

Homer And His Age

Andrew Lang

Homer and His Age Andrew Lang, 1906 Iron, we repeat, is in the poems a perfectly familiar metal. Ownership of bronze, gold, and iron, which requires much labour (in the smithying or smelting), appears regularly in the recurrent epic formula for describing a man of wealth. Footnote: Iliad, VI. 48; IX. 365-366; X. 379; XI. 133; Odyssey, XIV. 324; XXI. 10.] Iron, bronze, slaves, and hides are bartered for sea-borne wine at the siege of Troy?

Homer and His Age Andrew Lang, 2017-09-29 A fantastic look at the life and times of the ancient Greek epic poet Homer by famed anthropologist Andrew Lang.

HOMER and HIS AGE (Annotated) Andrew Lang, 2021-09-21 In *Homer and the Epic*, ten or twelve years ago, I examined the literary objections to Homeric unity. These objections are chiefly based on alleged discrepancies in the narrative, of which no one poet, it is supposed, could have been guilty. The critics repose, I venture to think, mainly on a fallacy. We may style it the fallacy of the analytical reader.

Homer and His Age Andrew Lang, 2020-02-29 The aim of this book is to prove that the Homeric Epics, as wholes, and apart from passages gravely suspected in antiquity, present a perfectly

harmonious picture of the entire life and civilisation of one single age. The faint variations in the design are not greater than such as mark every moment of culture, for in all there is some movement; in all, cases are modified by circumstances. If our contention be true, it will follow that the poems themselves, as wholes, are the product of a single age, not a mosaic of the work of several changeful centuries.

Homer and His Age Andrew Lang, 2018-02-16 Excerpt: Now to any one who knows early national poetry, early uncritical art of any kind, this theory seems not easily tenable. The difficulty of the theory is increased, if we suppose that the Achaeans were the recent conquerors of the Mycenaeans. Whether we regard the Achaeans as Celts, with Mr. Ridgeway, victors over an Aryan people, the Pelasgic Mycenaeans; or whether, with Mr. Hall, we think that the Achaeans were the Aryan conquerors of a non-Aryan people, the makers of the Mycenaean civilisation; in the stress of a conquest, followed at no long interval by an expulsion at the hands of Dorian invaders, there would be little thought of archaising among Achaean poets. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.

Homer and His Age. Andrew Lang Andrew Lang, 2016-07-06

Andrew Lang (31 March 1844 - 20 July 1912) was a Scottish poet, novelist, literary critic, and contributor to the field of anthropology. He is best known as a collector of folk and fairy tales. The Andrew Lang lectures at the University of St Andrews are named after him.

Homer and His Age (Classic Reprint) Andrew Lang, 2015-07-06 Excerpt from *Homer and His Age* In *Homer and the Epic*, ten or twelve years ago, I examined the literary objections to Homeric unity. These objections are chiefly based on alleged discrepancies in the narrative, of which no one poet, it is supposed, could have been guilty. The critics repose, I venture to think, mainly on a fallacy. We may style it the fallacy of the analytical reader. The poet is expected to satisfy a minutely critical reader, a personage whom he could not foresee, and whom he did not address. Nor are contradictory instances examined - that is, as Blass has recently reminded his countrymen, Homer is put to a test which Goethe could not endure. No long fictitious narrative can satisfy the analytical reader. The fallacy is that of disregarding the Homeric poet's audience. He did not sing for Aristotle or for Aristarchus, or for modern minute and reflective inquirers, but for warriors and ladies. He certainly satisfied them; but if he does not satisfy microscopic professors, he is described as a syndicate of many minstrels, living in many ages. In the present volume little is said in defence of the poet's consistency. Several chapters on that point have been excised. The Iliad & The Odyssey (Including "Homer and His Age")

Homer, Andrew Lang, 2017-12-06 The Iliad and the Odyssey are two epic poems written by Homer around the 9th century BC. They are two of the oldest recorded written works in history. The Iliad deals with a ten-year war between the Greeks and Trojans, called the Siege of Troy. It centers around Achilles, the great Greek hero who was dipped in the river Styx when he was young and whose only weak spot was his heel. He was killed when Apollo helped one of his enemies shoot an arrow into his heel. The Odyssey is about Odysseus's voyage from the war back home to Ithaca, which took another 10 years. Homer (around the 9th century BC) is the author of the Iliad and the Odyssey, and is revered as the greatest of ancient Greek epic poets. Homer's works, which are about fifty percent speeches, provided models in persuasive speaking and writing that were emulated throughout the ancient and medieval Greek worlds. Homer and His Age by Andrew Lang was written in 1906. Lang was highly regarded as a Homeric scholar and Homer and His Age is one of the works he contributed to this area of study. Andrew Lang (1844-1912) was a Scottish poet, novelist, literary critic, and contributor to the field of anthropology. He is best known as a collector of folk and fairy tales. The Andrew

Homer and the Heroic Age John Victor Luce, 1975

Homer and the Heroic Age John Victor Luce, 1975 How reliable is the tradition embodied in the Homeric poems? Their basic historicity was widely accepted in the ancient world: Thucydides and Plato used Homeric data in reconstructing early Greek history and territorial claims could be supported by reference to the epic traditions. Does research in more modern

times support this view? Professor Luce examines in detail the world of Homer through the literary and archeological evidence. In the years since Schliemann's first soundings on the site of Troy, archeological investigations in Greek lands and on the Aegean coast of Turkey have been numerous and productive. The most important result of this activity has been the establishment of a tantalizingly cogent basis for the Greek heroic legends. In this most readable survey Professor Luce displays the evidence for and the interpretations of a truly golden Heroic Age. -- From publisher's description.

The Ages of Homer Jane B. Carter, Sarah P.

Morris, 2013-12-18 Homer's Iliad and Odyssey have fascinated listeners and readers for over twenty-five centuries. In this volume of original essays, collected to honor the distinguished career of Emily T. Vermeule, thirty-four leading experts in Homeric studies and related fields provide up-to-date, multidisciplinary accounts of the most current issues in the study of Homer. The book is divided into three sections. The first section treats the Bronze Age setting of the poems (around 1200 B.C.), using archaeological evidence to reveal how poetic memory preserves, distorts, and invents the past. The second section explores the early Iron Age, in which the poems were written (c. 800-500 B.C.), using the strategies of comparative philology and mythology, literary theory, historical linguistics, anthropology, and iconography to determine how the poems took shape. The final section traces the use of Homer for literary and artistic inspiration by classical Greece and Rome.
