Dating Vietnamese Women Elly Thuy Nguyen,2022-10-10 Vietnamese girls are a minefield. A very hot minefield. We've got the hoochie-koochie, but we're also a load of trouble, and an enigma wrapped in a mystery. And a bowl of pho. We come on strong, then suddenly back away. We wear extremely revealing clothes, but faint at the mention of sex. And our college girls look like ladies of the night, while our ladies of the night look like college girls. Hey, it's Vietnam! It's Vietnamese dating culture. And this book is the complete guide to succeeding in it. Is it English practice or is it a date? Mack on college students without being creepy. Don't get catfished. Is there really no premarital sex? How to invite her to an evening of horizontal folk dancing. Different region of Vietnam, totally different culture. Catholic Vietnamese girls are a great dating choice, and it's not because of uniforms. English teachers aren't hot stuff. A businesswoman could be a very expensive girlfriend. Birth control, condoms, and everything else that makes your girlfriend blush. *Dating Vietnamese Women* details all the weirdnesses, expectations, turn-ons, and turn-offs of Vietnamese girls. We're weird, but we're worth it.

The Girl in the Picture Denise Chong,2001 On 8 June 1972, nine-year-old Kim Phuc, severely burned by napalm, ran from her burning village and into the eye of history. Her photograph, seen around the world, helped turn public opinion against the Vietnam War and is one of a handful of images that remain branded in the public consciousness. This book is the story of how that photograph came to be - but also of what happened to Kim Phuc after it was taken. It opens up to readers an unknown world - the world of Vietnam after the US army left. Kim became a pawn in the Communist regime's propaganda campaign, even as her own family fought a losing battle to support itself in a physically and economically devastated country, now plagued with corruption. Kim's recovery and rehabilitation from her terrible wounds was long and arduous and, after years of manipulation by Vietnamese officials, she made a dramatic escape to Canada, where she now lives. Denise Chong has written a detailed, humanistic account of everyday life in the wake of the Vietnam War, as well as a meditation on the aftermath of celebrity, and the power of an image.

Vietnamese Women at War Sandra C. Taylor, 1999 For as long as the Vietnamese people fought against foreign enemies, women were a vital part of that struggle. The victory over the French at Dien Bien Phu is said to have involved hundreds of thousands of women, and many of the names in Viet Cong unit rosters were female. These women were living out the ancient saying of their country, When war comes, even women have to fight.

Gender Practices in Contemporary Vietnam Lisa Barbara Welch Drummond, Helle Rydstrom, 2004 Confucianism, colonialism, and socialism have all contributed significantly to gender relations in Vietnam. More recently, political and social change associated with modernization and globalization have also had an impact. How do the Vietnamese display their social positions and their identities as male or female? This volume examines negotiations, and transgressions, of gender within Vietnamese society, looking at gender, family, social and work relations, bodily displays, body language, and the occupation of space. Of special interest is a discussion of sexual harassment in schools and the workplace, and the strategies women adopt to deal with it, the first discussion of this issue by a Vietnamese scholar.

The Women on the Island Anh Thái Hồ, 2000 The first novel to be translated into English by one of the most popular writers in Vietnam illuminates the struggle of women who survived their service during the war years but returned to a society which in many ways had no place for them.

Vietnamese Women in Society and Revolution Paul Grace, 1974

The Girl in the Picture Denise Chong, 2001-08-01 More than any other Vietnam book in recent years, *The Girl in the Picture* confronts us with the ceaseless, ever-compounding casualties of modern warfare. —The San Francisco Chronicle On June 8, 1972, nine-year-old Kim Phuc, severely burned by napalm, ran from her blazing village in South Vietnam and into the eye of history. Her photograph—one of the most unforgettable images of the twentieth century—was seen around the world and helped turn public opinion against the Vietnam War. This book is the story of how that photograph came to be—and the story of what happened to that girl after the camera shutter closed. Award-winning biographer Denise Chong's portrait of Kim Phuc—who eventually defected to Canada and is now a UNESCO spokesperson—is a rare look at the Vietnam War from the Vietnamese point-of-view and one of the only books to describe everyday life in the wake of this war and to probe its lingering effects on all its participants.

Weaving Women's Spheres in Vietnam, 2015-11-30 Weaving Women's Spheres in Vietnam examines the changing status of womanhood in 'traditional', transitional and contemporary Vietnam from anthropological, historical, and sociological perspectives, focusing particularly on women's active agency in negotiating their own roles in family, religion and community.

One Very Hot Day David Halberstam, 1969 Three men face the futility of combat in a bottomless war. Always one step behind the enemy, useless interrogations with villagers left behind, the heat—all rendered

the men unready to fight the enemy when finally they did appear.

