Rough Habit Ken Linnett, 2019-08-15 *Rough Habit* is one of a long line of New Zealand-bred champions who have crossed the Tasman to become a dominant figure in Australian racing; think *Rising Fast*, *Redcraze*, *Kiwi*, *Bonecrusher* and *Sunline*. Like so many before him, he came from humble beginnings, bred as little more than a hobby via a free service to an unfashionable imported sire, *Rough Cast*, from the unraced mare *Certain Habit*. The resultant colt's stature suggested that the experiment was doomed to fail. His breeder, Isabell Roddick, said of *Rough Habit*, the foal: He was...probably not the best looking, but I didn't think he was as hideous as he's been made out to be. He was a very small horse. But looks don't tell you if they're going to win a race. Win races he did, 11 of them at Group 1 level, behind only the mighty *Sunline* for wins at the highest level. He became a cult hero in Brisbane, winning two *Stradbroke Handicaps* and a record three *Doomben Cups*. Ken Linnett, won the 2018 *Bill Whittaker Award* for the best book on horse racing in Australia and New Zealand for his story on *Tulloch*, the champion of the 1950s and '60s. He has applied the same forensic skills that made the *Tulloch* book such a critical and commercial success, to the story of *Rough Habit*. *Rough Habit*-the unlikely champion is a tale that encompasses the essence of horse racing-from dreaming to inspiration, to luck (good and bad), to fortunes and reputations made. It's the story not just of the champion horse, but of those who took him to greatness.

Century of Champions Mark Taylor, 2002 Horse racing has been an integral part of both New Zealand and Australian society for many years; the first official race in Australia being held in 1810 and in New Zealand 30 years later. This book pays tribute to 100 of the greatest horses bred, trained and raced.

Only Winners Please Denys Hadfield, Graham Norton Denys Hadfield, 2007-01-01 *Only Winners Please* relates the life of a New Zealand jockey. A glimpse into the world of racing that's amusing, tragic, and fast moving. The story of horse-racing unfolds the drama of the human spirit, bringing the best endeavours of man into the world's uncertainty. In his story, Denys has selected some memorial events, funny and otherwise, to construct a good read.

Rough Habit Ken Linnett, 2020-05 *Rough Habit An Unlikely Champion* is a tale that captures the essence of horse racing - from dreaming to inspiration, to luck good and bad, to fortunes and reputations made. for the best book on horse racing in Australia and New Zealand, for his story on Tulloch, the champion of the 1950s and '60s. Linnett has applied the same forensic attention that made Tulloch such a critical and commercial success, to the story of Rough Habit.

They're Racing Garrie Hutchinson, 1999-01-01 This lavishly illustrated history of racing in Australia and New Zealand provides information about the early years from 1788 onward, the Phar Lap era, Bernborough's rise to fame and the later achievements of horses such as Tulloch, Hi Jinx, Rain Lover, Manikato, Kingston Town, Octagonal and Might and Power. ABC's of Online Horse Racing: Watch – Wager – Win Mike Exinger, 2016-02-18 Back in the day – say, the 1930s – if you wanted to gamble, the only legal action was the local horse track. Sure, Nevada had casinos, but nowhere else. There were no lotteries, no riverboats, no Internet. Horse racing was not just the only legal gambling option, but it was also one of America's most popular sporting events. Only baseball could rival horse racing for fan appeal and newspaper headlines. It was a time of Seabiscuit, War Admiral, and Whirlaway. Flash forward to today. Some form of gambling is available in almost every state. There are casinos damn near everywhere, on land, on water, on reservations. Mega-jackpot state lotteries flourish. Daily Fantasy Sports are the latest “next big thing” online, and, of course, we've gone through a boom-and-bust-and-reborn cycle with online poker. And racing? Long proclaimed dead more than once, horse racing, specifically Thoroughbred racing, is alive and well. Who doesn't know about American Pharoah, the first Triple Crown AND Breeder's Cup winner ever? There are new tracks popping up across the country, and horse racing is as strong as ever overseas, as England, Europe, Australia, New Zealand, Japan, and Hong Kong have strong racing programs. And, thanks to the Internet, you can wager on ALL OF IT. The ABC's of Online Horse Racing looks at the various online websites that provide you with a box seat on the action. Every aspect of setting up an account and learning the betting pad are covered, and later chapters teach you how to

handicap like the professionals. Geared to gamblers who have never considered betting the ponies, *The ABC's of Online Horse Racing* is a beginner's guide to online horse racing, teaching you how and where to watch, wager, and win in the 21st Century version of this great sport.

Immortals of Australian Horse Racing Alan Whiticker, 2021-09-15 Track enthusiasts endlessly debate the question of who are the best racehorses across different eras.

