Dragon Bound Thea Harrison, 2011-05-03 THE FIRST NOVEL IN THE NEW YORK TIMES BESTSELLING ELDER RACES SERIES! Half-human and half-wyr, Pia Giovanni spent her life keeping a low profile among the wyrkind and avoiding the continuing conflict between them and their Dark Fae enemies. But after being blackmailed into stealing a coin from the hoard of a dragon, Pia finds herself targeted by one of the most powerful—and passionate—of the Elder races. As the most feared and respected of the wyrkind, Dragos Cuelebre cannot believe someone had the audacity to steal from him, much less succeed. A Game of Thrones George R. R. Martin, 2003-01-01
NOW THE ACCLAIMED HBO SERIES GAME OF THRONES—THE
MASTERPIECE THAT BECAME A CULTURAL PHENOMENON
Winter is coming. Such is the stern motto of House
Stark, the northernmost of the fiefdoms that owe
allegiance to King Robert Baratheon in far-off
King's Landing. There Eddard Stark of Winterfell
rules in Robert's name. There his family dwells in
peace and comfort: his proud wife, Catelyn; his
sons Robb, Brandon, and Rickon; his daughters
Sansa and Arya; and his bastard son, Jon Snow. Far
to the north, behind the towering Wall, lie savage
Wildings and worse—unnatural things relegated to
myth during the centuries-long summer, but proving
all too real and all too deadly in the turning of
the season. Yet a more immediate threat lurks to
the south, where Jon Arryn, the Hand of the King,
has died under mysterious circumstances. Now
Robert is riding north to Winterfell, bringing his
queen, the lovely but cold Cersei, his son, the
cruel, vainglorious Prince Joffrey, and the
queen's brothers Jaime and Tyrion of the powerful
and wealthy House Lannister—the first a swordsman
without equal, the second a dwarf whose stunted
stature belies a brilliant mind. All are heading
for Winterfell and a fateful encounter that will
change the course of kingdoms. Meanwhile, across
the Narrow Sea, Prince Viserys, heir of the fallen
House Targaryen, which once ruled all of Westeros,
schemes to reclaim the throne with an army of
barbarian Dothraki—whose loyalty he will purchase
in the only coin left to him: his beautiful yet
innocent sister, Daenerys.

Eye for an Eye Ben Coes, 2013-07-09 In Ben Coes' latest, *Eye for an Eye*, Dewey Andreas faces the toughest odds of his life as one of China's most powerful men has decided to do whatever he must to take down Dewey—and inflicts a horrifying loss. When Dewey Andreas uncovers the identity of a mole embedded at a high level in Israel's Mossad, it triggers a larger, more dangerous plot. The mole was the most important asset of Chinese Intelligence, and Fao Bhang, head of China's Ministry of State Security (MSS), responds to the discovery and brutal elimination of the mole, by immediately placing a kill order on the man responsible—Dewey Andreas. Dewey is tracked to Argentina, where he is on vacation with his fiancée, Jessica Tanzer, a U.S. National Security Advisor. A top-level kill team is sent in quickly and quietly, but their attack fails to take out Dewey. The collateral damage, however, is both horrifying and deeply personal. With nothing left to lose, Andreas is determined to have his revenge. Once he learns who is probably behind the attack—and why they are after him—Dewey goes rogue, using all of his assets and skills to launch a counterattack. Andreas must now face the full weight and might of the MSS, Chinese Intelligence, and the formidable Fao Bhang, if he's to achieve his one last goal: revenge on a biblical scale, no matter the odds or the armies that he will have to fight his way through. Andreas—former Army Ranger and Delta—is a man of great skills and cunning. His opponent, Fao Bhang, is ruthless, determined, and with no limit to the assets at his disposal. In this conflict, there

are only two possible outcomes. And only one Dewey Andreas.

Rock Hard Dragons Cara Wade, Sofia

Gina, 2020-04-14 STEAMY DRAGON SHIFTER MENAGE ROMANCE COLLECTION : 4 STANDALONE BOOKS IN ONE. No cliffhanger. Guaranteed HEA. Mated to the Dragons Hattie Smith doesn't dream about marrying a shapeshifter and being whisked off her feet in some big romantic gesture. All she wants is a normal, boring life. But what will she do when she finds out that she's anything but normal? As she hits eighteen years old, she finally discovers her true destiny as a member of the Council of Species. This means she will have to leave her safe, normal, human existence to mix with people and shapeshifters that she's never known before. Will this be the scariest experience of her life, or will she actually end up living the dream? As new acquaintances Sephy, Arden, and Muth all collide with her new future, she starts to discover a brand new side to herself, one that she likes even better than before... And when things take a real steamy turn of events, Hattie is left with a very important choice to make. Three Kingdoms Sondra never imagined that her search for love would lead to two men—and they never imagined that their love would be tested by the threat of war between their kingdoms. On the fertile planet of Udiss, a great dragon shifter species lived in peaceful harmony. Among this tribe of shifters was the beautiful Ruby Princess, Sondra, who yearned for knowledge and, above all, love. While seeking answers in the Emerald Kingdom, she ran into Aizan—a handsome and intelligent prince who asks

