Forex Trading : Best Forex Strategies Revealed Top Forex Signals and Dirty Little Tricks Making You Millionaire Trader X,2013-06-23 If you are already making thousands of dollars trading Forex and make a full time extravagant living taking a couple of trades a month, then, please skip this book and go find something else to do. So, on the other side, do you live in a self denial chasing the next best system? STOP... Enough is enough, enough ridicule from your relatives and friends, it's time to show your guts. Face it, think about it, what would you think if you were on the other side looking through the eyes of your family and friends. All you see is a loser, getting ups and downs totally controlled by the next guru they read about. Doode, this gota stop! Trust me, I know you feel the pain. I can kind of still remember it...kind of hard to do when I am sitting on my yacht in the Caribbean sipping from something that comes with umbrella on top. See, it didn't use to be that way, not too long, couple of years ago... but I will tell you about that later in my letter Ha! Forex trading is not all it is cracked up to be, it is a hard game controlled by robots and banks and foreign sovereign institutions. Keep reading if you know where I am coming from... Things didn't used to be all pink for me either, pain, loss, closed one losing account, opened second one, heard of such and such broker giving a certain deal on lots opened another account, lost all the money, started in the mini, macro, regular lots... Does that sound familiar, try to look from the outside, Forex is for crazy people, crazy winners or crazy losers. Now, if this is your first contact with Forex, I am really sorry you had to hear this small talk. I would rather be the nice guy, rather be the good news bearer, but please, don't kill the messenger, this is the bloody truth in Forex. You may be mad at me at this moment, but soon will come the moment you will thank me . Or you would rather stumble on a nice guru telling you all the lies, and how he can help you open a 10k account with a secret advantage. Or worse He can even offer to manage your 10k, if you so willingly send him a check for the whole amount. The book you are about to read is the hard learned secrets of the successful traders and brokers and I am putting it all out for you. Forex Trading Emraan Hussein,2018-08-14 THIS BOOK IS PROBABLY THE MOST HONEST BOOK YOU WILL FIND ON FOREX TRADING This book is for: - Small traders who are already into Forex trading but finding it difficult to make money and may be losing money -Those who want to enter Forex trading but don't know how to manage it with a small account -Those who had tried Forex trading before but already quit after getting loses I have not wasted a single page of this book by writing unnecessary theories and presenting confusing technical analysis because I have read many books myself and most of them contained too much theories and technical analysis and after reading such books, I found myself to be more confused about what to do and how to do. Thus, I have simplified the things for my readers. No matter, if you are already in trading, already out of trading or want to be in trading, this book will guide you exactly what to do and how to do. I have only given those strategies which are tried and tested and for each strategy you will find exact entry points, take profit and stop loss levels. Logical explanation for each strategy has also been given. Real-time examples are given for each strategy so you can understand clearly. For most of the strategies, color charts are also given for your easy understanding. SO YOU CAN NOW GENERATE YOUR OWN BUY AND SELL SIGNALS. ALL THE CHARTS SHOWN IN THE BOOK, TO PROVE THE STRATEGIES, ARE REAL TIME CHARTS FROM LATEST DATES AND YOU CAN VERIFY THESE IN THE CHARTS OF YOUR MT4 OR MT5. The intention of writing this book is to give you the clear picture and not to show you any dreams which I already know cannot be fulfilled. I have been trading since last 12 years. I have seen many ups and downs with Forex trading and finally found a way to survive. In the beginning I lost money.....never made a penny in the first year but intelligently I was putting little money at stake. Reason is that I wanted to get the insight about Forex trading and I really believed that the experience which I will obtain by blowing away \$500 will be the same for \$10000 so why use bigger amount to get the insight. This book is basically for small traders who are already into Forex trading or want to start Forex trading with a small amount to generate some extra income but have no knowledge of technical charts. Instead of generating their own buy/sell signals, they depend of the brokers to provide them the signals. With all my experience, I can assure you this it is never going to work this way. The signals which you will receive from the Forex broker will definitely help you in earning a dollar in one trade but at the same time will rip you off 100 dollars in another trade. Forex brokers are smart and very calculative but I don't blame them because this is what their business is. Your loss is their profit so they are doing what any other business would do. So, you are the only one who can save yourself from losses. Various sources are available in the market for trading signals: -Brokers send you signals if you are their client -You can buy trade signals from various sites on monthly or yearly subscriptions -Copy trading where they give you access to live trading room and you can copy their trades I am not against any of these but after all my experience in Forex trading, I realized that it's best that you must be able to generate your own signals which will give you a logical satisfaction that you are putting the trade in the right direction. With the knowledge you will gain from this book, even if you use the signals from the brokers, or buy signals from various sites or copy trading, you will be absolutely able to analyze these yourself for accuracy rather than using these blindly and falling in the trap. It is a win-win situation for YOU. PRICE OF THIS BOOK IS ON THE BASIS OF THE QUALITY INFORMATION AVAILABLE IN THIS BOOK.

