*Ready Player Two* Shira Chess,2017-10-01 Cultural stereotypes to the contrary, approximately half of all video game players are now women. A subculture once dominated by men, video games have become a form of entertainment composed of gender binaries. Supported by games such as Diner Dash, Mystery Case Files, Wii Fit, and Kim Kardashian: Hollywood—which are all specifically marketed toward women—the gamer industry is now a major part of imagining what femininity should look like. In *Ready Player Two*, media critic Shira Chess uses the concept of “Player Two”—the industry idealization of the female gamer—to examine the assumptions implicit in video games designed for women and how they have impacted gaming culture and the larger society. With *Player Two*, the video game industry has designed specifically for the feminine ideal: she is white, middle class, heterosexual, cis-gendered, and abled. Drawing on categories from time management and caregiving to social networking, consumption, and bodies, Chess examines how games have been engineered to shape normative ideas about women and leisure. *Ready Player Two* presents important arguments about how gamers and game developers must change their thinking about both women and games to produce better games, better audiences, and better industry practices. Ultimately, this book offers vital prescriptions for how one of our most powerful entertainment industries must evolve its ideas of women.

Screeching Halt Scott J. Papillon,2004-01-19 Forget everything you thought you knew about politics. This is Minnesota. Step into the wacky world of Minnesota politics, as magazine editor Dashmagne Grant moves from reluctant hero to star of *The Tonight Show*, and then on to gubernatorial candidate and national celebrity. Along the way, he falls in love twice-only to lose both women-as fate hurtles him from Minnesota to Dallas, with stops in Hollywood and the Florida Keys. All of this wouldn't be so bad if not for the moderately insane people who surround Dash. There's the clueless Minnesota governor with three last names and a political platform based on Mass Confusion. A shady best friend with a talent for picking up radio signals by grinding his teeth. And then there's the sexy super model who adores him, and an eccentric Texas billionaire who wants to make him famous. Is it any wonder Grant's normally serene life has come to a screeching halt?

**Dr. Dash and the Singing Swords** Mary Jane Hallifax,2002-04 At the New York Museum, Dr. Dashhold P. Manne has been presented with an astonishing old world scroll to study and decipher. The translation is senseless talking of singing swords, but the curiosity of the curator, Cory Lexion steeps Dash's curiosity. Dash knows the benefactor will provide money to investigate the dig site and gather more evidence no deference as to the location. Dash, his understudy, Monica, the benefactors' niece, Rebecca, and his Dad, Dash Sr.encounter at least three hostile factions all wanting the scrolls and the prize (alleged to be world dominaion and wealth) that unraveling the mystery of the hierglyphics will bring. Under threatening conditions, they forge ahead and accidently drop into the very prize the hierglyphics implies does exist. Dash returns to the museum where Corey vexes to know more of this Tree of Life.

*Playing with Feelings* Aubrey Anable,2018-02-21 How gaming intersects with systems like history, bodies, and code Why do we so compulsively play video games? Might it have something to do with how gaming affects our emotions? In *Playing with Feelings*, scholar Aubrey Anable applies affect theory to game studies, arguing that video games let us “rehearse” feelings, states, and emotions that give new tones and textures to our everyday lives and interactions with digital devices. Rather than thinking about video games as an escape from reality, Anable demonstrates how video games—their narratives, aesthetics, and histories—have been intimately tied to our emotional landscape since the emergence of digital computers. Looking at a wide variety of video games—including mobile games, indie games, art games, and games that have been traditionally neglected by academia—Anable expands our understanding of the ways in which these games and game studies can participate in feminist and queer interventions in digital media culture. She gives a new account of the touchscreen and intimacy with our mobile devices, asking what it means to touch and be touched by a game. She also examines how games played casually throughout the day create meaningful interludes that give us new ways of relating to work in our lives. And Anable reflects on how games allow us to feel differently about what it means to fail. *Playing with Feelings* offers provocative arguments for why video games should be seen as the most significant art form of the twenty-first century and gives the humanities passionate, incisive, and daring arguments for why games matter.