to join her. When she invites him to sit with her, Malik—another rather handsome prince—joins them. The pair are best friends and have been for ages, describing their adventures to the captivated princess who decides she doesn't want to choose between the two. She never imagined her search for love would end in the arms of two men, and she would soon find their union was written in the stars. Although the triad is deeply in love, the three kingdoms are at odds for the first time in centuries. The threat of war looms over the triad—and only a union of three can prevent a war between the kings. Mated to the Twin Dragon Princes Never get caught between two princes, the queen said. Especially twins. So Nessa Kant is warned. However, she finds herself quickly falling for the sexy, confident Ra as well as the sweet but tortured Charlie. Meanwhile, the kingdom is in jeopardy—a Necromancer has made a pact with a demon, and they're coming. Charlie's visions all portend doom. It's up to the three of them to save the day. Learning with Dragons Riley is graduating in one semester and taking a high-level tech development course. Once in the classroom, he is immediately attracted to beautiful Linne, the black-haired and amber-eyed teacher's assistant for the classroom. After the first class, they get coffee together and hit it off. While he's entering his phone number into Linne's phone he sees a text from their teacher to meet him in his office scantily clad. Riley is accepting of the relationship, but has a surprise of his own for the professor and Linne. That night, they are interrupted by someone that tells Riley the

professor's secret— he is a dragon shifter. Later, Riley reveals the professor's secret to Linne, but also reveals his own. He, too, is a shifter. He takes Linne to places she has never been before, but danger looms. Only danger that the three of them can face together, not alone, and vanquish together.

Kill Process William Hertling, 2016-07-15 By day, Angie, a twenty-year veteran of the tech industry, is a data analyst at Tomo, the world's largest social networking company; by night, she exploits her database access to profile domestic abusers and kill the worst of them. She can't change her own traumatic past, but she can save other women. When Tomo introduces a deceptive new product that preys on users' fears to drive up its own revenue, Angie sees Tomo for what it really is—another evil abuser. Using her coding and hacking expertise, she decides to destroy Tomo by building a new social network that is completely distributed, compartmentalized, and unstoppable. If she succeeds, it will be the end of all centralized power in the Internet. But how can an anti-social, one-armed programmer with too many dark secrets succeed when the world's largest tech company is out to crush her and a no-name government black ops agency sets a psychopath to look into her growing digital footprint? "Awesome, thrilling, and creepy: a fast-paced portrayal of the startup world, and the perils of our personal data and technical infrastructure in the wrong hands." —Brad Feld, managing director of Foundry Group "His most ambitious work yet. A murder thriller about high tech surveillance and espionage in the

startup world. Like the best of Tom Clancy and Barry Eisner.” –Gene Kim, author of *The Phoenix Project* “Explores the creation and effects of the templated self, the rise of structured identity and one-size-fits-all media culture, and feasible alternatives.” –Amber Case, author of *Calm Technology*

Henry's Daughter Joy Dettman, 2007-11-10 From the bestselling author of *Mallawindy* and the *Woody Creek* series comes a story of love and rescue The narrative is achingly engrossing Weekend Australian She had felt a sad pulling feeling in her stomach that day as the car had driven off, like there was a bit of elastic tied around her insides, sort of joining her to those brothers like it went right through that door, and as the car had driven further up the road, that elastic got pulled so tight, it hurt. Lori Smyth-Owen is balancing on the edge of adolescence but feeling years older. She has eleven brothers, nine living at home and the twins, who were stolen by Auntie Eva ... which was lucky for them because there is never enough of anything to go around, except Mavis, Lori's mother, who is so overweight she can barely move. That doesn't stop her plotting to get those twins back. She'll do anything to get them home. Then tragedy strikes and the Smyth-Owen children take desperate measures to save themselves ... and in so doing, discover that blood ties mean everything. PRAISE FOR JOY DETTMAN Dettman writes compulsively readable stories The Age Fans of Rosalie Ham's *The Dressmaker* will love Joy Dettman.

How to Drive a Dragon Crazy G.A.

