**The Orang Gang Et Al; Loved, Hugged and Peed On** Sherry Lucas,2011-11-03 A zoo volunteer shares her diary of 12 years working in the World of Primates at the Houston Zoo. She helped raise three orangutan babies and a baby siamang gibbon, and was loved, hugged, and peed on by all four. When she wasn't helping with the babies, she helped clean orangutan cages and continues to do so. In this book she shares her experience learning about the orangutans; watching their interactions with each other, the keepers, other volunteers, and vet staff. Orangutan means person of the forest and that's how she thinks about her orange ape buddies. They are her friends. This diary lets you share her experiences as a zoo volunteer; the best non-paying job in the world according to her.

*American Zoo* David Grazian,2015-09-01 Orangutans swing from Kevlar-lined fire hoses. Giraffes feast on celebratory birthday cakes topped with carrots instead of candles. Hi-tech dinosaur robots growl among steel trees, while owls watch animated cartoons on old television sets. In *American Zoo*, sociologist David Grazian takes us on a safari through the contemporary zoo, alive with its many contradictions and strange wonders. Trading in his tweed jacket for a zoo uniform and a pair of muddy work boots, Grazian introduces us to zookeepers and animal rights activists, parents and toddlers, and the other human primates that make up the zoo's social world. He shows that in a major shift away from their unfortunate pasts, American zoos today emphasize naturalistic exhibits teeming with lush and immersive landscapes, breeding programs for endangered animals, and enrichment activities for their captive creatures. In doing so, zoos blur the imaginary boundaries we regularly use to separate culture from nature, humans from animals, and civilization from the wild. At the same time, zoos manage a wilderness of competing priorities—animal care, education, scientific research, and recreation—all while attempting to serve as centers for conservation in the wake of the current environmental and climate-change crisis. The world of the zoo reflects how we project our own prejudices and desires onto the animal kingdom, and invest nature with meaning and sentiment. A revealing portrayal of comic animals, delighted children, and feisty zookeepers, *American Zoo* is a remarkable close-up exploration of a classic cultural attraction.

**ZooBorns Motherly Love** Andrew Bleiman,Chris Eastland,2022-10-11 An adorable installment in the ZooBorns series, *ZooBorns Motherly Love* celebrates the special bond between exotic animal mothers and their babies from every corner of the globe: “Animal babies make conservation cute,” raves *The New York Times*. *ZooBorns Motherly Love* is all about mothers and their babies. Photographs that capture the power of a mother’s love consistently attract explosive interest on the wildly popular ZooBorns website, and now, for the first time, they have been collected in this book. *ZooBorns Motherly Love* explores the special role mothers play in our lives: they do more for us than they do for themselves, worry about us more than we’ll ever know, and love us more than anyone else can...no matter their species. By highlighting these adorable and recognizable moments, from a sea otter cradling her newborn pup to a lioness gently tugging her cub back to her side, ZooBorns connects you to the animals featured here and builds awareness for the challenges these species face in the wild. Remember, these babies are much more than just irresistible furry faces. They are ambassadors for their species, helping educate about conservation while they entertain. In fact, 10 percent of all ZooBorns’ revenue from the sale of these books goes directly to the Association of Zoos and Aquariums’ Conservation Endowment Fund. This book is sure to put a smile on your face and warm your heart.

**ZooBorns The Next Generation** Andrew Bleiman,Chris Eastland,2012-11-06 *ZooBorns the Next Generation* may be the most adorable baby animal book ever created! Featuring full-color photos and fascinating facts on exotic baby animals from every corner of the globe, this collection is irresistible to any animal lover. The new generation of zoo babies will reset the standard for devastating cuteness. From the creators of the smash hit ZooBorns series of books, *ZooBorns The Next Generation* features full-color photos and fascinating facts on exotic baby animals from every corner of the world. Filled with brand-new species and some beloved favorites, this collection is irresistible to any animal lover. These babies are much more than just adorable furry faces. They are ambassadors for their species in the wild, helping educate about conservation while they entertain.

