The Game of God: The Ultimate Solitaire! Peter Buxton,2022-10-31 The world is not as it appears. The universe and all of life is a fantasy being played out and experienced by God—with God being the only player. This is the ultimate game of solitaire! The Game of God explores this amazing game that God develops and plays as though illusion is reality, as though man and all other forms of life have their own separate lives and minds. They live in bodies, in the world; they are born, grow old, and die. Everything in the universe is held in shape by mind-patterns, and within the game God is constantly assessing play as it develops and as though it is real and not an illusion or dream. The latter part of The Game of God illustrates a fundamentally different way of playing the game of life by changing your view of yourself and others within the game. It offers explanations of how to play this fantasy game effectively, how to develop fully the character you find yourself playing at the moment, and how to express your abundance. For thousands of years man has pondered on his identity, his relationship to God, and the meaning and purpose of life, and he is still pondering. The Game of God shows how the answer to these profound questions lies within each of us.

The Complete Aliens Omnibus: Volume Seven (Enterprise, No Exit) B. K. Evenson,2018-12-04 In Criminal Enterprise, Thomas Chase wakes up from cryosleep to his first day at a new job - as a pilot for a contraband drug company dropping a shipment on Fantasia, a rock-planet terraformed to hide an elaborate drug manufacturing operation. Everything from synthetic heroin to MX7 is cooked here, in protected caves guard-dogged by the savage Aliens. When Chase's craft touches down on Fantasia, a chain of events begins that can not be stopped. As criminals and competitors try to take over the drug-empire from the dangerous kingpin, Chase and his brother Pete are caught in the crossfire... with the Aliens adding blood to the mix. No Exit tells the story of Detective Anders Kramm, awakening to a changed world after thirty years of cryogenic sleep. The alien threat has been subdued. Company interests dominate universal trade. Terraforming is big money now, with powerful men willing to do anything to assure dominance over other worlds. But Kramm has a secret. He knows why The Company killed twelve of its top scientists. He knows why the aliens have been let loose on the surface of a contested planet. He knows that the information he has is valuable, and that The Company will do everything it can to stop him from telling his secret to the world. Haunted by memories of the brutal murder of his family, Kramm is set adrift amid billion dollar stakes . . . with aliens around every corner, waiting for him to make a mistake!