Aiken,2012-06-06 Sanity is overrated in this “captivating, funny, exciting” fantasy adventure from the New York Times bestselling author of the Scarred Earth Saga (Smexy Books). Some things never go away, like vile enemies, bad ale, and annoying kin. But I thought I was finished with the one dragon I’d have done anything for: Éibhear the Blue, a big, gorgeous, blue-haired beast who thinks the world belongs to him. The world and, apparently, me. So if Éibhear wants to play the caring hero and travel into the most forsaken of Gods forsaken lands to protect the one woman who doesn’t need it—namely me—I’ll let him. Because while I’m trying to fulfill a ridiculous quest for a pushy god, I’m going to draw this overconfident warlord much too close, rekindle his fires, and enjoy every minute of his delicious defeat . . .

Praise for the Dragon Kin Series "Aiken's patented mix of bloodthirsty action, crazy scenarios and hilarious dialogue have made this series a truly unique pleasure."—RT Book Reviews (4½ Stars) "A chest thumping, mead-hall rocking, enemy slaying brawl of a good book."—All Things Urban Fantasy "Laugh-out-loud funny—I loved it!"—Thea Harrison, New York Times bestselling author A hot, hot series. --Library Journal

The Future King James Riley, 2020-03-03 Fort's continued adventures take more surprising twists and turns in this third novel in a thrilling series from the author of the New York Times bestselling *Story Thieves*! Dealing with monster attacks and his missing father has been hard enough for Fort Fitzgerald in his first month at the Oppenheimer School. But there's another school for magic, this one in the United Kingdom, that's about to create even bigger problems. Six of the Carmarthen Academy students found themselves lost in time when they first started learning magic. Now they've returned, with news of a coming war that the students claim only they can stop. But their new plan for the world might lead to an even worse future, one that Fort and his friends are destined to help bring about, no matter how much they might want to fight it. Can Fort change the future that the Time students have already seen play out? Or is he destined to pay for his past mistakes for all of time?

New Morning Dragon Diana Henstell, 1987

The Animated Film Encyclopedia Graham Webb, 2000 Animated films often bring to mind images of Saturday morning cartoons on television, but at one time, animated films, both long and short, were found mostly on the silver screen as part of the featured program. In 1977, George Lucas even specially requested a cartoon to open Star Wars- Duck Dodgers and the 24½ Century, featuring Daffy Duck. In its rich history, cinematic animation has developed from silent monochrome

images to sound-filled shorts that ran with newsreels and adventure serials-to animation sequences used to enliven commercials or live-action films-and finally to feature films like Fantasia and Cinderella. This encyclopedia covers all English language animation from the crucial first eighty years of its history. From the popular to the obscure, from Bugs to Mickey, from the short to the feature, nearly 7,000 items are covered. Each entry includes production information, date, running time, and a synopsis. Much of the information compiled here is rare. For example, character voices once considered anonymous are here identified, and animated films now lost because they were once considered expendable are here given the attention they deserve. A complete index allows multiple points of access.

Negative Cosmopolitanism Eddy Kent, Terri Tomsy, 2017-11-10 From climate change, debt, and refugee crises to energy security, environmental disasters, and terrorism, the events that lead nightly newscasts and drive public policy demand a global perspective. In the twentieth century the world sought solutions through formal institutions of international governance such as the United Nations, the International Criminal Court, and the World Bank, but present-day responses to global realities are often more provisional, improvisational, and contingent. Tracing this uneven history in order to identify principal actors, contesting ideologies, and competing rhetoric, Negative Cosmopolitanism challenges the Kantian ideal of cosmopolitanism as the

precondition for a perpetual global peace. Uniting literary scholars with researchers working on contemporary problems and those studying related issues of the past – including slavery, industrial capitalism, and corporate imperialism – essays in this volume scrutinize the entanglement of cosmopolitanism within expanding networks of trade and global capital from the eighteenth century to the present. By doing so, the contributors pinpoint the ways in which whole populations have been unwillingly caught up in a capitalist reality that has little in common with the earlier ideals of cosmopolitanism. A model for provoking new and necessary questions about neoliberalism, biopolitics, colonialism, citizenship, and xenophobia, *Negative Cosmopolitanism* establishes a fresh take on the representation of globalization and modern life in history and literature. Contributors Include Timothy Brennan (University of Minnesota), Juliane Collard (University of British Columbia), Mike Dillon (California State University, Fullerton), Sneja Gunew (University of British Columbia), Dina Gusejnova (University of Sheffield), Heather Latimer (University of British Columbia), Pamela McCallum (University of Calgary), Geordie Miller (Dalhousie University), Dennis Mischke (Universität Stuttgart), Peter Nyers (McMaster University), Liam O’Loughlin (Pacific Lutheran University), Crystal Parikh (New York University), Mark Simpson (University of Alberta), Melissa Stephens (Vancouver Island University), and Paul Ugor (Illinois State University).