**Exotic Animal Field Guide** Elizabeth Cary Mungall,2007-02-26 Exotic animals range in appearance from truly striking to seemingly ordinary, and they live in wildlife preserves, on farms, in parks, and even in the wilderness across the United States. In this book, Elizabeth Cary Mungall provides ample information for anyone, from park visitor and zoo goer to rancher and wildlife biologist, who wants to identify and learn more about exotic wildlife in the United States. Richard D. Estes, author of *The Safari Companion*, says that for everyone interested in exotic hoofed stock, *Exotic Animal Field Guide* is a well-written and beautifully illustrated book that fills a vacant niche. Indeed, the main portion of the book contains fully illustrated species accounts of eighty different kinds of hoofed animals, with native range maps and information about food habits, habitat, temperament, breeding and birth seasons, and fencing needs. A list of exotics-related organizations and a reference section round out the text. Photographs of each species make the book both attractive and useful as a field tool. In a chapter on photographing exotics, Christian Mungall shows readers how to take their own great pictures of these animals. Clearly, as James G. Teer, of the Department of Wildlife and Fisheries Sciences at Texas A&M University states, this is much more than a field guide. Elizabeth Cary Mungall's book is a long awaited repository and data source on the ecology, technology, and management of more than 80 species of non-native hoofed animals. . . . Anyone with exotics on his or her property will require *Exotic Animal Field Guide*.

**Catalogue of Copyright Entries ...** Library of Congress. Copyright Office,1927

*Herpetological History of the Zoo and Aquarium World* James Bernard Murphy,2007 Follows the changes in zoo and aquarium communities by looking at the development and expansion of the discipline. This work presents portraits of a number of zoos and aquariums throughout the world to show the chronology of herpetological discovery, people who worked at those places, and the breadth of the programs that were put in place.

*The Photo Ark* Joel Sartore,2017 This book of photography represents National Geographic's Photo Ark, a major cross-platform initiative and lifelong project by photographer Joel Sartore to make portraits of the world's animals -- especially those that are endangered. His message: to know these animals is to save them. Sartore intends to photograph every animal in captivity in the world. He is circling the globe, visiting zoos and wildlife rescue centers to create studio portraits of 12,000 species, with an emphasis on those facing extinction. He has photographed more than 6,000 already and now, thanks to a multi-year partnership with National Geographic, he may reach his goal. This book showcases his animal portraits: from tiny to mammoth, from the Florida grasshopper sparrow to the greater one-horned rhinoceros. Paired with the prose of veteran wildlife writer Douglas Chadwick, this book presents an argument for saving all the species of our planet.

**The Elephant of Belfast** S. Kirk Walsh,2022-04-05 Inspired by true events, this vivid and moving story of a young woman zookeeper and the elephant she's compelled to protect through the German blitz of Belfast during WWII speaks to not only the tragedy of the times, but also to the ongoing sectarian tensions that still exist in Northern Ireland today—perfect for readers of historical and literary fiction alike. Belfast, October 1940. Twenty-year-old zookeeper Hettie Quin arrives at the city docks in time to meet her new charge: an orphaned three-year-old Indian elephant named Violet. As Violet adjusts to her new solitary life in captivity and Hettie mourns the recent loss of her sister and the abandonment of her father, new storm clouds gather. A world war rages, threatening a city already reeling from escalating tensions between British Loyalists and those fighting for a free and unified Ireland. The relative peace is shattered by air-raid sirens on the evening of Easter Tuesday 1941. Over the course of the next five hours, hundreds of bombs rain down upon Belfast, claiming almost a thousand lives and decimating the city. Dodging the debris and carnage of the Luftwaffe attack, Hettie runs to the zoo to make sure that Violet is unharmed. The harrowing ordeal and ensuing aftermath set the pair on a surprising path that highlights the indelible, singular bond that often brings mankind and animals together during horrifying times. Inspired by a largely forgotten chapter of World War II, S. Kirk Walsh deftly renders the changing relationship between Hettie and Violet, and their growing dependence on each other for survival and solace. *The Elephant of Belfast* is a complicated and beguiling portrait of hope and resilience—and how love can sustain us during the darkest moments of our lives.

**Zookeeper Dreams and Travel Extremes** Lynn Killam,2021-12-17 Lynn Killam has been a zoo professional for forty years. Since her early days of starting as an animal aide at the Bronx Zoo to being a zookeeper at the Philadelphia Zoo, to eventually being named primate curator at the Houston Zoo, she has literally seen it all. Zookeeper Dreams and Travel Extremes is her memoir of essays on life in the zoo and in nature.

**Birds of the Photo Ark** Noah Strycker,2018 This ... celebration of birds from around the world unites ... animal portraits from Joel Sartore's ... National Geographic Photo Ark project with ... text by up-and-coming birder Noah Strycker. It includes hundreds of species, from tiny finches to charismatic eagles; brilliant toucans, intricate birds of paradise, and perennial favorites such as parrots, hummingbirds, and owls also make colorful appearances--Amazon.com.

