Palmistry Julian Moore, One of the best, most practical guides for learning this ancient divination technique that’s ever hit the market. THIS BOOK IS A MUST! - Craig Browning In his new book, ‘Speed Learning ~ Palm Readings In Your Own Words’, Julian Moore teaches the basics of palmistry using proven techniques which mean that you could be reading palms in less than 48 hours! This ebook and ten accompanying FLASH CARDS can get you up to speed quicker than you ever thought imaginable, while still creating your own style and being true to yourself without having to pretend that you're a great showman or anything other than yourself. ‘Speed Learning ~ Palm Readings In Your Own Words’ shows you how to give REAL readings that CONNECT with people. Most people who decide to learn palmistry are easily put off when they first pick up a palmistry book, there’s so much information and more often than not, no clear description of even what ORDER to read the different elements of the hand in. This is not like those other books. It teaches you a step-by-step way of reading people’s palms that’s almost impossible to forget, and as it encourages you to create YOUR OWN way of describing what the lines and fingers mean, the speed of learning is greatly increased. You’re not just learning ‘parrot style’, you’re creating your OWN versions of how to talk about the meanings of the hand, which makes them entirely memorable! REVIEWS No hype...just plain good! You can't go wrong if you just DO what Julian describes. I've always shied away from palmistry because I thought the system was too complicated. Julian has changed all that. And, the memory cues are an added bonus. It just can't get any easier. - Nicholas After reading Julian's book, and going through the flash cards a couple of times, I have a practical knowledge of palm reading that I didn't have 48 hours ago. My progress is clear and tangible. Today, I was able to improvise a palm reading session with one of my regular clients, and it went very well. I'm excited! That's why I'm writing this review, hoping that some of you also take advantage of this beautiful tool that Julian is sharing with us. - Enrique Enriquez - member of Kenton Knepper’s S.E.C.R.E.T. school and co-author of the groundbreaking book ‘Mind Reading’ A very useful tool for both learning and reviewing palmistry basics. For learning you have taken the concept of flash cards and made the cue cards much more of a memory exercise; thereby, challenging the mind to create rather than just repeat. For the pro you have given some interesting slants on certain traits that add further dimension and depth to a reading. The cards provide an excellent review tool for all practicing palmists as it allows them to review traits and characteristics that may not appear commonly in their practice. - Charles Green & Eugene Bourgal An excellently laid out summation of the essence of palmistry, designed to teach you as you go along. I can certainly see how one can get this today and start giving mini-readings tomorrow night. Better yet, learn it all easily in a week and give real readings and be able to answer questions. This book actually teaches easily, speedily the essence of palmistry. Nice job. I'd recommend this to anyone starting out in the field. Well worth the money. - Tom Jorgenson OTHER KINDLE BOOKS IN THE SPEED LEARNING SERIES BY JULIAN MOORE Speed Learning: Graphology - The Art Of Handwriting Analysis Speed Learning: Cartomancy - A Playing Card Reading Primer Speed Learning: The James Bond Cold Reading

Palm Reading Bridget Giles,Jane Johnson,2005 Collins Gem Palm Reading reveals the ancient art of palm reading. With easy-to-follow diagrams accompanying clear and concise text, this book lays bare the complexities of hand reading. The book provides an introduction to how to read palms so that a beginner will soon be able to uncover the hidden truths of the hand. It first examines the whole hand, analysing the variety of hand shapes, including the compatibility of different hand shapes and the influences of hand shape on health and careers. It then examines the fingers and thumb in detail. Palmists look at the shape of the fingers, their flexibility and their position in relation to one another and make predictions about an individual and their compatibility with others. This examination is followed by looking at the 'mounts' (the fleshy pads on the palm) and their predictive power and then studying the lines on the palm (an important aspect of palm reading but not the sole element, as suggests by popular myth). By pulling all these aspects of palm reading together this book will enable you to start drawing up predictions from studying palms. To help you the book is heavily illustrated with diagrams and photographs.

