Skull-Face Robert Ervin Howard, 2017-11-13 An excellent horror book for individuals who want to overcome fears.

The Hollow Skull Christopher Pike, 1998-02 There is something wrong with the people of Madison--something has entered their skulls, pierced their souls and changed them into aliens who want to transform humanity into a nightmarish race that exists only to inflict pain.

The Puritan Culture of America's Military Ronald Lorenzo, 2016-02-24 This book explores Puritanism and its continuing influence on U.S. and military law in the Global War on Terror, exploring connections between Puritanism and notions of responsibility in relation to military crimes, superstitious practices within the military, and urges for revenge. Engaging with the work of figures such as Durkheim, Fauconnet and Weber, it draws on primary data gathered through participation and observation at the U.S. Army courts-martial following events at Abu Ghraib, Operation Iron Triangle, the Baghdad canal killings and a war crimes case in Afghanistan, to show how Puritan cultural habits color and shape both American military actions and the ways in which these actions are perceived by the American public. A theoretically sophisticated examination of the cultural tendencies that shape military conduct and justice in the context of a contemporary global conflict, *The Puritan Culture of America's Military* will appeal to scholars across the social sciences with interests in social theory and sociology, cultural studies, politics and international relations and military studies.

The Skull Shaun Hutson, 1989-06 It had been waiting for centuries, buried in a place

they called the evil ground--waiting for just one drop of blood to restore it to life. And when Nick Regan discovered the skull on a construction site, his life became a maelstrom of horror as the skull suddenly began to grow flesh--to come alive!

The Screaming Skull and Other Classic Horror Stories, 2010 Features thirty timeless tales of terror by the best writers of horror fiction in the nineteenth and early twentieth centuries.

Horror and Mystery Photoplay Editions and Magazine Fictionizations Thomas Mann, 2004-03-12 Photoplay editions, sometimes called movie editions, were inexpensive hardcover reprints of novels that had just been made into movies, and were illustrated with photographs of scenes from the movies. Although in most cases the movies were based on prior novels, occasionally the movies came first and the novels were created from scripts. This book is an annotated catalog of a large collection of over 500 horror and mystery photoplay editions and magazine fictionalizations that the author assembled over four decades. Photoplay editions and magazine fictionalizations that are not strictly in the horror or mystery genres are included if they are linked to films made by such stars as Lon Chaney, Boris Karloff, Bela Lugosi, and other genres performers. Mysteries are included if they feature a detective as the central character rather than simply involving crime as a plot element, and adventure, fantasy and science fiction works are included if they have an outre element. Some film noir books, and some associated with Alfred Hitchcock films, are also included. Most photoplay editions and magazine fictionalizations were published from the 1910s through the 1940s, and even though they are still published today, the cut-off date for inclusion in this book is 1970.