**The Fairly Factual Tale of Luna the Painter** Rhonda Quisenberry,2021-09-18 Conservation meets art appreciation for the future of our planet. The true story of the birth of Pongos Helping Pongos: Painting by Orangutans for Orangutans.What started as simple enrichment for an overactive orangutan living in the big bustling cit of Houston, Texas, turned into something much bigger than imagined. Find out how Luna, the orangutan, is helping to save her species, Pongo pygmaeus, from the brink of extinction. Living in the zoo, Luna bridges the gap between us and orangutans in the rainforests of Borneo. She proves how much like us they really are and challenges what was once the definition of man... the tool user.50% of the profit from your purchase of this book will go toward the conservation of orangutans in their natural habitat.

**Insiders' Guide® to Houston** Laura Nathan-Garner,2012-10-02 For more than twenty years, the Insiders' Guide series has remained the essential source for in-depth travel and relocation information. Written by locals and true insiders, each guide is packed with useful tips on places to stay, restaurants, events, attractions, fun thnigs to do with the kids, nightlife, recreation, shopping, local history, and much more--as well as a comprehensive appendix called Living Here that offers information on real estate, education, health care, and more.

**I Explore the Zoo** Emma Dods,2014-07-31 A collectible board book series with a non-fiction twist: toddlers can enjoy mini adventures and explore key first experiences. In I Explore the Zoo, toddlers can join a zookeeper for a day: meet impressive animals and discover more about a keeper's job. Opening the gatefold at the end of the book reveals a penguin parade. Detailed labels offer further information - perfect for parents to share with their inquisitive pre-school child. With simple text written by Emma Dods and consultancy by Renee Bumpus, a Conservation Programs Manager for Houston Zoo, this is a fun and informative way to introduce children aged 2 and up to zoo life. Have you collected all of I Explore? I Explore the Airport I Explore Digging for Dinosaurs I Explore the Zoo I Explore Under the Sea Emma Dods has written and edited scores of books for children of every age. Her fresh voice and fun approach bring diverse subjects to life in a friendly, informative way. Kate Daubney lives by the sea in North Devon, England with her partner Roger and her scruffy sidekick, Taz the dog. After graduating with a degree in illustration, she has worked on numerous children's books, using both digital and traditional media to create her colourful and quirky illustrations. When she's not busy illustrating she loves nothing more than riding her bike or taking a walk across the local beach, where Taz the dog enjoys chasing the seagulls!

**Piney Wood Zoo** Houston Sly,2023-02-06 Piney Wood Zoo is a glimpse inside a fascinating zoo where Pine Tree People are the main attraction. It teaches; overcoming adversity, conservation and that everyone can make an impact if they just believe in themselves

*Scientific Foundations of Zoos and Aquariums* Allison B. Kaufman,Meredith J. Bashaw,Terry L. Maple,2019-01-03 In the modern era, zoos and aquariums fight species extinction, educate communities, and advance learning of animal behaviour. This book features first person stories and scientific reviews to explore ground breaking projects run by these institutions. Large-scale conservation initiatives that benefit multiple species are detailed in the first section, including critical habitat protection, evidence-based techniques to grow animal populations and the design of community education projects. The second section documents how zoos use science to improve the health and welfare of animals in captivity and make difficult management decisions. The section on saving species includes personal tales of efforts to preserve wild populations through rehabilitation, captive breeding, reintroduction, and public outreach. The concluding section details scientific discoveries about animals that would have been impossible without the support of zoos and aquariums. The book is for animal scientists, zoo professionals, educators and researchers worldwide, as well as students of zookeeping and conservation.

**Animals Reviewed** Association of Zoos and Aquariums,2019-10-29 Are you ready to #RateASpecies? Zoos and aquariums have poked wild fun at their animal friends—and their “product reviews” will leave your pack howling! Packed with adorable animal photos and laced with wit and humor, Animals Reviewed is a must-read for animal lovers of all ages. Proceeds benefit the Association of Zoos and Aquarium’s mission to advance animal welfare, public engagement, and conservation.

Enjoying the Song of Term: An Mental Symphony within **Houston Zoo**

In some sort of taken by monitors and the ceaseless chatter of fast transmission, the melodic splendor and psychological symphony created by the written word usually diminish in to the backdrop, eclipsed by the constant sound and disruptions that permeate our lives. Nevertheless, situated within the pages of **Houston Zoo** a charming fictional prize full of raw feelings, lies an immersive symphony waiting to be embraced. Constructed by an elegant composer of language, this captivating masterpiece conducts visitors on a psychological trip, well unraveling the concealed tunes and profound impact resonating within each carefully constructed phrase. Within the depths of the emotional review, we can discover the book is main harmonies, analyze its enthralling publishing type, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