**Tailspin** Sandra Brown,2018-08-07 A daring pilot races against time to deliver an important package -- and keep it from falling into the wrong hands -- in this #1 New York Times bestselling thriller of spine-tingling suspense and tantalizing romance. Rye Mallett, a fearless freight dog pilot charged with flying cargo to far-flung locations, is rough-spoken and all business, but soft on regulations when they get in the way of meeting a deadline. But above all, he has a rock-solid reputation: he will fly in the foulest weather, day or night, and deliver the goods safely to their destination. So when Rye is asked to fly into a completely fogbound northern Georgia town and deliver a mysterious black box to a Dr. Lambert, he doesn't ask questions. As Rye's plane nears the isolated landing strip, more trouble than inclement weather awaits him. Greeted with a sabotage attempt on his plane, he has barely recovered from the crash landing when he meets Dr. Brynn O'Neal, who claims she is receiving the box for Dr. Lambert. Though he has a strict no-involvement policy when it comes to others' problems, Rye finds himself being irresistibly drawn in to the intrigue surrounding his cargo . . . and to the mysterious and alluring Brynn. Soon Rye and Brynn are in a treacherous forty-eight-hour race to deliver the box. With everyone from law enforcement officials to hired guns hot on their heels, they must learn to trust each other to protect their valuable cargo from those who would kill for it.

*Goodbye for Now* Laurie Frankel,2013-05-07 A 2013 Endeavour Award Finalist When Sam Elling creates an algorithm to pair people with their soul mates online, he meets Meredith, his own perfect match. But when Meredith’s grandmother Livvie dies unexpectedly, Sam puts his algorithm to even better use: it compiles Livvie’s old emails and video chats to create a computer simulation so that Meredith can say goodbye. It’s not supernatural; it’s computer science, and Meredith loves it—too much to keep to herself. Together, she and Sam open RePose to help others who have lost a loved one. Business takes off, but for every person who just wants to say goodbye, there’s someone else who can’t let go. This twenty-first-century love story asks what would happen if saying goodbye were just the beginning, and shows how love can take on a life of its own.

The Novel Michael Schmidt,2014-05-12 The 700-year history of the novel in English defies straightforward telling. Encompassing a range of genres, it is geographically and culturally boundless and influenced by great novelists working in other languages. Michael Schmidt, choosing as his travel companions not critics or theorists but other novelists, does full justice to its complexity.

**Digging for Dirt** Jaime Lowe,2008-11-25 A fan's exploration of the man behind the myth Ol' Dirty Bastard (aka Russell Jones) rose to fame with the Wu-Tang Clan in the early '90s, his unorthodox rap style and reputation for erratic behavior putting him in a media spotlight. As a solo artist, he released two albums that went gold and achieved crossover fame through a duet with Mariah Carey that debuted at number one on the Billboard charts. But for the next decade, his life would be fueled by chaos and excess until it derailed completely, resulting in a fatal drug overdose in 2004 and leaving behind an enigmatic legacy and a remarkably diverse group of fans. In a compelling

combination of personal narrative, biography, and cultural criticism, *Digging for Dirt* explores ODB's life, career, mythology, death, and the troubled trajectory of his public and private worlds. Jaime Lowe met with the people ODB affected and was most affected by—surviving members of the Wu-Tang Clan, his hip-hop contemporaries, his parents, his followers, his managers, his neighbors, and his friends—in an attempt to figure out the man behind the clown-prince persona, and the issues of race, celebrity, mental illness, and exploitation that surrounded his rise and fall.

*Just Another Spark* Carly Phillips,2023-01-17 He's a rock star wanted by millions. She's a wife willing to fight for their love. Rock star Dash Kingston is finishing the last leg of his band's U.S. tour. Exhausted and ready to be home, he can't wait to see his girl. Time zones, show times, and the demands of his career have made married life harder than expected. Even knowing the rock star life wouldn't make their relationship easy. Cassidy Kingston thought she was ready to handle being married to a man idolized by women everywhere. She believes in their love even though the separations when the band is on tour can be torture. But the paparazzi and media don't make their time apart easier and the gossip headlines hit her harder than they should. She trusts her husband even if she misses him like crazy. When rumors surface that Dash is seeing someone, what's a girl to do? Surprise her husband and remind him of what he's been missing. Except you know what they say about the best laid plans.

