*Home* Marilynne Robinson,2009-09-22 Glory Boughton has returned to Gilead to care for her dying father. soon her brother, Jack—the prodigal son of the family, gone for twenty years—comes home too, looking for refuge and trying to make peace with a past littered with torment and pain. A troubled boy from childhood, an alcoholic who cannot hold a job, Jack is one of the great characters in recent literature. He is perpetually at odds with his surroundings and with his traditionalist father, though he remains Reverend Boughton’s most beloved child. Brilliant, beguiling, lovable and wayward, Jack forges an intense new bond with Glory and engages painfully with John Ames, his godfather and namesake. *Home* is a moving and healing book about families, family secrets and the passing of the generations, about love and death and faith. It is arguably Marilynne Robinson’s greatest work, an unforgettable embodiment of the deepest and most universal emotions.

Wild at Home Hilton Carter,2019-04-09 Hilton Carter's love for plants is infectious... His lush and exuberant displays are inspiring reminders that plants can be so much more than neat little containers on a window sill.Grace Bonney, Founder and Editor-in-Chief, Design\*Sponge Take a tour through Hilton's own apartment and other lush spaces, filled with a huge array of thriving plants, and learn all you need to know to create your own urban jungle. As the owner of over 200 plants, Hilton feels strongly about the role of plants in one's home – not just for the beauty they add, but for health benefits as well: 'having plants in your home not only adds life, but changes the airflow throughout. It's also a key design element when styling your place. For me, it wasn't about just having greenery, but having the right variety of greenery. I like to see the different textures of foliage all grouped together. You take a fiddle leaf fig and sandwich it between a birds of paradise and a monstera and.... yes!' You will be armed with the know-how you need to care for your plants, where to place them, how to propagate, how to find the right pot, and much more, and most importantly, how to arrange them so that they look their best. Combine sizes and leaf shapes to stunning effect, grow your own succulents from leaf cuttings, create your own air plant display, and more.

*Home* Carson Ellis,2015-02-24 A whimsical tribute to the different types of homes depicting them in real-world environments as well as fantastical settings.

*Halfway Home* Reuben Jonathan Miller,2021-02-02 A persuasive and essential (Matthew Desmond) work that will forever change how we look at life after prison in America through Miller's stunning, and deeply painful reckoning with our nation's carceral system (Heather Ann Thompson). Each year, more than half a million Americans are released from prison and join a population of twenty million people who live with a felony record. Reuben Miller, a chaplain at the Cook County Jail in Chicago and now a sociologist studying mass incarceration, spent years alongside prisoners, ex-prisoners, their friends, and their families to understand the lifelong burden that even a single arrest can entail. What his work revealed is a simple, if overlooked truth: life after incarceration is its own form of prison. The idea that one can serve their debt and return to life as a full-fledge member of society is one of America's most nefarious myths. Recently released individuals are faced with jobs that are off-limits, apartments that cannot be occupied and votes that cannot be cast. As *The Color of Law* exposed about our understanding of housing segregation, *Halfway Home* shows that the American justice system was not created to rehabilitate. Parole is structured to keep classes of Americans impoverished, unstable, and disenfranchised long after they've paid their debt to society. Informed by Miller's experience as the son and brother of incarcerated men, captures the stories of the men, women, and communities fighting against a system that is designed for them to fail. It is a poignant and eye-opening call to arms that reveals how laws, rules, and regulations extract a tangible cost not only from those working to rebuild their lives, but also our democracy. As Miller searchingly explores, America must acknowledge and value the lives of its formerly imprisoned citizens. **Fun Home** Alison Bechdel,2007 A fresh and brilliantly told memoir from a cult favorite comic artist, marked by gothic twists, a family funeral home, sexual angst, and great books. This breakout book by Alison Bechdel is a darkly funny family tale, pitch-perfectly illustrated with Bechdel's sweetly gothic drawings. Like Marjane Satrapi's Persepolis, it's a story exhilaratingly suited to graphic memoir form. Meet Alison's father, a historic preservation expert and obsessive restorer of the family's Victorian home, a third-generation funeral home director, a high school English teacher, an icily distant parent, and a closeted homosexual who, as it turns out, is involved with his male students and a family babysitter. Through narrative that is alternately heartbreaking and fiercely funny, we are drawn into a daughter's complex yearning for her father. And yet, apart from assigned stints dusting caskets at the family-owned fun home, as Alison and her brothers call it, the relationship achieves its most intimate expression through the shared code of books. When Alison comes out as homosexual herself in late adolescence, the denouement is swift, graphic -- and redemptive.

