**The Sex Issue** The Editors of GOOP,2018-05-01 An eye-catching, conversation-sparking book that answers all your questions on sexuality, seduction, and sex by the editors of GOOP. A beautifully illustrated, gift-y, sometimes shocking, fact-filled book that explores everything we've always wondered about sex and relationships, but may have been too shy to bring up. Broken into five sections, GOOP editors introduce the experts they rely on for sex tips, and dive into focused Q&A's that explore the ins and outs of sexual health, pleasure, and how to have the kind of sex you really want-while feeling good about doing it. Part 1, Seduction: Goes beyond the clichés to help the reader explore the inner and outer art of seduction-with advice on attracting new partners, reigniting the flame once it's gone out, and navigating online dating, unconventional relationship scenarios, the sex toy aisle, and more. Part 2, Sexuality: What sexuality means, looks, and feels like today, and how we can better tap into our sexual power-including a chapter on strengthening your libido, simple tantric tricks to up sexual energy, and fun ideas for exploring your own kinks. Part 3, Sexual Health: Covers the essentials (like clean lube and condoms, and how to reset your hormones), easy exercises for strengthening the pelvic floor, as well as a path for redefining porn-all with the goal of getting real joy from sex, as opposed to just avoiding the potential calamities. Part 4, Orgasm: Busts enduring sex myths, with expert advice on closing the orgasm gap, doing away with the pressure to perform, and the many benefits of self-pleasure. Part 5: Doing It: The antidote to bedroom boredom, the psychology of oral sex, how to ask for what you want-and play out your greatest fantasies. Throughout the book you'll find endcaps on the reality of everything from plain vanilla to ménage à trois, sidebars of mind-blowing stats culled from goop readers, and personal quotes and anecdotes (i.e. the first time I had sex...) from the GOOP team.

**How To Make Love To A Man (safely)** Alexandra Penney,2011-11-09 ASK ANY MAN. If you can get him to admit it, he'll probably tell you that he would like to be made love to almost as much as being a good lover. In the past, it is the man who has been responsible for not only the lovemaking, but the romance: candlelight, flowers, music, and tenderness. HOW TO MAKE LOVE TO A MAN, a classic best-seller, is the first book to focus on men's sexual and emotional needs, and to talk to today's woman who would like to be an active partner but doesn't quite know how. More than a manual for having sex (though it is that too), this is a guide to the art of making love. The author, after interviewing doctors, sex therapists, women, and most important, more than 200 men, has been able to understand men's deepest emotional needs. The author discusses what men find sexy in a woman; how to show a man that you are interested, how to get a man to share his emotional and sexual needs, how to enhance sex through a massage, touching, and improved timing, and much more. Whether married or single, the reader will gain new insight on making whole love—developing the attitude and the understanding that make the love act complete and meaningful.

**The Sex Diaries** Bettina Arndt,2009 'From the time I started working as a sex therapist back in the early 1970s, people have been talking to me about their sex lives. What I hear about most is the business of negotiating the sex supply. How do couples deal with the strain of the man wishing and hoping while all she longs for is the bliss of uninterrupted sleep?' In The Sex Diaries Australia's leading sex therapist, Bettina Arndt, uncovers the night-time drama being played out in bedrooms everywhere the creeping hand and feigning of sleep, the staying up late in the hope that he will doze off. It is

one of the great inconvenient truths of relationships that after the first blissful years together, most men want more sex than their female partners. Bettina Arndt recruited ninety-eight couples to keep diaries, revealing their intimate negotiations over sex. Who feels like having sex? Who doesn't? And how do couples cope if one person wants it more than the other? She draws on her thirty-five years of experience as a sex therapist and psychologist to provide a provocative analysis that challenges our basic assumptions about sex. With her characteristic humour and insight, Bettina Arndt proposes a new approach to how couples can enjoy regular sex and sustain loving relationships.

**Intercourse (EasyRead Edition)** Andrea Dworkin,2007

**Sex, Secrets, and Lies** Marie Miranti Burnett Ph. D.,Mariemiranti Burnett, Ph.d.,2005-02 In Sex, Secrets, and Lies, author Marie Miranti Burnett, PhD, encourages husbands and wives to rethink their vows and consider whether sexual exclusivity should remain the rigid foundation of a good marriage, an ideal that too often leads to secrets and lies and the dissolution of relationships meant to last a lifetime. To strengthen the vow until death do us part it may be necessary to place less importance on the vow to forsake all others. Honest conversations about our sexual needs could lead to real changes in the institution of marriage for the twenty-first century. To guide the conversation, Dr. Burnett draws on her thirty years of clinical experience, listening to the secrets of men and women grappling with their warring needs for freedom and commitment. She shares the stories told to her by urban, educated, thirty-something clients whose values and struggles reflect the significant changes in our sex lives over the past half-century. In Sex, Secrets, and Lies, Dr. Burnett informs couples that a solid marriage consists of an honest, ongoing conversation requiring courageous disclosure and respectful listening that promotes understanding and forgiveness--and that having someone to count on for a lifetime may be the true meaning of monogamy.

Great Moments in Sex Cheryl Rilly,1999-08-10 Over 1,000 Eye-Opening Entries about the People, Gadgets, Literature, Songs, Movies, Advertisements, and Other Fascinating Facts, Follies, and Foibles in Sexual History Get ready to enjoy a lively, funny, sometimes shocking, and always fascinating treatment of a subject you were just thinking about anyway! Great Moments in Sex is an entertaining romp through the history of sex--from ancient times to the era of Viagra and Monica Lewinsky -- complete with the gadgets, people, literature, songs, advertisements, movies, and events associated with all things sexual. At any given moment, any given person is more likely to be thinking about sex than about anything else. It makes us who we are and it determines what we do. It's the bane, the pain, the pleasure of our existence. If history has proved anything, it's that there's just no rational way to deal with sex--and this book is a fun and fascinating review of the absurd, amazing, bewildering, frightening, and altogether irrational ways we have dealt with it throughout time. Great Moments in Sex chronicles the whole libidinous, lascivious, and just plain loony story: the tools we've used, the laws we've made, the so-called expert advice from Aristotle to The Joy of Sex, the attempts to repress sex, and the infinitely varied ways it has popped up anyway.
