim Akram and Imran Khan awed their contemporaries and inspired their successors. The story of Pakistan cricket is filled with triumph and tragedy. In recent years, it has been threatened by the same problems affecting Pakistan itself: fallout from the 'war on terror', sectarian violence, corruption, crises in health and education, and a shortage of effective leaders. For twenty years, Pakistan cricket has been stained by the scandalous behaviour of the players involved in match-fixing. After 2009, the fear of violence drove Pakistan's international cricket into exile. But Peter Osborne's narrative is also full of hope. For all its troubles, cricket gives all Pakistanis a chance to excel and express themselves, a sense of identity and a cause for pride in their country. Packed with first-hand recollections, and digging deep into political, social and cultural history, Wounded Tiger is a major study of sport and nationhood.