**A Place to Call Home** Gil Schafer III,2017-09-26 For award-winning architect Gil Schafer, the most successful houses are the ones that celebrate the small moments of life—houses with timeless charm that are imbued with memory and anchored in a distinct sense of place. Essentially, Schafer believes a house is truly successful when the people who live there consider it home. It's this belief—and Schafer's rare ability to translate his clients' deeply personal visions of how they want to live into a physical home that reflects those dreams—that has established him as one of the most sought-after, highly-regarded architects of our time. In his new book, A Place to Call Home Schafer follows up his bestselling The Great American House, by pulling the curtain back on his distinctive approach, sharing his process (complete with unexpected, accessible ideas readers can work into their own projects) and taking readers on a detailed tour of seven beautifully realized houses in a range of styles located around the country—each in a unique

place, and each with a character all its own. 250 lush, full color photographs of these seven houses and other never-before-seen projects, including exterior, interior, and landscape details, invite readers into Schafer's world of comfortable classicism. Opening with memories of the childhood homes and experiences that have shaped Schafer's own history, *A Place to Call Home* gives the reader the sense that for Schafer, architecture is not just a career but a way of life, a calling. He describes how the many varied houses of his youth were informed as much by their style as by their sense of place, and how these experiences of home informed his idea of classicism as a set of values that he applies to many different kinds of architecture in places as varied as the ones he grew up in. Because while Schafer is absolutely a classical architect, he is in fact a modern traditionalist, and *A Place to Call Home* showcases how he effortlessly interprets traditional principles for a multiplicity of architectural styles within contemporary ways of living. Sections in Part I include the delicate balance of modern and traditional aesthetics, the juxtaposition of fancy and simple, and the details that make each project special and livable. Schafer also delves into what he refers to as "the spaces in between," those often overlooked spaces like closets, mudrooms, and laundry rooms, explaining their underappreciated value in the broader context of a home. Part of Schafer's skill lies in the way he gives the minutiae of a project as much attention as the grand aesthetic gestures, and ultimately, it's this combination that brings his homes to life. Part II of the book is the story of seven houses and the places they inhabit—each with a completely different character and soul: a charming cottage completely rebuilt into a casual but gracious house for a young family in bucolic Mill Valley, California; a reconstructed historic 1930s Colonial house and gardens set in lush woodlands in Connecticut; a new, Adirondack camp-inspired house for an active family perched on the edge of Lake Placid with stunning views of nearby Whiteface Mountain; an elegant but family-friendly Fifth Avenue apartment with a panoramic view of Central Park; a new timber frame and stone barn situated to take advantage of the summer sun on a lovely, rambling property in New England; a new residence and outbuildings on a 6,000 acre hunting preserve in Georgia, inspired by the historic 1920s and 1930s hunting plantation houses in the region; and Schafer's own, deeply personal, newly-renovated and surprisingly modern house located just a few feet from the Atlantic Ocean in coastal Maine. In Schafer's hands, the stories of these houses are irresistibly readable. He guides the reader through each of the design decisions, sharing anecdotes about the process and fascinating historical background and contextual influences of the settings. Ultimately, the houses featured in *A Place to Call Home* are more than just beautiful buildings in beautiful places. In each of them, Schafer has created a dialogue between past and present, a personalized world that people can inhabit gracefully, in sync with their own notions of home. Because, as Schafer writes in the book, he designs houses "not for an architect's ego, but [for] the beauty of life, the joys of family, and, not least, a heartfelt celebration of place."
