Hot Potato Bob Kuska,2004-03-29 When Edwin Henderson introduced the game to Washington, D.C., in 1907, he envisioned basketball as a way for more outstanding black student athletes to excel at northern white colleges and debunk negative stereotypes of the race. Almost simultaneously, black basketball was catching on quickly in New York. Kuska establishes that these two cities served as the birthplace of the black game.

Hot Potato Capital of the World Tom Hughes,2015-05-06 Every city has a moniker, a nickname to call its own, but there is none for our nation's capital. DC Nickname Campaign nominates: Washington DC: The Hot Potato! Perfect, right? No city on earth has juggled (tossed, dropped or passed) as many hot potato issues as good old no taxation without representation District of Columbia. Hot Potato: n. inf. A controversial issue or situation that is awkward or unpleasant to deal with. --Oxford Current English Dictionary, 2009 WDC: where devilishly difficult to resolve issues are tackled or not every day by all branches of government, executive, judicial and congressional. This book is about my long-standing belief that Washington, DC is indeed The Hot Potato. A nickname it has earned. An association with the noble tuber that is fitting and complimentary. After all, potatoes are significantly more valuable and versatile a commodity than apples any day. And potatoes are all American in origin. Apples come from Kazakhstan. Apple pie is not really American, but any way you prepare them, potatoes are. Better to be identified with the world's number one vegetable than a fruit that as the saying goes: it takes only one to spoil the barrel. Thirty years ago, my wife and I opened the world's first museum dedicated to potatoes in a gallery space of our Capitol Hill townhouse. Here's part of a New York Times article from that time. Mr. Hughes, who says the potato provides more food value per acre than rice or wheat, quotes approvingly from Hymn to the Potato, by the Brooklyn poet Menke Katz: On the hungry alleys of my childhood, the milky way was a potato land. Asked why the potato museum is in Washington, Mr. Hughes explained that ''it should be in the city where every day people are handling hot potatoes. Can you think of a city that handles more hot potatoes?''He said he had urged Mayor Marion S. Barry to get Washington formally called the Hot Potato, as New York is called the Big Apple. 'I'm getting a little tired hearing all that Big Apple bit, ' he said. 'The potato is a hell of a lot more nutritious and more versatile and economically more important than apples ever will be.''' But in DC, especially on the president's desk, in the halls of Congress and at the Supreme Court's bench, is where the hottest potatoes of all land. If they could be handled by others they would. Over the years, hot potatoes pertaining to wars, rights and financial affairs have been ever present issues making headlines in Washington. Others such as civil service reform and tariffs (high, low or abolished) have been potatoes so fiery to handle that they were passed on through a series of administrations during the nation's gilded age. Some were one time affairs. WDC may qualify as the one place beyond needing a moniker or motto, but that doesn't prevent a legion of PR types, tourism touts, promoters, image builders, editors, journalists, headline composers, song writers, novelists and me from thinking it needs one. We've got a point. Who wants to keep writing, reading or hearing Washington-this and Washington-that endlessly? The time for a catchy nickname is long past due. The book includes lists of hot potatoes handled over the nation's long history. It also is full of fun and games that make learning about American political history enjoyable for a wide range of audiences.

Adventist Hot Potatoes Martin Weber,1991 Are celebration churches of the devil?; Is the church lowering its standards?; Do Adventists believe in eternal security?; Will God kill sinners or simply let them reap death as the natural result of sin?; Is it OK to eat out on the Sabbath?; Who's right, the liberals or the legalists?; Will cheese keep us out of heaven?; What should be done about those who terrorize people out of the church?; Are we God's final remnant, or are we Laodicea? Perhaps both?; And, what about Ellen White? - Legalists Versus Liberals (Our Challenge in the Nineties); Dare We Celebrate? Hot Potato Ivan Borodin,2014-05-29 A batch of magical yams generates visions when eaten. In a backwoods tavern in South Carolina, a young woman and her Yankee boyfriend peddle the wonder-inspiring potatoes, rushing to sell them off before the clock strikes twelve on New Year's Eve. One man's poison is another man's witchcraft. The yams reveal that reality has no door-only a sliding curtain to a story its users will be telling forever. 'Hot Potato' is a loud, irreverent three-act play with roughly a dozen characters. The play has its own language (and some strong language with references to sexuality). The play is a big gloppy sandwich, half of which lands in your lap if you're not careful. 'Hot Potato' is a conversation about the things that drive us, how we overcome disappointment, and the secrets of life.