**Hong Kong Black** Alex Ryan,2017-05-09 Former Navy SEAL Nick Foley reluctantly agrees to help investigate when American CIA operative Peter Yu goes missing in China. But when Yu's mutilated body washes up on a beach near Hong Kong, along with dozens of other victims, the case takes a macabre turn. Suddenly, Nick finds himself embroiled in another bio-terrorism investigation being conducted by China's elite Snow Leopard counter-terrorism unit and the Chinese CDC, this time involving illegally-harvested organs for an unknown and nefarious end. But Nick's investigation does not go unnoticed, and soon he finds a target on his back. After thwarting an attempt on his life, he is forced to go off the grid and enlist the help of beautiful CDC microbiologist Dr. Dazhong “Dash” Chen to help unmask his would be killer. On the run and looking for answers, their budding romance is tested at every turn. With each step closer they take to unmasking the truth, Nick and Dash find themselves drawn deeper into a global conspiracy that began over two thousand years ago with the First Emperor of China and now threatens to upset the world order as they know it in *Hong Kong Black*, the heart-pounding sequel to Alex Ryan's *Beijing Red*.

When I Say Yes Lisa Renee Jones,2022-01-25 I believe that there is one person in this world that can both break us and make us whole. One person who can love us more than life can hurt us. With this comes deep, intense passion, and a burning connection. But in turn, that person can destroy us, cut us, make us bleed in ways no other ever could. They have power over us. For me, that one person is Dash Black. He walked into my life in a rush of sunshine, in the darkness of heartache and uncertainty. We were broken apart, and whole together. He healed me. I believed I did the same for him. Until the past became the present, and every moment of suffering in his life consumed him. Instead of seeking refuge in me, he pushed me away. As the famous quote from an unknown author says, “If you love something, set it free. If it comes back, it's yours; if it doesn't, it never was.” I've set Dash Black free. Now, I wait. *When I Say Yes* is the third and final book in the *Necklace Trilogy*.

**Appified** Jeremy W Morris,Sarah Murray,2018-10-23 Snapchat. WhatsApp. Ashley Madison. Fitbit. Tinder. Periscope. How do we make sense of how apps like these-and thousands of others-have embedded themselves into our daily routines, permeating the background of ordinary life and standing at-the-ready to be used on our smartphones and tablets? When we look at any single app, it's hard to imagine how such a small piece of software could be particularly notable. But if we look at a collection of them, we see a bigger picture that reveals how the quotidian activities apps encompass are far from banal: connecting with friends (and strangers and enemies), sharing memories (and personally identifying information), making art (and trash), navigating spaces (and reshaping places in the process). While the sheer number of apps is overwhelming, as are the range of activities they address, each one offers an opportunity for us to seek out meaning in the mundane. *Appified* is the first scholarly volume to examine individual apps within the wider historical and cultural context of media and cultural studies scholarship, attuned to issues of politics and power, identity and the everyday.

*Finish What You Started* Kathryn Lively,2016-07-19 In this business, it gets hot under the spotlight... Once a teen idol, Gabby Randall now spends her time behind the camera. With her show *Danse Macabre* scripted and greenlit for a popular streaming site, she has everything she wants...except her star. Deadlines are looming and she's desperate to cast the role of a modern-day, motorcycle-riding Grim Reaper. She never thought she'd end up hiring her former co-star, TV's most beloved geek...and her ex-husband. Until the day he dies, people will remember Dash Gregory as Freddie &'Grody' Grodin, the token geek friend of the cool kids at Wondermancer High. After years of casting agents overlooking him for plum roles, Dash wants to show Hollywood he's more than a one-note player. He's ready to break the vicious typecasting cycle, and he's set his sights on the lead role in a sexy new series too hot for network TV. When the director yells “Cut!” the star wants to keep up the action behind the scenes. Are Dash and Gabby willing to make ratings history again?

Exclusive Katherine Garbera,2009-05-01 Never get personally involved in a story. For star reporter Tory Patton, that was the cardinal rule of TV news. But when a fellow journalist and Athena Academy graduate was taken hostage in a war zone — and a rival network broke the story — Tory took it very personally, giving up the safety of her anchor desk to investigate in the field. The assignment was risky from the start, including a shocking complication: Tory's unexpected pregnancy. With her stubborn, covert-agent lover begging her to go home and her questions stirring up a hornet's nest, Tory suddenly faced reporting a story that could make her career but cost her everything she loved.

**Hotel Dash Introduction**

In todays digital age, the availability of Hotel Dash books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Hotel Dash books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Hotel Dash books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Hotel Dash versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Hotel Dash books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether youre a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Hotel Dash books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Hotel Dash books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often

offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Hotel Dash books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Hotel Dash books and manuals for download and embark on your journey of knowledge?

FAQs About Hotel Dash Books

**What is a Hotel Dash PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Hotel Dash PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools.