Forex Signal Trader X,2012-08-26 Ever felt like knocking your boss the eff out? Even if you're your own boss? I have. I remember the day I decided to punch my boss in the face. One of the best decisions I ever made by far. It was glorious. A V day of sorts. I just walked in his office, looked him straight in the eyes, and did a spinning back fist. Yeah, that's right ... a spinning back fist. Bruce Lee style, baby. I missed of course. And fell. But nevertheless ... my point had been made. I picked myself back up off the floor, slotted back to my cubic-hell, and resumed my daily torchores like a good little drone. And then I woke up. Literally. Like ... in a bed. I was just a stupid dream. Man, I thought. If I can't even punch my boss the right way in my dreams, how the heck am I ever gonna do it in real life? So I decided to do what every sensible human being does in his mid-thirties ... give up on my dreams. Luckily for me I had two dreams. One was to punch my boss in the face. The other was to quit my job and get filthy rich doing stuff that made me happy. Swing-and-a-miss on the first dream (pun intended). Home run on the second one. Like ... grand slam home run. I wanna tell you both how I did it and how you can be one of my RBIs. I've done all the hard work for you. All you have to do is quit your job and come on home. Here's my point ... You can have and do whatever the heck you want. You can, to a certain degree, create your own reality. But it's not easy. Which is why I've decided to create your reality for you. Wanna see it? Step into it even? You would if you knew what was on the other side. All ya gotta do is punch a few buttons and get this book. But you're going to have to take a click of faith.

Understanding Forex Trading Signals and Their Importance Robert Carey,2023-07-15 Forex trading signals play a crucial role in the world of foreign exchange trading. As a decentralized global market, the forex market is highly dynamic and influenced by a myriad of factors, making it challenging for traders to make informed decisions consistently. This is where forex trading signals come into play. Forex trading signals are indicators or suggestions that help traders identify potential trading opportunities in the forex market. They provide valuable insights into market trends, entry and exit points, and other relevant information that can assist traders in making profitable trades. These signals are typically generated through various forms of analysis, including technical, fundamental, and sentiment analysis. The types of forex trading signals vary, ranging from simple price-based indicators to more complex signals derived from comprehensive analysis. Technical analysis signals rely on historical price data and mathematical calculations to identify patterns, trends, and potential reversals. Fundamental analysis signals, on the other hand, take into account economic indicators, news events, and geopolitical factors that impact currency values. Additionally, sentiment analysis signals gauge market sentiment and investor behavior to assess the overall mood of the market. The importance of forex trading signals cannot be overstated. They serve as a valuable tool for both experienced and novice traders, providing them with timely and relevant information to make informed trading decisions. By leveraging these signals, traders can gain a competitive edge in the forex market, improve their trading strategies, and increase the probability of success. Forex trading signals help traders save time and effort by providing them with pre-analyzed information, eliminating the need for extensive research and analysis. They also assist in overcoming

emotional biases, as they are based on objective criteria rather than subjective judgments. Moreover, trading signals allow traders to capitalize on opportunities in different time zones and markets, making the forex market accessible around the clock. However, it's important to note that forex trading signals are not foolproof guarantees of success. They should be used as a tool in conjunction with a trader's own analysis and understanding of the market. Risk management remains essential, as signals are not infallible and can result in losses if not used wisely. In conclusion, forex trading signals provide traders with valuable insights into the forex market, helping them identify potential trading opportunities. By incorporating these signals into their trading strategies, traders can enhance their decision-making process and increase their chances of profitability. However, it is crucial to exercise caution and use signals as part of a comprehensive trading approach.

MY PERSONAL FOREX EXPERIENCE D. (D.S.H),2014-09-11 This book is based on personal experience, sleepless nights, frustration and information I wish someone had told me when I first started trading forex. I was the most naive Forex Trader ever. I listened to everything my Forex Broker said. I attended every training session, I learned everything about Candle Sticks, RSI Lines, Parabolic, Ichimoku etc, if they said it would help I was there. My broker said trading forex is an easy transaction where if the Market goes Up you Buy and if it goes Down you Sell (Theoretically it does, as long as you know what you doing). He also said the market is always right. Not true. In every Financial transaction there is always a Winner and a Loser. People are mis-informed about the realities of the Financial Market. When I first started trading forex I always ended up being the loser. This book will help you improve your trading experience, you will have more winning results, teach you about indicators not signals that are on your MT4 platform which no-one tells you about but are really helpful. This book will also assist you in turning a losing trade into a winning one or at least break-even. Hope you find this book informative and it helps you avoid the costly mistakes I have made.

Forex Trading Simple Strategy George Ward,2021-04-08 ★ ★ ★ 55% OFF for Bookstores! ★ ★ ★ Do you want to stop worrying about using oscillators and indicators to predict the price? Are you feeling overwhelmed about learning hard strategies to apply in the market? If you want to learn the easiest way to deal in all the Markets, then keep reading... Your Customers Will Never Stop to Use this Awesome Book! Every day, millions of traders ask themselves how they can learn to understand technical analysis and trading in a better way. A lot of traders search for the best indicator or oscillator that will predict the price. There is no magic indicator that can predict the future. An indicator or oscillator is just a math formula that takes data from the price itself, so, basically, it is just a representation of the price. Therefore, why use an indicator when you can easily read the price? I will explain my personal, simple method to you, which is based on technical analysis and price action. In this book, you will learn: - Forex Trading - Technical Analysis - Price Action - Trading signals - Set Up Patterns - Trading Psychology - Trading Management - Ready to use strategy - And Much more... This is not a beginner's guide, but I am going to cover all the basics you need to get started with my strategy, even if you have never made any trade at all. If you are already a trader, then you'll learn the simplest method that will change your results. Stop gambling your money and start earning money from the market! Buy it NOW and let your customers get addicted to this amazing book!
