Harpman, 2016-06-14 Excerpt from Home Bookkeeping for the Thrifty None of these things can be accomplished without proper records being kept which will show how an income has been spent and provide the basis of an analysis and comparison with expenditures for previous corresponding periods. These are some of the purposes of this book. It is intended to help people make their incomes go further and to increase their happiness and contentment as individuals and members of families. And this is how we go about it. First, we provide a series of drills in personal expenditures showing simple forms of record. Then we provide a simple system of bookkeeping for families. In both instances we have gone about it in a business way. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