Men of Mark in the World of Sport in New Zealand Joseph Chadwick, 1906 Portraits and a biography of each person.

Off the Track Barry Wood, Alan Wood, 2012 Carefully chosen from the racing lore found in Australia, New Zealand and around the world, *Off the Track* features compelling stories written, selected and meticulously honed by two brothers who are passionate about the subject. The colourful personalities, the criminals, and the conmen. Horses that were so talented they were never beaten, and those that had the dubious distinction of always being beaten.

The Global Horseracing Industry Phil McManus, Glenn Albrecht, Raewyn Graham, 2013 Horseracing, thoroughbred breeding and gambling on racing are global industries worth several hundred billion dollars. They are also industries facing serious challenges, from the rise of alternative forms of leisure gambling to concerns about the ethical treatment of animals in all equestrian sports. This book offers a broad-ranging examination of the contemporary horseracing industry, from geographical, economic, social, ethical and environmental perspectives. The book draws on in-depth, mixed-method research into the racing and breeding industries in the US, Australia, the UK, Canada and New Zealand, and includes comparative material on other key racing centres, such as Ireland, Singapore and Hong Kong. It explores the economic structure of the global racing business, including comparisons with other major international sport businesses and other equestrian sports. It examines the social and cultural roots of the sport through its association with, and impact on, rural places, communities and environments from Kentucky to Newmarket – highlighting racing's particular blend of tradition and scientific and technological innovation. The book also explores the ethical issues at the heart of horseracing, from reproduction to the use of the whip, and the inescapable tension between the horse as an instrumentally valuable commodity and the horse as an intrinsically valuable animal with needs and interests. *The Global Horseracing Industry* concludes by considering alternative futures for this major international sports business. The book is illuminating reading for anybody with an interest in sport, business, cultural geography, animal studies, or environmental studies.

New Zealand English Jennifer Hay, 2008-03-12 This book is a comprehensive but accessible description of English as it is spoken in New Zealand. New Zealand English is one of the youngest native speaker varieties of English,

and is the only variety of English where there is recorded evidence of its entire history. It shares some features with other Southern Hemisphere varieties of English such as Australian English and South African English, but is also clearly distinct from these. For the past two decades extensive research has focused on the evolution and ongoing development of the variety. New Zealand English presents the results of this research in an accessible way.

Sports around the World [4 volumes] John Nauright,2012-04-06 This multivolume set is much more than a collection of essays on sports and sporting cultures from around the world: it also details how and why sports are played wherever they exist, and examines key charismatic athletes from around the world who have transcended their sports. Sports Around the World: History, Culture, and Practice provides a unique, global overview of sports and sports cultures. Unlike most works of this type, this book provides both essays that examine general topics, such as globalization and sport, international relations and sport, and tourism and sport, as well as essays on sports history, culture, and practice in world regions—for example, Latin America and the Caribbean, the Middle East and North Africa, Europe, and Oceania—in order to provide a more global perspective. These essays are followed by entries on specific sports, world athletes, stadiums and arenas, famous games and matches, and major controversies. Spanning topics as varied as modern professional cycling to the fictional movie Rocky to the deadly ball game of the ancient Mayans, the first three volumes contain overview essays and entries for specific sports that have been and are currently practiced around the world. The fourth volume provides a compendium of information on the winners of major sporting competitions from around the world. Readers will gain invaluable insights into how sports have been enjoyed throughout all of human culture, and more fully comprehend their cultural contexts. The entries provide suggestions for further reading on each topic—helpful to general readers, students with school projects, university students and academics alike. Additionally, the four-volume Sports Around the World spotlights key charismatic athletes who have changed a sport or become more than just an outstanding player.

From The Horses Mouth Mike Dillon,2010-07-01 there are few New Zealanders of whom it could be claimed they have been richly entertaining for virtually an entire lifetime. But Keith Haub is one.From the moment he embarked on a wisecracking career as a barber, through the halcyon days when he not only enthralled the nation's turf fans with his masterly race calling but owned a speedster called McGinty (an icon in its own right) to being in hot demand as a brilliantly funny after-dinner speaker, Haubie has been a truly unique character.His often outrageous but always entertaining and amusing career is wonderfully portrayed in From the Horse's Mouth, written by leading New Zealand racing journalist Mike Dillon, who has long been a friend and confidante of Haub's.together they have

produced a magical book, offering a rare mix of sporting drama and achievement, hilarious adventures and misadventures, and a superb insight into the Sport of Kings. For Aucklanders Mike Dillon, who delights readers of the New Zealand Herald daily with his colourful racing accounts, this is his first book, but given the rich material he has extracted from Haub it is unlikely to be his last.