Beyond Combat Heather Marie Stur, 2011-09-26 *Beyond Combat* investigates how the Vietnam War both reinforced and challenged the gender roles that were key components of American Cold War ideology. Refocusing attention onto women and gender paints a more complex and accurate picture of the war's far-reaching impact beyond the battlefields. Encounters between Americans and Vietnamese were shaped by a cluster of intertwined images used to make sense of and justify American intervention and use of force in Vietnam. These images included the girl next door, a wholesome reminder of why the United States was committed to defeating Communism, and the treacherous and mysterious 'dragon lady', who served as a metaphor for Vietnamese women and South Vietnam. Heather Stur also examines the ways in which ideas about masculinity shaped the American GI experience in Vietnam and, ultimately, how some American men and women returned from Vietnam to challenge homefront gender norms.

Women and Revolution in Viet Nam Arlene Eisen, 1984

Women in Vietnam, 1967

The Vietnam Whore Mekong Moe, 2019-08-18 The Vietnam whore won the Vietnam War, and eventually the peace. Between 1965 and 1975, LBFMs ('little brown fuck machines', in GI parlance) working on their knees in the dark alleys, garish bars and seedy brothels of Saigon brought the US military to its knees in Vietnam. Male morale and morality collapsed at the same time as half a million American penises ejaculated into the energetic hands, soft mouths, wet pussies and lubricated anuses of the tens of thousands of Vietnamese women who serviced the sexual needs of the men of the American Armed Forces. Mekong Moe argues that the global super-power, the United States, lost the war in Southeast Asia in the countless bars, brothels, massage parlours and short-stay hotels. It was defeated by an army of Vietnamese prostitutes, whores, bar-girls, hookers and street-walkers. Sex and warfare go together. Rampaging soldiers have always sought women as the 'spoil of foreign wars'. Sexual violence is a constant through history. Across the ages, marauding armies of young men in enemy territory have invariably collectively and individually raped as a symbol of military might, not sexual conquest. But the Vietnam War was uniquely a tale of commercial sex. Mekong Moe is Vietnam's most famous international prostitute. The author has worked at various times over the last decade as a blatant street-walker, a discreet 'hostess' in smart sex clubs, a provider of cheap blow-jobs, and an elite escort in the 5-star hotels across Asia and the Middle East, with customers and boyfriends from all around the world. This is her third book

Poetic Writing and the Vietnam War in West Germany Mererid Puw Davies, 2023-05-30 In the 1960s and 1970s in the Federal Republic of Germany (FRG), or West Germany, newspaper readers and television viewers were appalled by terrible images of fires burning half a world away. The Vietnam War was a decisive catalyst for the era's wider protest movements and gave rise to an ardent anti-war discourse. This discourse privileged writing in many forms. Within it, poetry and poetic writing were key; and because coverage of the conflict in Vietnam often focused on spectacular, destructive conflagrations ignited by hi-tech machines of war, their dominant trope was fire. Hundreds of poems and related writings about Vietnam circulated in the FRG, yet they are almost entirely forgotten today. *Poetic Writing and the Vietnam War in West Germany* uncovers and explores some of this rich production in order to present a new history of engaged poetic writing in the FRG in the 1960s and 1970s, and to draw out distinctive characteristics of wider protest culture. In doing so, it makes the case for attending to marginal, non-canonical or neglected literary and cultural forms, and for critical thinking about why they might, over time, have been obscured. This book offers, too, a case study for reflection on the representation of war, on ways in which German oppositional culture could imagine its others, and the ways in which other voices

could speak to it in turn, and on the relationship of poetry to the historical world.

Women of Vietnam Arlene Eisen Bergman, 1975

Human Trafficking in Colonial Vietnam Micheline Lessard, 2015-04-24 Examining the widespread phenomenon of human trafficking in Vietnam during the period of French colonial rule, this book focuses on the practice of kidnapping or stealing Vietnamese women and children for sale in Chinese markets from the 1870s through to the 1940s. The book brings to light the fact that human trafficking between Vietnam and China existed prior to more contemporary instances of this trade. It provides information as to the perpetrators, the nature, and the scope of this illicit commerce and its impact on the lives of its victims, who were mainly domestic servants, concubines or prostitutes. The book also examines the ways in which French colonial actors (missionaries, administrators, military officers, adventurers and observers, and consuls) reported, described, and reacted to it, and goes on to analyse the impact of human trafficking on the concept of French 'prestige' and on the French colonial project in Vietnam. Human trafficking in colonial Vietnam illustrates the tensions and the conflicts not only between the French and the Vietnamese, but also between the Vietnamese and the Chinese, as well as between the colonies and the French colonial administration, and between the colonial and metropolitan governments. The book will be of interest to students and scholars of Southeast Asian History, Colonial History and Criminology.