Palmistry Peter Hazel, 2001 Your hand is a map reflecting your personality, your past, and your personal potential. This book's unique illustrated and interactive format is designed to give you instant access to the ancient art of palmistry. As you answer a series of simple questions, you'll discover how easy it really is—even the novice can begin reading hands immediately! You'll learn how to interpret the length of the palm and fingers, the four hand types, thumbs, marks on the fingers, the lines, fingernails, the mounts, timing in the palm, and even the meaning of rings. Palmistry Quick & Easy also includes information not found in other palmistry books. Notes for lovers, parents, managers, and astrologers will add depth and additional insights into the important relationships in your life. Without saying a word, your hands speak volumes about your personality. For example, the shape and size of your hand can help you gain insight into your strengths and weaknesses. Do you have a long palm with long, slender fingers? If so, you have a water hand, which means you are a sensitive, sympathetic, and intuitive person who probably relies on emotions to make decisions. You may have to be careful of being overly self-critical. Do you have a short palm with short fingers? Then you've got an earth hand, and you are practical, reliable, and productive, although you may have to watch out for becoming too single-minded or authoritarian. Palmistry is also fun—in any social gathering, mention that you read palms and you'll soon have a crowd of people eager to find out more about themselves. Palmistry Quick & Easy is just that: quick and easy. With its detailed question-and-answer format, you'll gain a deeper understanding of yourself and the people around you—just by listening to what their hands have to say.

Palmistry, a True Science Anu Venkat, 2002 The book PALMISTRY, A TRUE SCIENCE, is a carefully compiled book which contains 13 theories, 210 sketches of lines of the human palms, 64 case studies, 61 clearly and uniquely taken palm impressions. Ever since the origination of this subject, this is the first time that the human palms have been thoroughly analyzed with reference to both the palms. For the author, the left hand and the right hand of 1000's of cases functioned as one whole comprehensive unit to enable him to compare the structural inter-relationships between different lines. The net result was that he could decipher the differences in dimensions between the left and the right palms such as - difference in lengths, slope, shortness, direction, location, fading characteristics, whether present in one or both the palms etc. The above aspect in his approach to the research was aimed at finding just the structural aspects of the lines on human palms. The other side of the coin is to relate the functions (events, diseases and temperaments) to the line patterns already discovered by the author. For this part of the research, he had to employ sophisticated techniques that only an investigator, a logician, an analyst or a statistician could have employed. In other words, the author employed some of the appropriate human qualities such as tact, wildest imagination, deep analytical power, trial and error method, wild guesses and compilation techniques so that he could bind together all the varied

structural and functional extravaganzas present in the hands of his innumerable clients, into cohesive, presentable as well as verifiable rules and theories. Keeping in mind the vast dimension of this great science, the author could accommodate only 3 functions [MONEY and BUSINESS, JOB/CAREER and OVERSEAS TRAVEL / STAY] in this book. His forthcoming books deal with other life events, diseases and human temperaments. This book boasts of so many firsts. To quote some examples: 1) No book has documented any provable, testable theories (13 in number) in such a minute degree. In the process, this book has secured an exalted status to PALMISTRY as a TRUE SCIENCE. It goes without saying that palm reading is a scientific exercise - on par with any other science. 2) No book has featured as many as 64 case studies, and 61 clear palm impressions (A very high number!! of real examples for a book of this genre--an all time record, all accommodated in just 250 pages 3) One among many highlights of the book is that almost all the palm impressions have been marked out and their corresponding function(s) indicated [A first-time-ever phenomenon] which enhances its authenticity as well as proves its scientific nature. 4) Genuineness of the whole venture lies in the fact that the whole edifice of this book rests on the solid foundation of real life events / diseases / temperaments of all his clients.[Principles, rules and theories -all derived from these real stories] 5) And the people, the world over, are going to be exposed to an entirely new subject, for the most part of the book (about 95%) is hitherto unheard-of. 6) Last, but not the least, this book has the great potential to spawn a new breed of researchers, as this subject has immense scope for further research. In a world of continuing research, even one discovery fetches world acclaim and recognition, one can imagine what lies in store for this book, which has innumerable discoveries dotting the entire book. Dear Readers! Please watch out for NEW WINE IN A NEW BOTTLE. The author can be contacted through his e-mail: anuvenkat_25july@yahoo.co.in
